MUSTANG PROVES TO BE RIBBON WINNER

(Associated Press Local Wire)
CHICAGO, Nov. 23.—Aviator, a bony mustang pony from Nebraska, which hung its head as though he felt out of place with the thoroughbreds at the Chicago Horse show last night, was a blue ribbon winner nevertheless. In an exhibition of sensational riding, Miss Eleanor Getzenlander, 19, of Champion, Nebraska, negotiated every jump in the light-weight hunter class, and horse and rider jumped their way into the hearts of the 2,500 spectators.

Aviator came to Chicago in a flivver-drawn trailer, driven by Miss Getzenlander. He was not a show horse by any means, but he was decorated with a blue ribbon, a special award hurriedly voted by the Horse Show committee. The bay mustang cleared every bar by three or four feet. It took him so long to go up and come down that spectators were breathless. Miss Getzenlander introduced something new in riding, when she guided her mount with her left hand, using her right to hold her balance in the high leaps.

POISON LIQUOR IS FATAL TO TWO

(Associated Press Local Wire)
SPOKANE, Nov. 23.—The second death here in three days ascribed to poisoned liquor occurred in the hospital ward of the county jail last night. It was reported today Ed Lyons, 38, said to have been the son of a wealthy Colfax rancher, and a veteran of the World war, died in the jail ward after he had been removed there when nurses in a hospital where he was a patient had reported they were unable to control him.

Moll McNece, aged 40, was found dead in his bed in the county jail Monday morning. Jailers were informed he had been drinking heavily.

A third man is said to be in a critical condition from poison liquor in the hospital ward of the jail, with little hope held for his recovery.

CROWN SELF EMPEROR

(Associated Press Local Wire)
LONDON, Nov. 23.—A dispatch to the Evening News from Tokyo says that Japanese correspondents in Peking report that the northern generalissimo, Chang Tso-Lin, is now preparing almost openly to crown himself emperor. Coronation robes have been ordered from Soochow, where the best silk is obtainable. The Manchurian chieftain who heads the northern military alliance will proclaim his era "the military mountain era." He will rename China "the might expansive empire."

The throne of China became vacant on February 12, 1912, when the country became a republic although the East Manchurian emperor, Pu Yi, retained the title of emperor of the Manchurian imperial house up to November 5, 1924.

DEFENSE WINS

The defense in the mining case, Sanstrom against Thomson, which has been tried in circuit court this week, won the verdict of the jury which returned its decision this afternoon. The case is one in which the Sanstrom group is charged with the murder of a party in the Crow Creek district. Their claim overruled that held by the Thompsons who alleged that the Sanstrom party was making an effort to jump the election. The verdict was in favor of the Thompson group.
