When Lindy Flew Over Crater Lake

Photograph taken by Fred H. Kiser, authorized photographer for Crater Lake National park, copyrighted by Kiser's Inc., showing Colonel Charles A. Lindbergh flying across Crater lake on his trip from Portland to San Francisco.

GETS PICTURE OF LINDBERGH FLYING OVER CRATER LAKE

Fred H. Kiser, of Medford, has received from President Coolidge appreciation of a unique picture which combines Crater Lake with Colonel Charles Lindbergh's plane.

"The Spirit of St. Louis," Kiser sent the president the first print. "I happened to be down below the rim of Crater Lake making some animal pictures," Kiser said, after his return from Crater Lake, where he spent a season photographing Oregon's world wonder in many moods. "I was just trying to induce a chipmunk to look pleasant, please," when Lindbergh, all unannounced, swung over the lake. He was out to see the country, and without telling anyone about it, he had a look at Crater lake as he went by. Folks on the rim had a thrill, for he barely cleared the tree tops, then leaped over and away. He was so close the peo-

ple could see and recognize his features. I turned the camera quickly from the little squirrel to the great aviator, and felt I was helping make history when I got a perfect negative." E. J. Thomas and wife, of Roseburg, were at Crater lake when Lindbergh made the flight and saw the picture snapped. Mr. Thomas, who is motion picture machine operator for the Umpqua Amusement company, secured one of the beautiful enlarged pictures from Mr. Kiser, the picture being the same as the photograph above but greatly enlarged and colored in oil.

THREE THOUSAND PERISH IN FLOOD

ALGIERS, Algeria, Dec. 1.—Three thousand persons, including 250 Europeans, have perished in the floods in the Oran department. It was conservatively estimated today. The estimate was based on the latest advices from the devastated area in northwestern Algeria. Twelve thousand square miles of the most fertile territory in the department have been devastated. The flood now threatens the neighboring department of Algiers. The Shell river in the Orleansville region is rising rapidly. Certain sections of Oranville have been evacuated. The situation at Oran, Perregaux and Mostaganem is slowly improving. The weather has changed for the better. Communication, except by an airplane is still practically impossible.

TROJAN COACH IS PLANNING DEFENSE

LOS ANGELES, Dec. 1.—University of Washington's purple tomato, which left Seattle last night and will arrive here tomorrow, has caused Coach Howard Jones of the University of Southern California to break up the football squad and unbalanced the formation of six men on the forward wall. The S. U. Mentor with the powerful off-tackle drives of Louis Tereant and Captain Pat Wilson in mind, has been instructed to line his men up in the act of taking a firm stance when on the defense and instead of six, five men will have taken men in the front line. At Berkeley regular guard, who probably will be out of deal Saturday's game because of the pneumonia he received in the Notre Dame game, will be replaced by Cecil Holt. The Southern California offense

LEGALITY OF STATUTE TESTED

SALEM, Ore., Dec. 1.—Legality of statute whereby Clare A. Lee, state insurance commissioner, has denied application by the Northwest National Fire Insurance company for an agents license to be issued to Karl Herkins of Portland will be tested in court. The company has appealed to the circuit court for Marion county from the commissioner's decision. This was based on the ground that since the company already has two agents in Portland a third could not be appointed legally without the payment of a \$500 fee.

TOTAL ASSESSED VALUATION GIVEN

SALEM, Ore., Dec. 1.—The state tax commission announced \$952,565,916 as the total assessed valuation of all property in Oregon exclusive of public utilities. This figure is the total for the seventy counties as reported by the county assessors. Tax levies for 1928 will be based on this figure, which is an increase over the valuation of a year ago which was \$918,808,254.20. If the state prevails in the suit brought by the Western Union Telegraph company, consisting the valuation of \$1,500,000 fixed on its property, the total assessed valuation of all property in the state will be about \$1,124,000,000. The Western Union is attempting to have its valuation reduced by \$500,000. Exclusive of Western Union property in Oregon the assessed valuation of utilities is \$104,867,151.25.

PITT PREPARING MEET CARDINALS

PITTSBURGH, Pa., Dec. 1.—Pitt's gridiron stars of other days are to lend their aid in the task of keeping the 1927 Panthers on edge for their post-season battle with Leland-Stanford. The unbeaten Panthers, selected to face Stanford in the annual Tournament of Roses game at Pasadena, California, January 2, will oppose an all-star alumni aggregation in an exhibition contest December 10. In the alumni lineup will be found the names of some of Pitt's most illustrious football heroes of past days. Tommy Davies, all-American halfback of several years ago; "Doc" Hewitt, Howard Line, Bob Peck, Andy Gustafson, Charles Bowser, "Seeks" Whinsinger, "Red" Seitelson, "Horse" Chase and many others of Pitt fame are expected to appear in the game.

CHINESE GENERAL MARRIED TODAY

SHANGHAI, Dec. 1.—General Chiang Kai-Shek, former generalissimo of the nationalist armies, and Miss Soong, young Wellesley graduate, were married today. The couple were married by a Christian religious service and then by a Chinese civil ceremony. By the marriage General Chiang Kai-Shek became the brother-in-law of Madame Sun Yat-Sen, widow of the late Republican leader, Dr. Sun Yat-Sen, and T. V. Soong, Chinese financial exponent.

LOCKWOOD MOTOR CO. TO DESCRIBE NEW FORD FRIDAY

Roseburg will get its full description of the new line of Ford automobiles tomorrow. A public reception to be held by the C. A. Lockwood Motor Company is part of the national introduction of the new Ford models. In thousands of communities all over the United States tomorrow this new line of moderate priced light automobiles will be introduced to millions of people. The doors of the show-rooms are to be opened promptly at 8 a. m. and attendants will be on hand throughout the remainder of the day to explain the new and interesting features of the car which is expected to make a new chapter in automotive history. The new Ford cars are said to be the product of several years of study by Henry Ford and his engineers in the great Ford laboratories at Dearborn. Mr. Ford himself has announced that: "There is nothing quite like the new Ford car" and has stated that it will prove just as great a pioneer in the present field of low priced cars of quality as the famous model "T" was a pioneer in its field for more than nineteen years. Among the visitors to the reception tomorrow will be many city officials, executives of business, civic and professional organizations and other leaders in the life of the community, who have been specially invited. The performance of these new cars, it is said, will be startling when viewed in the light of automobile performance of the past. The C. A. Lockwood Motor Company has been notified by Ford officials at Detroit that the factories throughout the country are now preparing to produce the new cars in numbers exceeding even the tremendous production records achieved in the manufacture of the model "T" line. Company officials at Detroit also repeated their early announcement that production of the new Ford line will not make the model "T" line obsolete. The manufacture of new parts for model "T" replacements will continue to be an important factor of the Ford plant as long as any of the model "T" cars are still in operation, the C. A. Lockwood Motor Company is advised. Because of this policy present owners of model "T" Ford cars will be able to keep their cars in perfect order as long as those cars remain in commission.

PATRONIZE NEWS-REVIEW ADVERTISERS

petroleum institute have been circularized from New York by a group that is opposing the reelection of Sinclair and Doheny. Doheny will probably decline reelection to the board of councilors, who make the nominations at whose meeting the fight will be made. The Times says, but friends of Sinclair will probably make a fight for his reelection.

COLORADO COAL MINES OPENING

DENVER, Colorado, Dec. 1.—With Colorado coal production increasing and practically all mines in the northern fields ready to reopen today under protection of the Colorado National Guard, operators generally forecast a normal output within a short time and probable collapse of the strike called October 18, last. All operating mines in the state again reported increased crews working Wednesday with coal production at the Colorado Fuel and Iron properties in the Walsenburg district past the 75 per cent normal mark while the Trinidad section continues on a normal scale. At the Columbine mines in the northern field, scene of a battle between state police and strikers last week in which five miners were killed and a score injured, the Columbine crew Monday reopened with 102 men, increased to 150 Tuesday and passed the 200 mark Wednesday.

MAY NOT RE-ELECT DOHENY-SINCLAIR

NEW YORK, Dec. 1.—The New York Times says that an effort to block the reelection of Harry F. Sinclair and E. L. Doheny as directors of the American Petroleum Institute because of their connection with the government oil lease scandal will come to a head at the institute's annual meeting in Chicago beginning Tuesday. Prominent members of the pe-

MEDFORD WOMAN DIES IN WRECK

CHICO, Calif., Dec. 1.—Mrs. Rosanna Hubert, 51, who was killed in an automobile accident near Stockton yesterday was prominent in women's club circles here and throughout the Sacramento valley, and was well known in Medford, Oregon, where she for a time operated the Pelican Inn. Mrs. Hubert owned the Colonial clubhouse here, and formerly owned the Shotover Inn, at Hamilton City. Mrs. Lea Weimach, also injured in the accident, is Mrs. Hubert's daughter. Mrs. Earl McLain, lives here. Mrs. Hubert also is survived by two sisters, Mrs. John Dravis of Medford, Oregon, and Mrs. Eva Harlan of Susanville and a brother, Emil Feltz of Susanville. A. H. Gelston, driver of the auto-

Goitre Reduced Five Inches And Health Improved for Spokane Lady.
Mrs. Bertha Lundberg, E. 2607 7th Ave., Spokane, Wash., says in her own home paper, the Spokane Chronicle: "Since using Sorbol Quadruple, a colorless liniment, a short time my goitre is gone. My eyesight is good. I sleep nights and feel like I did before. Will tell or write my full experience."
Write Sorbol Company, Mechanicburg, Ohio. Sold at all drug stores. Locally at Nathan Follierton, druggist. (Adv.)

CAR INSPECTOR IS ACCIDENTALLY SHOT BY SON

DALLAS, Ore., Dec. 1.—Charley Lane, car inspector for the Southern Pacific, was accidentally shot in the back at his home near Black Rock Wednesday afternoon by a .22 calibre special rifle in the hands of his youngest son. The wounded man was brought to the hospital by a gasoline speeder. An examination revealed that the bullet had lodged against the spine and he is paralyzed from the waist down. One lung is believed to be punctured.

The Myers power spray pump runs in oil so that every part is well lubricated. Unscrewing one tap lets you into all the valves. See this latest improvement in spray pumps at Wharton Bros.
