Advertisers Give Information

You want a home of your own—everybody does. You want to know about the cost or how to finance the building. Perhaps you want to buy the lot, or it may be to inquire about the furnishing of a room. Just ask the advertisers—they'll know.

BUILDING AND REAL ESTATE PAGE

Figure It Out For Yourself

The chances are good that if you have been keeping house in an apartment or a cottage you have paid out enough in rentals since you have been married to have built a good home, and you don't have a thing in the world to show for it. Just figure it out.

DISCUSS FOREST PATROL

(Associated Press Leased Wire)

SALEM, Ore., Dec. 3.—Patrol of forest lands in northern Klamath county will be discussed at a conference here Tuesday between Jacob F. Kimball of the Klamath Forest Patrol association and officials of the forest service.

J. H. Haner of Bend, secretary of the Walker Basin Protective association, also is expected to attend.

MONTAG

COLONIAL Ranges

Always a step ahead

Always a step ahead of the times, the new MONTAG models are marvels of the range-maker's handicraft. Beautifully finished in the new Santone, gray or white enamel, with durable nickel trimmings, these ranges decidedly enhance the appearance of any kitchen.

MONTAG Ranges are distinctly a Western product, manufactured in the West by men who have made an intensive study of our particular fuel conditions.

It is not possible to enumerate the many innovations introduced in this year's new styles, but a visit to our Stove Department will prove a delightful surprise to you.

Solve your cooking problems by the simple expedient of placing a MONTAG Range in your kitchen. From that moment you will no longer "hate cooking." And when the family joins in saying "Mother, this is the best pie in the whole world," you will realize that the slogan, "The Choice of Western Cooks," is not a mere catch phrase.

"CRIME TRUST" IN CHICAGO SOUGHT

(Associated Press Leased Wire)

CHICAGO, Dec. 5.—Loot valued at $3,700,000, stolen during the last year by a highly organized "crime trust" today was the object of an intensive search by police of this and other midwest cities.

The kidnaping and subsequent release of Morris Rolsnor, of St. Paul, Minn., led to revelations of the activities of the "crime trust." Rolsnor was kidnaped by gangsters last Thursday and held until Saturday for $75,000 ransom.

Rolsnor had been tortured but was released; he said, when his captors learned the police were on his trail. Several reputed members of the gang were arrested after he told his story. A score more are being sought.

The kidnaped man and Charles Grosscurth of Chicago, his associate, according to officers, were known to the gangsters as men who had handled more than $2,000,000 worth of bonds and negotiable securities stolen from banks in all sections of the country. Stolen jewels, valued at $700,000 were also disposed of to them, the police said.

Abe Ginsberg, Minneapolis, who acted as the go-between in negotiations between Rolsner and the kidnapers, was held for further questioning.

REEDSPORT MAN GETS CRUSHED FOOT

Held a prisoner for over an hour at the end of an unloading boom sixty feet in the air when a cable crushed his right foot was the experience Monday evening of Harry Marks, business man, says the Port Umpqua Courier. Mr. Marks had climbed to the top of the pole to repair a broken goose-neck when the huge frame-work swung and the cable tightened and caught his foot.

The pressure caused by the weight of the huge bucket could not be released although companions worked frantically for over an hour to release him. From 5 o'clock until a few minutes after 6 o'clock Martin Kennedy, Daniel Wright and Charles Walls battled against heavy odds to get the frame work of the unloading pole and the bucket lightened in order to rescue the man. Medical aid was summoned and every attention was given to aid Mr. Marks.

An x-ray picture disclosed that the foot, although subjected to tremendous pressure, was not mangled to prevent recovery. The third metatarsal bone was badly crushed and it will be several weeks before Mr Marks can use the injured foot.

He was taken to his home on Smith River Monday evening.

ITALIAN CHOIR MISSES THE WINE

(Associated Press Leased Wire)

LOS ANGELES, Calif., Dec. 3.—Because of a lack of good wine an abrupt termination of the American tour of the Florentine choir, famous Italian musical organization seemed impending today.

A telegram dispatched by this choir last night to their impresario, Frank W. Healy of San Francisco, while lauding their treatment at the hands of American admirers, and acknowledging "with the greatest gratitude the compliments which have been paid their art," insisted that "we must have our wine as we have suffered long and what little we have had has been decidedly inferior."

Members of the Florentine choir, said to be the oldest musical organization in its native land, said that unless they were supplied with wine of good quality they probably would abandon their remaining schedule of their transcontinental tour and return to Italy.

Have you seen our assortment of Xmas announcements? If not, drop in and look them over. We have a splendid line—both printed and engraved. News-Review job printing department.

DEMOCRAT WILL PRESENT A PLAN

(Associated Press Leased Wire)

RALEIGH, N. C., Dec. 5.—Senator Simmons of North Carolina, ranking Democrat on the senate finance committee, is considering offering an amendment to the new tax bill "circumscribing the powers of the treasury and providing that refunding of the public debt shall be limited to sums set apart for that purpose by congress."

"The authority which the treasury has exercised in previous years to use any surplus is derived from an old law," he said upon his departure for Washington. He contended that treasury surpluses should be employed to lighten and that the public debt should not be retired in less than 25 years pending in the legislation.

NOT DAUGHTER OF HALDEMAN-JULIUS

(Associated Press Leased Wire)

KANSAS CITY, Dec. 5.—The Kansas City Star says that Mr. and Mrs. E. Haldeman-Julius, who were remarried here Saturday at a Unitarian ceremony similar to that used at the recent companionate marriage of their daughter, plan to move their publishing plant from Girard, Kansas, to Freeport, Ill.

The Star printed a statement from the publisher and author in which he said "studied unfriendliness of Girard residents," caused him to seek a new location for his plant.

The statement from Mr. Haldeman-Julius, who married Aubrey C. Roselle, on a companionate basis, was the daughter of a Kansas coal miner. He said that while Josephine had been given the family name she was not formally adopted.

He contradicted a recent announcement by Mr. Haldeman-Julius that he married Anna Marcet Haldeman in 1916, and that Josephine who is 18 years old, was their child.

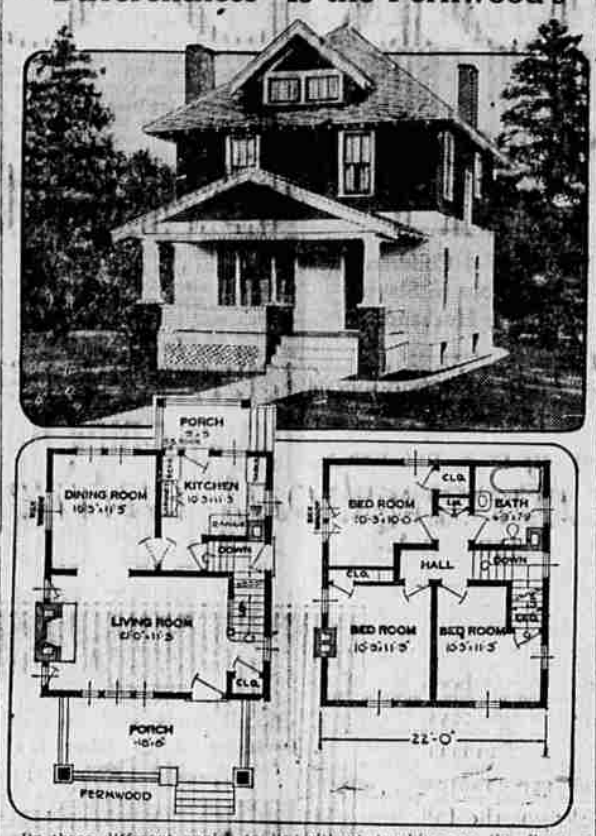
"Differentness" Is the Fernwood's



By three different angles to its roofs and by combining wide brown and cream boards in its construction "The Fernwood" achieves a pleasant differentness in its home-like, substantial appearance.

Its 21-foot living room has a wide, deep fireplace at one end, flanked by windows on either side, the perfect setting for cozy looking bookcases and easy chairs.

In the kitchen a new feature appears—an outside door to the ice compartment of the refrigerator. The ice man can insert the ice without tracking up the floor, a welcome boon to the meticulous housewife.

While the front porch of "The Fernwood" allows space for all the family to get a breath of air, it is the back porch, with its privacy, that is more intriguing. This one is roomy for a moderate sized house and to allow its space to be used to advantage, has steps leading down one end.

For further information about it, write the Standard Homes company, Colorado Building, Washington, D. C.

YOUNG HUSBAND OF EX-KAISER'S SISTER INJURED IN WRECK

(Associated Press Leased Wire)

GODESBURG - ON-RHINE, Germany, Dec. 5.—Alexander Sudkoff, 27 year old Russian, who recently married the 61 year old sister of the former kaiser, Princess Victoria Schaumburg-Lippe, fell from his motorcycle today, injuring his head. The accident occurred as he was about to start on a ride. He was brought to a hospital here. It was feared that he might have been injured internally.

Don't put that order off for your Xmas announcements another minute. Drop into the News-Review office and place your order. This is a nice way to remember your friends—as well as most inexpensive.

FOUR WOMEN ARE KILLED IN FIRE

(Associated Press Leased Wire)

ST. LOUIS, Mo., Dec. 5.—Four women were known to have been killed and seven persons dangerously injured in a fire early today which destroyed the rear section of the Buckingham Hotel annex with a loss estimated at $170,000. Police feared other bodies were in the ruins.

The dead: Mrs. Luther H. Conn; Miss Bessie Groat, 33; Miss Marie L. Susanka, 45, and Miss ——— Fraser, a teacher.

Three nurses, three of whom jumped from windows on the fourth floor, were in a critical condition. They were Miss Myrtle Morris, 39, Miss Alice Cresham, 34, and Miss Bertha Lee, 21.

There were 118 guests in the two sections of the annex when the fire was discovered shortly before 3 a. m. Many ran to the street in night clothing. Others had to be rescued from their rooms by firemen who used gas masks because of the dense smoke.

Among those sleeping in the hotel were 32 girls, pupils at the central institute for the deaf. They were led to safety.

Call at the News-Review office for your Xmas cards. A fine line to select from.

SMALL NUMBER OF LICENSES ISSUED

(Associated Press Leased Wire)

SALEM, Ore., Dec. 5.—With a congestion of applications looming up for the first of the year Secretary of State Kozer is lamenting the fact that less than 7,000 of the approximately 245,000 motor vehicle owners in Oregon have so far sent in their applications. No greater number has applied, he says, than on the corresponding date a year ago, although there are 12,000 more car owners in the state. Beginning today the new license plates will be delivered over the counter to those who make personal application, both at the main office in Salem and at the branch office in Portland.

LOANS

We will loan the money to build your home and you can pay it back like rent. We also make loans on city and country property.

Our loans are on definite plan from one to ten years and can be paid at any time. When you have made the payments as agreed the loan is cancelled and is not dependent on maturity of shares. You know just how much you have to pay and when your loan is paid.

We have the loan that gets you out of debt and helps you to save and own your home. It will pay you to see us if you want a loan.

BROCCOLI MEN AT MYRTLE CREEK WILL FORM POOL

Broccoli growers of the Myrtle Creek vicinity met at the town hall in Myrtle Creek Saturday afternoon and formed a pool of their crop, and tentatively pledged 50 carloads of broccoli for shipment next spring, says the Myrtle Creek Mail.

Ray Allen was elected president of the pool, and E. V. Weaver, secretary-treasurer.

Ten growers entered into the pool compact, and others may sign up later.

The matter of adopting the proposed crate was quite thoroughly discussed, but no definite action was taken.

W. A. Baum, of Garcia & Maggini Co., San Francisco produce dealers, and Foster Butner, of Roseburg, were present and entered into the discussions incident to the formation of the pool and the marketing of the crop.

No agreement was made by the growers at the Saturday meeting relative to the selection of a marketing agency. Garcia & Maggini Co. handled the output of this pool last season.

UMPQUA RIVER IS ALLOTTED $446,000

(Associated Press Leased Wire)

WASHINGTON, Dec. 5.—A limit of $55,886,310 was placed today by the army engineers on the amount which could be profitably expended on the ordinary development and maintenance of the nation's waterways during the year beginning next July 1, exclusive of any special appropriation that may be made for flood control.

At the same time Major General Edgar Jadwin, chief of the engineers, disclosed that at the beginning of the current fiscal year, July 1, 1927, there was an unexpected balance on hand of $66,875,949 which had been made available for improvements and maintenance of rivers and harbors.

The total of $55,886,310 recommended for next year does not include the $10,000,000 which is allotted each year for the Mississippi river commission, but it does include an item of $2,000,000 which would be used for various general surveys as a part of a continuing program of research work into the ultimate possibilities of waterway resources which last year carried a volume of traffic amounting to 1,091,632,365 tons.

The detailed allotments for western states included: First Portland district: Coquille river $11,000; Coos Bay $386,000; Coos river $3,000; Umpqua river $446,000; Siuslaw river $10,000; Yaquina bay and harbor $5,000; Tillamook bar and bay $15,000.

Second Portland district: Columbia river and lower Willamette river $875,000; Clatskanie river $6,300; Willamette river above Portland and Yamhill river $47,000.

FAMOUS GOLFER A DEATH VICTIM

(Associated Press Leased Wire)

MEMPHIS, Tenn., Dec. 3.—Charles Oscar Pfeil, Memphis architect, for many years a leading executive in American golf, nominee for the presidency of the United States Golf association, died here last night, following an extended illness.

The nomination to head of the U. S. G. A., news of which reached him on what proved to be his death bed, granted him the distinction of being the first westerner to achieve this honor.

He served as senior vice president of the U. S. G. A., for three years. Before that he was president of the Western Golf association. At various times he had been an officer of the southern, vice president of the western and executive committee of the United States Golf associations. He was largely credited with healing several rifts between the western and the American governing bodies of golf.

TRANSFER INSANE PATIENTS

(Associated Press Leased Wire)

SALEM, Ore., Dec. 3.—The transfer today of 104 patients from the Oregon State hospital for the insane here to the Eastern Oregon hospital for the insane at Pendleton swells the population of the Pendleton institution to 1036, which is the first time it has exceeded 100. The number of inmates in the Salem institution is reduced by the transfer to about 1800.

Indications are that the population of the state penitentiary will soon reach 650, which will be in excess of the capacity of the institution, even with some of the prisoners "celling" together. The present population, Superintendent Henry W. Meyers told the board of control today, is 626.

TINKERING WITH FOOTBALL RULES HAS BAD EFFECT

(Associated Press Leased Wire)

CHICAGO, Dec. 3.—Thru their new organization the Western Conference Football Coaches, the gridiron mentors today sent word to the national rules committee that they were not in favor of any more tinkering with the football rules, and, it was added, if any changes are decided upon at the New York meeting later this month, they ought to be held up for one year so the coaches, especially the officials, will have a chance to find out what they are all about, before they are confronted with new plays and new situations.

The nearest the coaches come to agreeing upon a recommendation for a change was the 5 to 4 vote which turned down the suggestion of Coach Robert Zuppke of Illinois, that the goal posts be moved back to the goal line.

The Southern California-Notre Dame dispute came in for some discussion and the coaches agreed that there was need for clarification of the rule on a loose ball in the end zone or outside.

The Illinois carnival, premier indoor relay meeting of the country, was moved a month later, to March 17, in order to accommodate eastern entries. Kansas and Ohio open the mid-west outdoor relay program on April 21. Drake and Penn hold their famous relay games a week later, on April 27-28.

The National Collegiate A. A. events were set for June 9 at Chicago a fortnight before the middle west Olympic tryouts at Iowa City. Heavy track schedules were signed by all the conference schools, in view of the coming Olympic games.
