Final years and was one of the team's star players. He was selected for two years for the all-coast team.

Ben Larsen, principal of the Roseburg Senior High school, was a star player for three years with Linfield college and was an outstanding player during his years in school.

Ray Bell was a member of the Roseburg high school team last year and this year is playing with the O. A. C. rooks.

In reserve the Collegians have many well known and experienced players, including Dick Coen, former Stanford letterman, Dick Cochran, junior high school athlete coach and former University of Illinois player, George Webber, a member of last year's high school team, now playing with the U. of O. rooks, Wally Rapp, Ray Uet, Hugh Whipple and Lynn Beckley, all former high school stars, and Bernard Young, a member of the O. A. C. basketball squad. With a squad including such experienced players the Collegians will undoubtedly be able to give the Oregon varsity a real game, and spectators should see an exhibition that will well be worth the price of admission.

Coch Billy Reinhart is bringing eleven of his first string men to this city and will play his regular line-up. Millikan and McCormick will probably start at forward. Edwards, center, and Higgins and Bally guard. Higgins is the fast guard who has been high point man for the U. of O. in many of its games. Reynolds, Emmons, Chastain, Epps, Hummert and Eberhart will also probably be seen in action, as the players are nearly all of equal ability and frequent substitutions. Reinhart is able to keep a fresh team on the floor for the whole period. The game is to be played at the senior high school gymnasium and will start promptly at 8 o'clock.

1928 Essex 4-door sedan. Fully equipped, can't be told from new. Save \$150. Roy Catching Motor Co.

The plane in which she is flying landed at Love Field at 8:50 and took off at 9:17 a. m., after refueling and inspection. The next stop will be Muskogee, Oklahoma. The plane also will make a short stop at St. Louis.

Mrs. Lindy Back Home.  
ST. LOUIS, Mo., Dec. 28.—Mrs. Evangeline Lindbergh landed at Lambert-St. Louis field at 2:35 p. m. on her return flight from Mexico to Detroit.

**NO TRACE FOUND YET OF MISSING TEXAS COUPLE**

(Continued from page 1.)  
is now being conducted in Cook and Douglas counties, secured a medical examination for admission into the coast guard from Dr. Phil Kelsor at North Bend on the afternoon of the 28th. It was learned today. His wife was with him at the time.

Webb and his wife went to Brandon where he obtained a position at the coast guard station. Not having the necessary papers to complete the enlistment, Captain

Nutter, the officer in charge, sent the young man to the Charleston station to obtain the blanks, the officers have been informed. Webb secured these papers and obtained his examination from Dr. Kelsor and then either started back to Roseburg for his personal effects, as he had announced he would do, or started back to Brandon to complete his enlistment, the officers believe. After leaving North Bend the young couple left no trace, so far as can be learned. Officers are convinced that they met with mishap or foul play as no motive for deliberate disappearance can be found.

The young man was very anxious to find work and appeared to be delighted that he had found a position. The fact that he secured the necessary papers and had his examination would point to the fact that he expected to complete his enlistment and take over his duties. His wife had written her people regularly, almost daily, but her letters ceased suddenly after the 28th.

Her father, C. W. Myatt, of Abilene, Texas, arrived yesterday and is in Coos county aiding in the search for his daughter and her husband.

**SAYS BODY OF GIRL WAS NOT SYLVIA GAINES**

PORTLAND, Ore., Dec. 29.—Following announcement from Seattle that a motion for a rehearing in the case of Wallace Cloyes Gaines, convicted of the killing of his 22 year old daughter, Sylvia, had been filed there, it was learned here last night that the affidavit on which the motion is based was signed by Muriel French of Portland.

In the affidavit, signed several months ago, Miss French said the body found on the shore of Green Lake in Seattle was that of Julia A. Smith, of Portland, and not that of Sylvia Gaines.

Miss French told Portland police she had identified pictures of the body at the request of a Seattle attorney. She related that she had met Mrs. Smith in a local restaurant and had seen her but two times. Shown pictures of the body found on the lake, she said she immediately recognized it as that of Julia Smith.

Portland police questioned Miss French after a newspaper reporter tried to verify a report that Mrs. Smith was missing.

**ABANDON HOPE IN SEARCH FOR GRAYSON PLANE**

Little Coves and Inlets May Hold Secret of "Dawn" Disappearance.

**HEAR NO CALLS**

German Aviatrix Still Determined to Make Flight—Wanted to Go With Dawn.

(Associated Press Leased Wire)  
WASHINGTON, Dec. 29.—Having virtually abandoned hope for the missing Grayson plane, The Dawn, the destroyers searching northern waters for her expect to abandon the quest after today unless they find some trace of the lost aviators.

NEW YORK, Dec. 29.—Hundreds of little coves and inlets, along the coasts of Nova Scotia and Newfoundland were believed today to offer the only possibility that Mrs. Frances Wilson Grayson and her three male companions in The Dawn still survive.

Five destroyers, which yesterday combed 4500 square miles south of Sable island, today separated to cover a new area to the south and to patrol the north side of the island from east to west.

Commander H. R. Stewart, directing the destroyers, believed that today's search would eliminate the last of the area from which might have been sent the radio call which the wireless station on Sable island heard Sunday night, signed with the Dawn's call.

The possible tragic fate of Mrs. Grayson and her crew—Oskar Omsdal, pilot; Brice Goldsborough, navigator, and Fred Koehler, motor expert—has not dissuaded Thea Rasche, German aviatrix, from attempting a trans-Atlantic flight next spring.

Miss Rasche said that she had wanted to go with Mrs. Grayson as co-pilot, but was not given the opportunity. She said she would have undertaken the flight herself, however, perhaps with another woman as co-pilot, but with no navigator and mechanic.

She said she would use a seaplane built to survive rough seas if forced down.

Additional reports from persons who are certain they heard an airplane Saturday night and Sunday not far from Harbor Grace, N. F., brought faint hope to the searchers for The Dawn. Mrs. Grayson was bound for Harbor Grace when she left Roseville Field Friday evening. From there she intended to hop off for Creydon, England, with the first favorable weather.

W. J. Richards, a resident of the Avalon peninsula, on which both Harbor Grace and Heart's Content are located, said that while at a point six or seven miles north of Harbor Grace and five miles south of Heart's Content, at 10:45 Saturday night, he heard the exhaust of a plane circling at a height he estimated at perhaps 1,000 feet. Four others were with him, he said, and the wife of a hotel keeper where he was also heard the sound.

The Rev. Edward Bishop, an Anglican organist of Bouch Cove, 20 miles north of St. Johns, N. F., said he heard a plane Sunday noon. A telegram signed "Harbor Grace airport" reported that a plane was heard over Conception, near Harbor Grace, Sunday afternoon.

BOSTON, Dec. 29.—The last known direct radio communication with the missing Grayson amphibian biplane Dawn was made by Richard H. Blake, radio operator on the steam trawler Tide, at 7 o'clock last Friday night, he reported today when the vessel reached this port.

"We were lying in the south channel fishing grounds about 80 miles southwest of Highland Light, Cape Cod, at 7 o'clock Friday night when I picked up a call from the Dawn," he said. "The radio operator on the plane was trying to get his bearings and I answered his call and tried to assist him. We exchanged signals for 20 minutes and then the Dawn's signals ended abruptly.

"I tried to pick them up again for several hours but was unable to do so."

**MUSCLE SHOALS DOES NOT BELONG TO ALABAMA STATE**

(Associated Press Leased Wire)  
WASHINGTON, Dec. 29.—The claim of the state of Alabama to title to Muscle Shoals is without foundation. Assistant Attorney General Parker held today in an opinion submitted to Attorney General Sargent.

**SNOW IN PENDLETON**

PENDLETON, Dec. 29.—A light flurry of snow and colder weather greeted Pendletonians this morning. The mercury stood at 21 above zero last night and was at 22 this morning.

**NEW FORK LAKE DAM IN WYOMING BREAKS**

(Associated Press Leased Wire)  
ROCK SPRINGS, Wyo., Dec. 29.—The New Fork lake dam north of here and 25 miles north of Pinedale broke today and water from the dam is flooding an area six miles wide. About 7,000 head of cattle are in the path of the flood waters. The ranch of State Senator P. W. Jenkins also is in the path of the water.

Only hay and cattle are expected to be lost as the water is covering such a wide area. Loss of life is not considered probable. All cowboys in the Green river area have been called to ride into the water covered area to round up the cattle.

**TWO MEN FIGHT ONE IS KILLED**

(Associated Press Leased Wire)  
ENTERPRISE, Ore., Dec. 29.—Ferdinand Sanday, 32, of Flora, Oregon, is dead, and Bert Hopkins, is in jail today as the result of an altercation between the two men last night.

Officers who investigated said Hopkins was standing in front of the Sanday home talking with Sanday's sister when her brother came out and objected to her associating with Hopkins.

Hopkins surrendered to officers immediately after the shooting, and it was indicated he would plead self-defense.

**APPOINTED AS SENATOR**

(Associated Press Leased Wire)  
SANTA FE, N. M., Dec. 29.—Bronson Cutting, republican publisher of the Santa Fe New Mexican, today was appointed by Governor R. C. Dillon to fill the unexpired term of the late United States Senator A. A. Jones, democrat, who died last week in Washington.

Regarded as an independent republican Senator Cutting has not, however, been strictly a party man, having given support to congress.

John M. Morrow, democrat, and other democratic candidates in previous campaigns. He was treasurer for the progressive party state central committee from 1912 to 1914.

Senator Cutting is a graduate of Harvard University. He has been a resident of New Mexico since 1910.

During the world war he was commissioned a captain and made assistant military attaché at the American embassy in London. He was awarded the British military cross for his services.

**UMPUQUA CHIEFS ELECT OFFICERS**

The Umpqua Chiefs met in the Chamber of Commerce rooms last night and elected officers for the ensuing year. Those who will serve as leaders of this well known booster club are as follows: Walter Day, Chief Umpqua; Alvin M. Knutson, Chief Broccoli; Lyndon Spencer, Chief Chinook; H. C. Darby, Chief Petite; and H. S. French, Chief Big Timber.

The meeting last night was one of the most enthusiastic ones held during the entire year and the members have expressed a desire to go forward in 1928 and put Roseburg and Douglas county over in a big way. The Chiefs will cooperate wholeheartedly with the Chamber of Commerce and aid in all of its activities.

The annual Strawberry Carnival will be sponsored again by the Chiefs, the celebration this year promising to be one of the biggest ones ever held. It will be staged in conjunction with the state convention of the Odd Fellows.

The organization is also to aid in stimulating interest in the court house meeting to be held on January 21st, at which time discussion pertaining to the building of a new structure will be held.

**RUSS McMULLEN IS SENTENCED TO TWO YEARS**

(Continued from page 1.)  
loss. The furniture involved in the attempt to defraud, the officers claim, amounted to more than \$300. McMullen was taken into custody yesterday and the officers state that he has made a complete confession.

The crime which he is alleged to have committed is covered by a law passed in 1921, making it a felony to give a false inventory for the purpose of defrauding any corporation or organization. The penalty is imprisonment for from one to five years.

McMullen appeared this morning before Judge J. W. Hamilton, waiving grand jury indictment, and entered a plea of guilty, his attorney, Ray B. Compton, asking for leniency and a parole.

In passing sentence Judge Hamilton, after hearing the statements of the officers, stated that while the defendant claims the fire that destroyed his home to be an accident, the explanation was not satisfactory and that indications pointed to a much more serious crime than the charge of fraud.

Judge Hamilton also called attention to the fact that Mr. McMullen had recently been indicted on a charge of maintaining a nuisance, while proprietor of a beverage house, and that the indictment had been dismissed upon his promise to alter his conduct.

In view of his failure to do this, the court said, the leniency that could be granted would be because of the fact that a plea of guilty had been entered rather than causing the county the expense of a trial. After a scathing denunciation Judge Hamilton imposed a sentence of two years in the penitentiary.

McMullen will be taken to Salem tomorrow.

**CASE IS AFFIRMED**

(Associated Press Leased Wire)  
SALEM, Ore., Dec. 29.—The case of E. Henry Wenne company, of Portland, vs. Ben Selling and others trustees of the Wenne estate, was affirmed by the supreme court this afternoon. The opinion was written by Justice Brown. Justices Bean, Coshaw and Rossman concurred in the opinion.

**TOM WORD IMPROVED**

(Associated Press Leased Wire)  
PORTLAND, Ore., Dec. 29.—Condition of Tom Word, special agent of the United States Department of Justice and former sheriff of Multnomah county who underwent a major operation Wednesday, is said to be satisfactory today, with release from the hospital expected within two or three weeks.

**WILSON ESSAY CONTEST PROVES TO BE FAILURE**

(Associated Press Leased Wire)  
NEW YORK, Dec. 29.—A nationwide essay contest on Woodrow Wilson, in which 10,000 manuscripts were submitted, failed to produce any deemed worthy by the judges of \$5,000 in cash awards.

As a result the Woodrow Wilson foundation, which conducted the contest, announced that the two first prize of \$15,000 each and two second of \$10,000 each would not be given. The foundation awarded 14 third prizes of \$100 each and 20 honorable mentions, carrying \$20 each. The contest had called for 40 third prizes and 50 honorable mentions.

"No principal prize," said the report of the jury of award, "should in our opinion, be given an essay which is not, both in substance and in style, fit to be published without embarrassment and submitted to the critical judgment of educated men and women."

The jury of award consisted of George McLean Harper, Woodrow Wilson memorial professor of literature at Princeton University; Ray Stannard Baker, a Wilson biographer; John W. Davis, Walter Lippman, chief editorial writer of the New York World; Miss Marion Park, of Bryn Mawr College; Miss Ellen F. Pendleton, of Wellesley College, and William Allen White.

**STATE TEACHERS MEET IN PORTLAND**

(Associated Press Leased Wire)  
PORTLAND, Ore., Dec. 29.—The general assembly of the Oregon State Teachers' associations annual convention, opened today, following the election of officers yesterday afternoon for a meeting of two hundred accredited delegates. H. E. Inlow, superintendent of Pendleton schools, automatically became president, advancing under the organization's custom from the vice-presidency.

Miss Julia Spooner, Portland grade school teacher, was elected to the vice-presidency, defeating Brenton Vedder, superintendent of Clackamas county schools, after three other candidates had withdrawn their names.

Miss Spooner's election broke a precedent for heretofore only high school teachers and superintendents have held this office. She is nationally known for her work with the National Education association. Charles A. Rice, Portland school superintendent, and J. O. McLaughlin, Corvallis superintendent, were re-elected trustees, and E. F. Charleston was re-elected secretary.

In resolutions adopted, the association reiterated its stand for free text books in all state elementary schools and a federal department of education, and denounced the "resentment tendency of faculty in law enforcement." The work of state superintendent C. A. Howard was endorsed in another resolution.

The convention is meeting in the Lincoln high school auditorium.

**CANTON AGAIN BATTLE SCENE**

CANTON, Dec. 29.—The troops of General Li Chai-Sum arrived in Canton this morning and took over control of the city from General Li Fuk-Lam without incident.

The troops of General Li Chai-Sum who was in control of Canton until a coup d'etat on November 17, began patrolling the entire city. General Li Fuk-Lam's troops withdrew to Honam Island in the river opposite Canton.

The return of the troops of General Li Chai-Sum to control in Canton represents the fourth change in the control of the important southern city within the last few months which have been marked by much fighting and bloodshed. Early in December the communists in Canton drove out Chang Fak-Wei after much fighting and took over the reins of government. The communist rule, however, was short lived, since Chang Fak-Wei reconstituted his forces and drove the communists out after ruthless slaughter. Between 2,000 and 3,000 persons, including at least 11 Russians, were estimated to have been killed during the crushing of the communist revolt.

Meanwhile General Li Chai-Sum had been marching from Swatow, where he had been gathering his army, to recapture Canton.

General Li Fuk-Lam is a subordinate of Chang Fak-Wei.
