

A SOLDIER'S DECISION

Life involves the making of decisions. To avoid taking a stand often means cowardice and failure. Red-blooded men make determinations and abide by them. Caesar, marching toward Rome, came to the small river named the Rubicon. Its passage involved momentous consequences for himself and the history of Rome. At last, upon some sudden impulse he cried, "The die is cast," and immediately passed the river.

Long before Caesar's time a great general, leading the army of the Lord, called upon the people to make a great decision. But he announced his own first:

As For Me and My House, We Will Serve the Lord (Joshua 24:15)

Reader, have you made the great decision? The opportunity is being offered you nightly at the

AUTO THIEVES GIVEN HEAVY JOLTS BY JUDGE HAMILTON

J. B. Hutchinson and C. K. Wiegand each received a sentence of two years in the penitentiary Saturday evening when they pleaded guilty, before Circuit Judge Hamilton, to a charge of auto theft. The two men were in a group that stole a car in Roseburg on Friday. The car broke down near Wilbur and while Hutchinson was underneath making repairs, Deputy Sheriff Leas passed by in a stage on his way home to Oakland. Seeing the car beside the road and recognizing it from the description he had received a few minutes earlier, he stopped the stage and started back. There were four or five men standing around the car and all started to run when they saw the officer approaching. Hutchinson, however, was unable to get out from underneath the car in time to avoid capture, and he was taken into custody. A short time later Wiegand was arrested by the night officer at Oakland. The two men stated that there were five in the party and that it was agreed that a car should be stolen to provide them with transportation on the way north. Hutchinson and Wiegand claimed that they did not actually steal the car, but that they were picked up later. Wiegand asked for clemency, saying that he had a wife and baby in Washington, and that his wife recently became very ill and that he had sent her all his money, making it necessary for him to beat his way back to his home.

In passing sentence Judge Hamilton said that the prevalence of automobile thefts is making it necessary to impose heavier penalties upon those convicted of such crimes as at present the rights of auto owners to possession of their cars is so generally disregarded that the courts must of necessity make auto theft a crime for which the penalty will be sufficient to act as a deterrent.

HOOVER THROWS HAT INTO OHIO PRIMARY RING

committee, who conferred here Saturday with the cabinet member. "I have received, thru you and others," Hoover's letter said, "requests from very many republicans of Ohio that I permit my name to be entered in the presidential primaries of that state. I do so."

The secretary will retain his cabinet post and he indicated that he will not be able to make a personal campaign before the primaries. "My conviction that I should not strive for the nomination," he said, "and my obligations as secretary of commerce preclude me from making any personal campaign. I must rely wholly upon my friends in Ohio, to conduct it and to conduct it in a fair manner and with steadfast regard for republican success in the state and the nation. It is my special desire that expenditure of money shall be strictly limited and rigidly accounted for."

Willis Sure of Victory

Senator Willis followed the Hoover statement with one of his own declaring he was personally in no fear of the results of the contest now to develop.

"The people of Ohio know about my republicanism," he said. "I have been there all my life, and all my activities have been there. I have had a part in helping every republican. My measure and platform are well known. When the primary is over Mr. Hoover will know then whether these self-appointed friends of his who have dragged him into this contest apparently against his own wishes

SEATTLE CAR WRECKED BY HIT AND RUN DRIVER

A car occupied by Mr. and Mrs. F. Johnson and child of Seattle was wrecked just south of town yesterday morning when it was sideswiped by a hit-and-run driver, who, according to Mr. Johnson, was traveling at an excessive rate of speed. Mr. Johnson stated that he was traveling south and that the car coming from the south swung to the left side of the road on the turn, the rear fender catching the back of the Seattle car and turning it over into the ditch. The car rolled over twice and landed on its top. Mrs. Johnson received a minor cut on the leg, and the baby was slightly scratched. Messages were sent north giving a description of the car causing the accident, but apparently the machine was not located. Mr. Johnson said that he wanted to express his appreciation of the wonderful spirit of hospitality, courtesy and helpfulness shown him by Roseburg people following the accident.

INSANE KILLER LEADS PEN BREAK

(Associated Press Leased Wire)

BRIDGEWATER, Mass., Feb. 13.—Led by an insane murderer, liberated inmates of the Bridgewater state farm overpowered and killed two guards this morning and were only subdued after a force of more than sixty guards, state police and city police from Brockton had invaded the institution.

The slain men were Eugene Amlaw, night supervisor of guard, and Wilfred Gerroir, a guard.

A preliminary examination revealed that Gerroir, surprising the first man to make his escape as he attempted to hoist himself over a transom, was strangled to death by the prisoner, a maniac. The latter then liberated four other inmates, who waylaid Amlaw and clubbed him to death with the leg from an iron cot.

The remaining guards in the institution telephoned for help and then when the prison was surrounded by other officers rushed the five convicts and overpowered them.

A large crowd of life-long friends were in attendance. The numerous beautiful floral pieces banking the platform attested the high esteem and love in which he was held in the community. Rev. E. P. Runnels, of St. George's Episcopal church officiated and music was under the arrangement of Elsie Carter Strang. Interment took place in the Masonic cemetery.

GEOLOGIST COMING TO SUPERINTEND OIL WELL DRILLING

The annual meeting of the stockholders of the Oakland Oil company was held Saturday afternoon at Oakland, and was one of the best attended meetings the organization has ever held. The election resulted in returning all of the previous officers except for one change in the board of directors. F. W. Ashbaugh, of Dunsmuir, California, being named as a director. Reports were presented showing the work to be progressing in a very satisfactory fashion. Drilling has been suspended temporarily as it is believed that production is soon to be reached and the final stages of the operation must be carefully undertaken. C. C. Frislow, geologist from Globe, Arizona, who has become quite interested in the Oakland field, has been secured to superintend the finishing of the well and will arrive within a few days to take charge of the completion of the well.
