

# Control Scale— Spray with S-W Dry Lime Sulfur!

Buy the 25 lb. bag  
It's a convenient size to  
handle. No mess, no bother,  
It's economical too. Does not  
leak, freeze or deteriorate

**S-W Free-Mulsion for heavy infestations of San Jose scale**  
The trouble-free, soap-free oil emulsion spray. Mixes readily in hard or soft water and with S-W Dry Lime Sulfur.

### Easier to handle!

From Medford, Ore., JESSIE M. MINFAR writes:  
"We used your S-W Dry Lime Sulfur for the control of San Jose scale during 1926 and we were very well pleased with results.  
"We used your Dry Lime Sulfur again in 1927 at the rate of 60 lbs. to 200 gallons and our experience of the previous year was repeated. The material is much easier to handle, with less waste, than the liquid."

### Finds the powder a saving!

Mrs. D. W. LUKK, of Medford writes:  
"I used your S-W Dry Lime Sulfur last year for the control of San Jose scale and obtained very good results, in fact just as good as the liquid has ever given me. I used the strength recommended by the company.  
"The fact that I could find your material out in my car and that I could spray and had no barrels to return was a decided advantage to me."

### Not a Single Sealy Pear!

Mr. A. J. VOGLER, of Mt. Pleasant Orchard, Hood River, Ore., is a Sealy Pear grower.  
"Last year our company took over a 40-acre pear orchard at Grants Pass that was heavily infested with San Jose Scale. We sprayed the orchard with Dry Lime Sulfur at the strength recommended by the company and secured absolutely a 100% clean-up. We did not have a single Sealy pear in the orchard this year.  
"I have used Sherwin-Williams Dry Lime Sulfur for the past five years and I know it will do the work if properly applied."

### Secures 100% control!

Mr. W. E. SHERMAN of Hood River writes:  
"In the fall of 1926 I discovered that I had San Jose scale in my 40-acre apple orchard. In the spring of 1927 I applied a dormant spray of your S-W Dry Lime Sulfur, 25 lbs. to 100 gallons of water, with one hundred per cent control of the scale. I prefer using the material on account of time saved in applying the spray and had no trouble whatever in dissolving the same."

When you spray, spray for sure clean-up! S-W Dry Lime Sulfur is a certain control for San Jose scale and Blister Mite. Use it on apples, pears, prunes or peaches. Watch your better "pack-out" that results from this improved spray.

S-W Dry Lime Sulfur is made from a 33 degree Baume test liquid. A stabilizer is added to make it effective longer than the liquid. Read of the successful clean-ups these growers have experienced.

Its economy of use makes S-W Dry Lime Sulfur more profitable for you. Growers say it saves time in filling the tank, in applying. It cuts down trucking costs, saves returning "empties." Ask your local dealer how it will reduce labor costs. Order your requirements now.

### Powder form gives better control!

Just read of Mr. T. W. SCOTT'S success at Medford:  
"I have used Sherwin-Williams Dry Lime Sulfur for the past three years for the control of San Jose scale. I have been getting good results with 50 lbs. powder to 200 gallons of water and expect to continue using the Dry Lime Sulfur as my control of scale has been better with the powder than with the liquid.  
"I have experienced no difficulty in dissolving the material or of clogging strainers and nozzles.  
"It has been a convenience and a time saver and I feel the net cost is no more than the liquid."

### Uses S-W always!

Mr. J. D. SMULLEN of Parkdale, Ore., is enthusiastic:  
"I have used your S-W Dry Lime Sulfur for the past five years and have secured control of pests, using 50 lbs. to a 200 gallon tank. I consider it equal to the liquid and it saves considerable time in the orchard. I expect to use it again this coming season."

### The Spraying Guide

Write for the Sherwin-Williams Spraying Chart. It gives complete directions for control of all orchard pests.

## NORWAY AGAIN CHAMPIONS OF WINTER SPORT

Rugged Norsemen Successfully Defend Title in Olympics.

### U. S. IS SECOND

Band Becomes Breathless Playing Norwegian National Anthem During Prize Awards.

(Associated Press Leased Wire)  
ST. MORITZ, Switzerland, Feb. 21.—The rugged athletes of Norway have successfully defended their Olympic winter sports championship. The United States finished second and Sweden third.  
On the final day of competition the American contingent won the bobsleigh finals yesterday, William Fluke leading first place and John Heaton second. The sleds hummed over the ice at a sixty mile an hour clip.  
Heaton registered the fastest descent in a glide down the chute with a time of one minute, 38 7-10 seconds which is only ten seconds behind the world's record for the track held by Martineau of England.  
The others in the bobsleigh event finished as follows: Third, Paul Kilian of Germany; fourth, Grampa of Argentina; fifth, Hope, Argentine; sixth, Ernest Lambert, Belgium.  
In the figure skating championship for couples, the American team of Beatrix Loughran and Sherwin Badger placed fourth. The event was won by Mike and Gene Jolly and Pierre Brunet of France. Thirteen couples counted, Theresa Blanchard and Nathaniel Niles of the United States finishing last.  
Although finishing sixth among the nations in the meet, Canada had little opposition in scoring a decisive victory over Switzerland by 13 to 0 to become the Olympic hockey champion.  
By defeating England 3 to 1 yesterday, Sweden became the European hockey champion and acquired second place in the Olympic hockey final standing.  
For the meet, Finland, which had been the runner-up in the previous Olympic competition, was 21-Olympic winners in the win relegated to fourth place while Austria was fifth.

ST. MORITZ, Switzerland, Feb. 21.—The winter sports carnival just closed were crowned champions and awarded medals at an impressive ceremony in St. Moritz Stadium last evening.  
Members of a brass band became breathless playing the Norwegian national anthem six times. "The Star Spangled Banner" and the national tunes of Sweden and Finland twice. The crowd, headed by Joy and the starlet, Pierre Brunet of the French Olympic committee to the presidential stand. The band struck up the Marseillaise. Ear-busting, heart-rendering noises resounded. The spectators gasped, then smiled and finally snuggled.  
"Can't you play the Marseillaise?" Frank Teichel, secretary of the French Olympic committee belted at the bandmaster.  
"It has been so long since you have won an Olympic event we had forgotten it," replied the Swiss-German bandmaster blandly.

OFFICERS OF DEFUNCT  
PORTLAND, Ore., Feb. 21.—James P. Cooke, Charles S. Goodwin and Howard F. Philbrick, officers of the defunct brokerage house of Overbank & Cooke, indicted last night on charges of larceny by bailee, will be arraigned in circuit court Thursday. Deputy District Attorney Brown announced this today.  
Arraignments had been planned for today, but Cooke, who has been ill for several weeks, could not appear in court.  
Defense attorneys have stated that plans of not guilty probably will be entered.

A FULL DINNER PAIL IS FARM RELIEF TOPIC  
WASHINGTON, Feb. 21.—A clash between committee members over the full dinner pail or lack of it, marked the house agriculture committee's hearings today on farm relief.  
The Edgar Wallace of the American Federation of Labor was endorsing qualification fee principle, Representative Ketcham of Michigan, Republican, and Kinchloe of Kentucky, Democrat, engaged in a political encounter.  
The exchange was precipitated when Wallace asserted forty per cent of labor in the United States was unemployed.  
"Then you don't believe there is a full dinner pail at present?" asked Kinchloe.  
"No, there aren't full dinner

## Umpqua Brand Chick Starting Feeds

The first three weeks of a baby chick's life are its most important. Unless you have feeds that are carefully blended and mixed with utmost care from the finest of materials, much of your time and money will be wasted.

Our feeds are built on tried tested formulas, nothing but clean products are used, and they are mixed with a degree of carefulness seldom equaled.

Two complete methods of feeding. All-mash or Chick feed and Chick mash systems.

Ask for our booklet on the Starting of Baby chicks, it costs you nothing and it contains many useful ideas. This booklet was written by a successful poultryman in our own community.

If you are planning on raising baby chicks send for this booklet as soon as possible. It's worth your while.

### INSTITUTE FOR HOME MAKERS BE HELD MARCH 14-17

Women's Clubs and Home Economics Departments of Granges Aid in Plans.  
The home-makers' institute recently announced by County Agent J. C. Leedy for March 14 to 17 is to be held at the Presbyterian church and will have the support of the women's clubs of the city. Mr. Leedy states. This institute is sponsored by the extension department of the state college, working in conjunction with the county agent's office and with the endorsement and support of the women will undoubtedly be a great success.  
The purpose of the institute is the dissemination of information concerning the home, all angles of home management, and activities being considered by experts in each line. All women will find these meetings to be of great interest and benefit as they will provide information that will make the home work easier and will give hints regarding health, care of children, household management, gardening and many other such subjects in which the women find interest.  
Mrs. C. S. Heinline is cooperating with the program committee in providing music for the various sessions, and there will be much entertainment interspersed with the various lectures.  
The first meeting will be in the afternoon of Wednesday, March 14, and will be largely in the form of a club conference. Mrs. Sadie Orr-Dunbar, president of the state

federation of women's clubs will be the speaker, the local clubs will be having a part in the program. Thursday, Friday and Saturday there will be programs morning and afternoon, the morning sessions being from 9 to 12 o'clock and the afternoon meetings from 1:30 to 4 o'clock.  
In addition to support from the local clubs Mr. Leedy reports that cooperation is being given by the home economics department of the various granges, so that it is expected that there will be a large attendance from the neighboring communities. The grange is to be further represented by the appearance of the South Deer Creek Orchestra on the Saturday afternoon program.  
Among the speakers who will be present for the institute are:  
Mrs. Jessie D. McComb, state home demonstration leader; Mrs. Sadie Orr-Dunbar, past president State Federation Women's clubs; Dr. Kate W. Jameson, dean of women, Oregon State College; Miss Lucy A. Case, Nutrition specialist; Miss Ruth B. Glasgow, director physical education for women, O. S. C.; Mrs. Sara Prentiss, Prof. in household administration, O. S. C.; J. F. Drumbaugh, Prof. of physiology, O. S. C.; A. L. Pock, Prof. landscape gardening, O. S. C.; J. Leo Fairbanks, Prof. of art and architecture, O. S. C.; G. V. Cobson, Prof. of bacteriology, O. S. C.; J. R. Jewell, dean of the school of vocational education, O. S. C.

### OREGON BEATS GONZAGA

SEATTLE, Wash., Feb. 22.—University of Oregon defeated Gonzaga here last night, 53 to 42 in a fast and oft-times close basketball game that had no conference bearings. With Oregon leading 29 to 19, at the half, Gonzaga tied the score once. Hildings and Chartain starred for the Web footers and Menaglio and Leveaux for Gonzaga.  
Benjamin Franklin is said to have arrived in Philadelphia under a large loaf of bread tucked under his arm.

# SHERWIN-WILLIAMS SPRAY MATERIALS

### SOIL MEETINGS WILL BE HELD DURING THIS WEEK

A series of soil meetings, sponsored by Douglas county Pomona grange, have been arranged for the last days of this week. The grange at its recent meeting, in which the county program was outlined, provided for these meetings, the extension department of the state college, working with the county agent's office, cooperating in putting on the programs. F. E. Price, soil specialist, will be present and will lead the discussions of problems dealing with soil management and maintenance of fertility. Those interested are asked to bring soil samples for acidity tests. The meetings are to be held according to the following schedule:  
February 23, 2 p. m., Looking Glass grange hall; February 23, 8 p. m., South Deer Creek grange hall; February 24, 2 p. m., Kelley Korner, Evergreen grange hall; February 25, 8 p. m., Youcalla, I. O. O. F. hall; February 25, 10 a. m., A. H. Butler farm, Elkton.

### BANDIT BURNED BODY OF VICTIM

(Associated Press Leased Wire)  
MORRISTOWN, N. J., Feb. 22.—Robbery was followed by police today to have been the motive for the burning to occur Monday night of a woman whom they identified as Miss Margaret Brown, 40 years old, employed until that morning as a governess in a home on fashionable Park Avenue, New York.  
Fred Korf, lieutenant of detectives of Morris town, said that when Miss Brown left the home of her employer, James P. Gilchrist, she had with her \$5,000 in bonds and \$1,000 in cash. No bonds or cash was found in the woman's clothing.  
Korf said identification had been made by Miss Mary Brown, a sister of Fort Lee, N. J., from descriptions of the dead woman's clothing, a watch and a scar on the foot.  
The detective advanced the theory that the woman had been attacked and robbed in New York and brought to New Jersey in an automobile. The woman, her clothing soaked in gasoline and kerosene, was found by a motorist on the road between Morrisville and Morris town. She died at a hospital early yesterday.

### CRASH FATAL TO ONE

(Associated Press Leased Wire)  
TUCSON, Ariz., Feb. 22.—Miss Mabel Auble, Tucson school teacher, was killed and Edward Griswold, a student pilot and brother of Washington, was seriously injured when their airplane went into a spin and crashed from 700 feet high Tuesday.

### JIMMY STARTS HOME

(Associated Press Leased Wire)  
NEW ORLEANS, Feb. 22.—Jimmy Walker, mayor of New York, and ex-officio king of the 101st Mardi Gras of New Orleans, packed his wardrobe trunks today to start home by easy stages. He has a speaking engagement at Mobile tonight, a three-hour visit with Atlanta friends booked for tomorrow with a final southern appearance at Winston-Salem, N. C., Friday when he will speak again.
