the latest deal that sends Burleigh Grimes to the champion Pirates in exchange for Vie Aldridge,
the Hoosier school master.

The Glants have taken their
plare of "rkling," over the Hornby deal and one of the smembled
critices Saturday was bold enough
to inquire whether "Charley Stoneham had taken John McGraw into
his confidence" in trading Grimes.

Perhaps the explanation is that
the Glants prefer a curve-ball
pitcher who writes his own newpaper stuff to a spitchall heaver
with temperament.

Otherwise surface appearance
all are in the Pirates' favor, for
Glanta had by far the better record of the (wo last year.

Both Aldridge and Grimes have had erratic and checkered careers under various banners. The Hoosier schoolmaster was careers uno... careers uno... Hoosier The Hoosier schoolmaster was both a hero and goat in the 1925 world's series with Pitisburgh. Vic won his first two starts against the Senators. So did Walter Johnson and the setting was half for a dramatic tussle when they hooked up in the seventh and deciding battle in the fog of Forhes Field. But Aldridge "blew up" in the first unling, let in four rans with his wildness and passed unceremoniously from the picture. Old Barney stuck it out in spite of the terrific hitting off his delivery, but was beaten and also lost the chance to join the immortal few who have three triumphs in one series to their credit.

The trading of Aldridge marks the passing from the Pirate fold of the last of their 1925 world's

There will be room for more sprinters, however, than any other Olympic specialty because 12 will be needed to fill the entries for the 100 and 200 meter dashes as well as the 400 meter relay race.
