

Can a Woman Really Love Two Men?

A BEACH. Two young men and a girl—a girl with a lovely, young figure, dark, soft-curling hair, a mouth made for kisses. Weeks before, Stanley and Lawson, lifelong pals, had looked into her starry eyes and each had fallen secretly, madly in love. Now they meet again.

Stanley: Congratulations, Lawson, old boy. Patricia has just consented to be my wife.

for many days past, torture him—fill him with an agony of longing. If only—

The next moment he is holding her in his arms. She clings to him as he looks down into her dark, lustrous eyes, now half-veiled and misty—and reads there the same wordless confession he can no longer hide in his own. Suddenly—

Thus it begins. Can a woman really love two men? Is it real love, or mere infatuation that lures her along the road to inevitable tragedy? You will find the answer in "My Buddy and My Wife," April True Story Magazine.

CALLAHAN WILL TRY TO COME BACK
(Associated Press Local Wire)
CHICAGO, Mar. 6.—Shuffle Callahan, one of the most picturesque characters of recent years in this section, sent word to friends today that he is in the Wisconsin north woods training for a come-back. Shuffle deserted the cab of a motor truck for a boxing career, and his long sweeping scouplap books carried him through an impressive string of knockouts. He seemed to start that crushing left clear line in the dollar seats. When he had achieved main bout prominence, his lack of skill was fatal and after several knockouts, the last by Mickey Walker, the middleweight king, Callahan deserted the ring.

Sore Feet and Exhaustion Compel Four More to Quit Marathon.

ENTHUSIASM IS HIGH

First Place Still Held By Kolehmainen, Finnish Runner—Seattle Negro Second.

By RUSSELL J. NEWLAND (Associated Press Sports Writer)
ABOARD OFFICIAL TRAINS CONTINENTAL MARATHON CAR, ENROUTE TO VICTORYVILLE, Calif., Mar. 6.—A hoisting horse, paced by three flying Finns, swept through the San Bernardino valley this morning on the third lap of the 3400 mile transcontinental marathon to New York City.

Over hills and down the slopes pounded the 186 remaining racers. Yesterday 198 started from Puente; eight dropped out enroute to Bloomington; four failed to start today.

The starting gun sent the squad away at 7:30 o'clock this morning from Bloomington with Victorville, 44 miles away, as the next objective.

The three Finnish stars, Willie Kolehmainen, August Fager and Neator Erickson, jumped into the lead at the outset. Three miles off they had a two and one-half mile lead over the last man.

BLOOMINGTON, Calif., Mar. 6.—One hundred and eighty-six runners and walkers started out from here today on the third lap of the Los Angeles to New York marathon, a tortoise uphill desert hike of 44 miles to Victoryville.

Four marathoners who finished the second lap yesterday failed to respond to the starter's whistle today. They were laid up with sore feet, with exhaustion, making things worse. The small army of starters swarmed out on the highway and headed east as though they were out for a picnic, some running and some walking. A caravan of automobiles, following the entrants, and a motley fold of townpeople lining both sides of the roadway track, gave the scene a picturesque appearance, much like a circus day gathering.

The cold, damp weather proved no drawback to the enthusiastic townspeople who ran and walked along with the runners for a considerable distance. It seemed that the entire populace of this little orange growing community was out to see the runners off for New York.

Kolehmainen Keeps Lead
A sturdy Finnish runner, Willie Kolehmainen, hailing from New York City, was confident before the start today that he could keep up the flying pace of the last two days to maintain his lead in the grind. When the wingfooted Finn checked in at the control station here yesterday after a gruelling 34.7 mile dash from Puente, California, he was dripping wet, but he flashed a wide grin to show that he found that leg of the journey not very difficult.

Being feet of the 185-pound Finn covered yesterday's stretch, Finn in the rain, in four hours 12 minutes and 30 seconds, and brought in more than a half hour before his nearest rival, Eddie Gardner, Seattle negro, was the second to make his appearance, but, unlike the freshly built leader, he was pretty well shot. Gardner's time for the 34.7 mile trip was four hours, 43 minutes and 45 seconds.

Finn Trails Negro
Olli Wantinen, fellow countryman of Kolehmainen, flashed into view less than a minute after Gardner had been officially checked by the timer.

Seven other runners were well up in the race at the end of the second lap, although entrants who specialize in running predominated the list of leaders. Philip Grandville of Hamilton, Ontario entry, who holds the Canadian walking championship, was the first of the toe and heel exponents to finish. He came in 26th.

TROJANS WINNER OF FIRST GAME BY NARROW MARGIN

(Associated Press Local Wire)
LOS ANGELES, Mar. 6.—A surprising University of Southern California basketball team which apparently has shaken off a mid-season lethargy and returned to form that took it to championship heights in the early part of the season today confidently awaited the referee's whistle that would send it against a University of Washington five in the second game of a three game series to decide the coast championship.

Last night in a wild and woolly affair that had the spectators on their chairs throughout the contest, the Trojans managed to eke out a narrow victory after a five minute overtime period. At half time the score of Trojans seemed well ahead, 28 to 18. However, the northerners speeded up and made it 47-41 at the end of the regulation game time, so an extra period was necessary. The Huskies immediately sent to scores to 58-47 with a field goal and a free throw but the Trojans were not to be done. Field goals by Captain Jack Bruner and Jess Mortensen made it 51-50 and then another field marker by Bruner raised the total for the southerners to 53.

CHICAGO, Mar. 6.—Dieudonne Costes and Joseph LeRex, French aerial globe trotters, hopped off from the municipal airport at 6:45 a. m. today, for Cheyenne, Wyoming.

The flyers have booked steamship passage for Tokyo, Japan, out of San Francisco, March 15, and explained they must be on the coast by March 10 to dismantle and pack their plane, the Nungesser-Coll, for the trip across the Pacific.

Costes, who is reported to be suffering from an attack of appendicitis, slept under an ice pack last night but reported that he was feeling better today and under no circumstances would he consent to postponement of the flight to Cheyenne.

No stops were planned between here and Wyoming, although the flyers said they might have to refuel at North Platte, Nebraska.

TEN LOSE LIVES WHEN HOME BURNS

(Associated Press Local Wire)
QUEBEC, Mar. 6.—Ten persons lost their lives in a fire which destroyed the home of Thomas Cléche in the parish of Ste. Marie Du Beauce last night. Mrs. Cléche died in a vain attempt to rescue some of her eight children who were trapped in the blazing house. Cléche, who with his wife, dashed from the house in their night clothing to give the alarm, also tried to re-enter the dwelling but was driven back by the flames. Mrs. Cléche climbed thru a window and was not seen again. Charles Cléche, father of Thomas, was sleeping on the top floor of the building and was believed to have been suffocated in his sleep. While neighbors combed the smoldering ruins this morning for the ten bodies, investigators held the theory that an overheated furnace was responsible for the fire.

INDIAN GIRL SAYS SLAIN MAN ASKED HER TO KILL HIM

(Associated Press Local Wire)
ALTURAS, Calif., Mar. 6.—Indian psychology which causes the red man to take another's word at face value, has been made the basis of the defense of Cassie Turner, Indian girl, who was called before the white man's tribunal here today to answer for the slaying of Robert Declute.

The girl, who calmly accepted the challenge of Declute to kill him when he found that he could not win her love, is charged with manslaughter. Her story of the affair was simple:

"He asked me to marry him. And when I refused, he asked me to shoot him. He rolled a cigarette while he was telling me how to use the gun. I pulled the trigger and went away."

A half burned cigarette dropped from the dead man's fingers, it was discovered when the body was found. Jake Sharp, veteran northern California attorney who came out of retirement to defend Cassie, announced he would contend that Declute knew enough of Indian psychology to realize that the girl would comply with his strange request with the same willingness as she would "give him a drink of water."
