

Vote For Roseburg's AIRPORT On March 28th

The climate of Roseburg is unsurpassed. A kind Providence gave the Umpqua Valley ideal weather conditions in both summer and winter. Very few other spots have been blessed with such a bounty of natural wealth, such as timber and minerals. The rest of the world is beginning to learn about these things and is coming and will continue to come to share with us the great prosperity which must and will come to Roseburg.

Go Forward, Roseburg!

We are supporting the movement to have the city of Roseburg purchase the landing field proposed by the American Legion. We believe that the American Legion committee acted wisely in selecting this particular field, and we are supporting them in their fight to open Roseburg to air transportation. Every citizen should join this progressive movement by voting YES on the proposed purchase of a landing field on March 28th.

The Undersigned Citizens of Roseburg Believe in Progress and the Future Prosperity of This City.
