INTER-CITY ROTARY MEET WAS LAST EVE

The Roseburg and Coos Bay North Bend Rotary Clubs joined in one of the most successful and enjoyable inter-city meets to be held when the members assembled last night for a 6:30 o'clock dinner at the Umpqua Hotel with H. H. Manny of Seattle, the district governor of Rotary, as the principal speaker on the evening program. Eighteen members from the coast and forty-five out of the forty-five Roseburg Rotarians were present for the occasion. A number of the Coos Bay visitors made brief addresses and Dexter Rice from the local club responded with a talk. Governor Manny, who made his last appearance as governor of the northwest district, presented quite an interesting feature of the evening. Moving pictures, he had taken of the first district during his administration, showing beautiful scenes on his country estate just out of Seattle, were given by the governor, who explained the pictures as they were shown. At the close he gave a thirty-minute educational talk on Rotary International.

WORKS HARD IN THE FIELD

Relies Upon Lydia E. Pinkham's Vegetable Compound

Rankin, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound as a tonic before and after my first child was born six years ago. Then when my second child came and I felt weak and run-down, I took it again. I am still taking it and I am feeling better. My mother used it for herself when I was small and always got good results. She still takes it. I do all kinds of heavy work, including my housework and I also help in the field. I recommend the Vegetable Compound and I am willing to answer any letters.—Mrs. Rex Omerick, Route 2, Rankin, Illinois.

Ideals That Pay Dividends

We have found that ideals in business are profitable. To set a high standard of public service and live up to it; to have a goal of accomplishment and strive for it; to conduct our business honestly, truthfully and as efficiently as possible and to share the rewards of effort, liberally and justly, with those who have helped us earn them—these are some of the ideals we have striven to maintain in the up-building of "the West's largest food concern."
