COMING

The Little Minister, Richard Headrick of Pasadena, Calif., will be here at the Bible Standard Temple Sunday, May 27th to June 3rd. He will speak at 2:30 p. m. and at 7:45 on Sunday, and every evening throughout the week. Some of the wonders of the little evangelist are given in the book few of them, as all people enjoy of his life and we will give you a hearing what an evangelist is, knows, has done, and can do, how old he is, whether married or single, and what he looks like. Well here it is in a nutshell. Little Richard is ten years old, single, and as beautiful as a little angel. His record shows that when he was TWO years old he held the honor of being the youngest awardee in the U. S. He was appointed deputy sheriff by Sheriff Traeger of Los Angeles when only four years old. He holds several medals and three silver cups for his swimming and diving records. When only seven years old, after being with the movies for several years, he received the call to preach the gospel and at once took up the work, giving his little life to the Christ and has been privileged to see thousands won to Christ. We could give many more glowing reports regarding Richard, but the best thing for you to do is to come and see for yourself and hear the sweet heart-and-soul stirring messages that fall from this little minister's lips and also hear the sweet strains from his little voice as he sings the gospel in some of the plays the violin very nicely as well as preaching a wonderful sermon. Come early to get a seat. Subjects will be announced.

Arrived From Grants Pass—

Among those arriving yesterday afternoon from Grants Pass to attend grand lodge here were S. C. Huntley, Mr. and Mrs. E. L. Coburn, Mr. and Mrs. T. E. Gilmore.

Safest Way to Stop Pain

It is not necessary to take heart-depressing drugs or dopes of any kind to relieve nerve torture caused by neuritis, neuralgia, sciatica or rheumatism. Just apply Tyamol over the part that hurts and see how quickly you will be free from discomfort. Tyamol is a soothing, healing absorbent that goes in through the pores and soothes out inflammation which has settled in the nerves. The minute you rub it on you can feel it beginning to relieve. Pains and aches soon stop, congestion is removed, and soreness and inflammation gradually disappear. Although Tyamol is put up especially for nerve pain and inflammation, sufferers have found it equally good for taking the misery out of stiff, swollen or aching joints. Also fine for lame back and muscular soreness. Pleasant, harmless and easy to use. Don't fail to try it. If you want genuine, lasting relief, you get a liberal supply for \$1 at any drug store. Blushed

A new kind of motion picture star has come to America. Lili Damita, French actress chosen to be leading lady for Ronald Coleman, doesn't smoke or drink—and she never has had her hair bobbed. When this picture was taken upon her arrival in New York, she actually blushed to learn that it would appear in a newspaper.

MASONS ATTENTION

All members of Laurel Lodge No. 13 A. F. & A. M. are requested to attend the stated communication, Masonic Temple, Wednesday evening, May 23rd; work in the Master Mason degree. Dinner will be served at 6:30. All visiting members are cordially invited.

W. F. HARRIS, Secy.

All Chiefs and their wives are the Patrons and Patronesses of the Queen's Ball, and are requested to be in attendance.

WILKIE, WITNESS AGAINST CHANEY, ARRESTED AGAIN

MEDFORD, May 22.—J. M. Wilkie, crippled undercover agent, and the state's main witness in the graft trial against District Attorney Newton C. Chaney, last week, was arrested again this morning, charged with intent to defraud. He was taken to McMinnville today.

He is alleged to have passed a check for \$8 without sufficient funds. Wilkie was freed yesterday upon recommendation of the district attorney of Marion county, of intent to defraud an inn keeper at Salem, the amount involved being \$150. Wilkie was arrested during the trial of the Jackson county prosecutor, who was acquitted.

MENACE OF GAS LINGERS OVER GERMAN CITY

(Continued from page 1.)

pitals suffering from gas-poisoning cannot be saved, physicians fear, and even those discharged as cured may be afflicted with lung trouble for years.

Reserve Supply Sent Away
The phosgene gas still stored at the Nitzenberg plant was being hastily shipped to its consignees today in the presence of prominent chemical experts, the police having insisted that the gas should be taken out of Hamburg at the earliest possible moment. Meanwhile the

district in which stand the gas tanks was closed to all persons. At the instigation of the public prosecutor, police are investigating not only the direct cause of the disaster but also the reason why unusually large quantities of this dangerous gas was stored in the densely-populated industrial harbor district from which the incensed gas might have been driven by the wind over the entire city proper with terrific disaster.

GENEVA, May 22.—It was stated in the League of Nations circle that the inter-allied military commission had authorized three German firms to manufacture phosgene for industrial purposes.
