

Enduring as "Half Dome"

Cycol... the oil with "endurance beyond belief"... eliminates carbon troubles.

Stability The new Cycol will stand the hardest kind of usage. It is refined to meet the severest conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.

No Acids The new Cycol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.

The new refining process of Cycol is different in every respect. It selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting at the same time those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cycol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon As to carbon, Cycol like all other oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.

And even more important, the carbon that is deposited by Cycol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it Yourself For these reasons you will find that Cycol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon trouble.

So fill your crank case with Cycol. You can identify it by the new transparent green-gold color.

LOCAL BOY DOES FINE WORK IN U. S. NAVY RADIO DEPT.

Victor Crouch, son of Sam Crouch of this city, is making an excellent reputation with the U. S. navy as a radio operator. He has been in the radio work for several years, and is now being used to direct installation of some of the large transmitting outfits. A recent letter just received by his father states that he has been ordered to Norfolk to assist in the

Installation of a new \$10,000 transmitter on a battleship there. Later he expects to go on a cruise off the coast of Maine.

CARD OF THANKS

MUNICIPAL BAND TO GIVE FIRST CONCERT TONIGHT

The first band concert of the summer season is to be played tonight by the Roseburg municipal band at the courthouse band stand. Director Dale Strang announces a very fine program for tonight, presenting several standard band selections together with two late popular numbers. Tonight's program will feature compositions of Joseph DeLuca, who is a nationally known writer of band music. He was a former baritone player with Sousa's band. Three of his compositions will be offered in tonight's concert, which will be as follows:

- March, "American Gentleman," DeLuca.
- Overture, "Lustspell," Kela Bela.
- March, "Vanguard of Democracy," King.
- "Humoresque," Dvorak.
- Foxtrot, "Sailing On," Kahn.
- "Intermezzo," DeLuca.
- Baritone Solo, Fred Strang, "Evening Star," Wagner.
- Foxtrot, "Charmaine," Pollock.
- March, "The New President," DeLuca.
- "Star Spangled Banner."
