PEASANT MOBS BESEIGE CITIES OF JUGOSLAVIA

Rural Element Infuriated By Shooting of Their National Hero.

CHECKED BY TROOPS

Country's Authorities, on Defense, Apply Severe Censorship; Fatal Fights Occur.

(Associated Press Leased Wire)
BELGRADE, June 22.—Jugoslavia is seething with excitement. Riots at Zagreb, Croatia, stronghold of the peasants, which followed the slaying of two Croatian deputies and wounding four others in the Yugoslav parliament at Belgrade, proved even more sanguinary than at first thought. Four persons have been killed, six are believed to be dying and nearly 100 wounded.

Public indignation, which had been smoldering over the policy of the government, has reached fever heat. Belgrade and Zagreb resemble besieged cities with military forces everywhere.

The removal of bodies of the two assassinated deputies, Paul Raditch and Dr. Basaritchek, to Zagreb brought together great crowds of angry peasants along the funeral route. They were kept under restraint only by the military.

Censorship Rigid
The government newspaper, Edinstvo declared today that stormy times were ahead for Yugoslavia. The severest censorship is being applied to all telephone and telegraph lines. Newspapers appear with great blank spaces.

Opposition newspapers are scarce in their denunciation of the great tragedy. They charge that the murders were not accidental, but were deliberately planned, with the purpose of exterminating the government's chief opponents and obstructionists.

Wounded Leader Worse
Stefan Raditch, leader of the Croatian peasants party, who was wounded by Government Deputy Raditch during a session of parliament on Wednesday, was losing ground today. His physicians feared congestion of the lungs.

Professor Gustav Slinger, eminent Vienna physician, is rushing to Belgrade by airplane to attend Raditch. The condition of Raditch is understood to be causing great apprehension. A peasant rebellion is feared if their national hero dies.

Phone Line Stilled
VIENNA, June 22.—All telephone communication between Vienna and Belgrade has ceased, giving rise to much anxiety here concerning the situation in Yugoslavia.

G. A. R. OFFICERS DUE TO ARRIVE IN CITY TODAY
(Continued from page 1.)

several hundred persons can be seated.

Flags and pictures are to be presented to the high school, the Campfire Girls and Boy Scouts by four of the organizations, it being planned to secure motion pictures of these presentation ceremonies for news reel purposes.

It is expected that Governor Patterson will be present, if he can get back to Oregon in time, he being now in the east, and in the event of his failure to reach Roseburg in time for the convention he

will have a representative here. It is expected that the entire Board of Control will be present.

Due to the fact that the ranks of the G. A. R. are dwindling so rapidly, there will not be the attendance for this convention that has marked some of the previous gatherings in Roseburg this year. It is anticipated, however, that there will be 250 or 300 visitors present and perhaps more. Due to the fact that age prevents so many of the veterans from traveling to the conventions, it is very possible that this will be the last meeting of the Oregon State Department of the G. A. R.
