#### WORK ON NEW COURTHOUSE TO START MONDAY

(Continued from page 1.)

kind, where dignity and beauty are desired.

It will be set nearly in the center of the courthouse grounds, and the yard will be landscaped to make the proper setting. The building will face toward Douglas street and the grade will be raised where it intersects with the building, so that the slope will be downward from the steps to the street. There will also be a walk from Main street on the west side on a level with the walk in the center of the block, which will be on a grade with the ground floor. There will be a retaining wall from the building out toward Main street to support the bank separating the higher and lower levels of the grounds made by the grade above the walk.

**Large Front Entrance.**  
The grand entrance colonnade and steps extend nearly across the entire front of the building. Entering by way of the broad steps through the main entrance, one passes into a hall, finished in marble and opening into the concourse extending lengthwise through the building. On this floor will be located the business offices of the elected county officials. To the right of the entrance is the county court suite, including rooms for the county judge and commissioners and the county court room. Connecting with the suite are the rooms occupied by the county clerk, where there will be ample quarters for all departments. A large vault is located on the floor below and connects with the clerk's quarters by means of an iron staircase. On the left from the entrance is

the sheriff's suite, including the tax collection department. There is also a vault beneath this section, and also an office on the top story where the jail is located, an automatic elevator being provided for the transportation of prisoners from the sheriff's office to the jail. At the same end of the building, and facing toward the north, are located the offices of the assessor and treasurer, each of whom are provided with spacious vaults.

**Second Floor.**  
On the second floor, to the left, is located the circuit court rooms, with special chambers for the judge, witnesses and sheriff. Fronting to the north, connecting with the court room and parallel to the concourse is a private corridor opening into a room for the use of the lawyers, a suite for the district attorney, grand jury room, two jury rooms and private lavatories.

At the opposite end of the building is located a small court room for the use of the justice and probate courts and offices for the juvenile officers.

On the top floor, connecting with the court room by elevator and staircase, are dormitories for men and women jurors, so that jurors may be kept quartered in the building during the trial of cases. The fourth story is a superimposed floor on which is located the jail, divided into sections providing for felony prisoners, juvenile prisoners, women prisoners, and offices for the sheriff, matron, and a kitchen storage room. A portion of the main roof will be paved so that prisoners can be given exercise without being taken down through the building.

There is also a ground or basement floor, which contains the storage vaults, offices for the county surveyor, fire mar-

shal, agricultural agent, fruit inspector, health unit and other departments.

The building includes several unassigned offices which may be used when future growth makes them necessary.

The building will be entirely of non-combustible materials and will be absolutely fireproof.

**Court Given Aid.**  
The county court has been giving a great deal of time to the work of preparing for the construction of the new building. The court has had a great deal of help from the advisory board, which consists of J. H. Booth of Roseburg, J. R. Lapsell of Oakland, and Harry Rice of Myrtle Creek. These three men, representing the north, south and central sections of the county have met with the court in an advisory capacity and have passed upon every item of business in connection with the project. Their assistance and advice have been greatly appreciated by the court, and they have worked diligently to aid in this matter, giving a great deal of their time to serve the county.

The advisory board met with the court yesterday in passing upon the bids and in allowing the contracts. The court spent all yesterday afternoon going over the various proposals and awarding the contracts. E. R. Metzger and Wm. Scott, local contractors, received the two main contracts, the general work and the plumbing and heating. The electrical wiring contract was given to the Bailey Electric company of Albany for \$4,011. The bid of J. A. Drake of Albany was low, but as it was not in regular form the court rejected it.

The Southern Prison company of San Antonio, Tex., received the contract for the new jail for \$18,167. This company furnishes a full built of heat and steel roof

steel, and furnishes an interlocking door system that makes escape from the cages as nearly impossible as any system that can be devised.

The elevator contract was awarded to the Otis Elevator company for \$4,920. While this was the highest of the three bids, it was felt that the difference in price was justified by the fact that the Otis company has a number of outfits in this city, and their service man is a frequent visitor to Roseburg, making it possible to obtain more prompt service on this type of equipment.

The court and advisory board are delighted with the way in which the courthouse project has been conducted so far, and are expecting an exceptionally fine building at a lower cost than had been anticipated.

**BORN**

#### SOCIETY

(Continued from page two.)

was the flower girl. Her frock was in lavender and she carried a basket of rose petals, which she scattered through the aisle to the altar in front of the bridal party. The bride and bridegroom received the guests informally after the ceremony.

Mrs. Anna Kloringer of Portland, Mrs. E. A. Newby and Mrs. Jones of Washougal cut the loaves, assisted by Mrs. Watt Long of Portland, Miss Patricia Neal of Roseburg and Miss Esther Baldwin of Washougal.

The bride has made her home in Roseburg for the past number of years, first being a member of the staff of the Helmlite Conservatory of Music. Later she opened her own studio, teaching the Dunning system. While here she took an active part in the work of the Douglas County Music Teachers association, holding office in the organization, and has also been quite prominent in music circles here. She closed her studio in early June to go to Washington.

Mr. Germain also was an instructor in the Helmlite Conservatory of Music and leader of the boys' band here. For the past year he has been making his home in Marshfield, where he is supervisor of music in the public schools. Mr. and Mrs. Germain have come to Eugene, where the bridegroom is attending the summer sessions of music at the University of Oregon. Later they will return to Washougal for a brief time before going to the coast to make their home.

#### Ringo-Cook Nuptials Surprise to Friends in City

Coming as a complete surprise to their Roseburg friends is the marriage of Miss Evelyn Cook, formerly of this city, and Glenn W. Ringo, landscape gardener of the Soldiers' Home. The ceremony was at 2:30 o'clock last Tuesday afternoon at the First Christian church.

Rev. R. W. Balrd read the quiet nuptial service which was attended by only a few close friends of the couple.

Following a honeymoon trip Mr. and Mrs. Ringo will return here the first of the week to make their home. The bride, who was formerly a nurse at the Soldiers' Home, has been in Medford for some time. Her home is in Sutherlin. Mr. Ringo came to this city more than two years ago.

Mr. and Mrs. Victor M. Patterson were hosts for an informal dinner party at their home Wednesday evening, covers being laid for ten. Guests included Mr. and Mrs. Nathan Barrett, Mr. and Mrs. Gordon van Orsdel, Mr. and Mrs. Bernard East of Portland, Mr. and Mrs. George W. Davis. In the evening the party listened to radio returns of the democratic convention—Eugene Guard.

#### Two Families Celebrate Silver Wedding Anniversaries

On the evening of June 29, Mr. and Mrs. P. W. Beckley of Roseburg and Mr. and Mrs. S. T. Smith of Oakland celebrated their twenty-fifth wedding anniversaries with an informal affair at the Beckley home a few miles east of Roseburg.

The rooms were attractively decorated with delphinium, sweet pea and orange blossoms. Guessing games, musical readings, solos and the singing of old-time songs furnished the pleasant program for the evening. Dainty refreshments were served by the daughters of the couples, who acted as hostesses for the evening. Many beautiful gifts in silver were received. The guests were those who attended the weddings and were as follows: Mr. and Mrs. Clyde Beckley and family, Mr. and Mrs. S. M. Kelley, Mr. and Mrs. H. A. Canada, Mr. and Mrs. Orville Beckley, Mr. and Mrs. A. Schloeman, Mr. and Mrs. G. A. Bonebrake, Mr. and Mrs. J. P. Culver, Mr. and Mrs. C. H. Medley, Mr. and Mrs. Phil Strider, Mr. and Mrs. W. F. Price, Mr. and Mrs. J. E. Atterbury, Mrs. M. A. Williams, Chas. Medley, Mildred Kruse and Mr. and Mrs. P. W. Beckley and family and Mr. and Mrs. S. T. Smith and family.

Interesting visitors here for a week are Mr. and Mrs. Maurice White of Washougal, Washington, and Mrs. White's sister, Miss Letta Conroy of Seho. They arrived Friday to be guests at the home of Dr. and Mrs. Clair K. Allen. Mr. White is a brother of Mrs. Allen.

Mr. and Mrs. N. Hansen and grandson leave Sunday for Minnesota where they will visit for about two months. Enroute there they plan to stop in California cities and will be in New Mexico before their return home.

Miss Marion Nichols, former Roseburg maid, is here from Los Angeles for a ten-day visit with her parents, Mr. and Mrs. D. S. Nichols.

#### GOLF TOURNAMENT BE PLAYED SUNDAY

The last local sweepstakes golf tournament for the season is to be played at the Country Club Sunday. It is expected that there will be a large attendance, as much interest has been shown in these club tournaments held during the past few weeks. Last week the team went to Eugene and met defeat, but hopes to do better in the next three matches to be played at Corvallis, Grants Pass and Marshfield, the first, with Corvallis, being scheduled for the 15th.

#### D. F. LANGENBERG BURIED FRIDAY

Funeral services for Daniel F. Langenberg, who passed away early in the week, were held Friday morning at 9:30 o'clock from St. Joseph's Catholic church, which was filled with the many friends of the family. There were many beautiful floral pieces. Services were conducted by Father Bremman. Interment was in the Catholic cemetery and arrangements were in charge of M. E. Ritter of the Roseburg Undertaking company.

#### 18 KLAMATH COUNTY MEN FACING BOOZE CHARGES

PORTLAND, July 7.—First of the Fourth of July celebrations caught in the net of the federal government, which enforced a safe and sane holiday with a vengeance in Klamath Falls, were brought to Portland today and lodged in the county jail, they included:

Bob Gable, pool hall proprietor, charged with liquor offenses, bail set at \$2,500.

Abe Dosh, charged with possession and transportation.

Richard Hall, sale of liquor.

Hugh Hankin, possession and sale at Fort Klamath, bail set at \$2,500.

There were thirteen more defendants facing similar charges who will be brought to Portland later.

Bidwell Riddle, Indian, charged with possession of liquor and sale to a fellow tribesman, was also brought here today.

#### HELEN WILLS DEFEATS SPANISH TENNIS STAR

WIMBLETON, England, July 7.—Helen Wills, American tennis star, retained her championship in the women's singles at Wimbledon today, defeating Senorita Ella de Alvarez, brilliant young Spanish player, before a huge crowd which included the king and queen.

The Spanish girl made a wonderful effort in the second set and had a three-love lead before the champion leveled and ran out six straight games.

Senorita Alvarez, who has been suffering from an attack of laryngitis, seemed anything but a sick girl as she extended Miss Wills to a greater effort than she has been forced to exert before this year.

The challenger exhibited a faultless backhand and sent many low, raking shots slanting past the nets, until the middle of the second set when her game suffered a collapse.

The score was 6-2, 6-2.

#### Marriage License Issued

A marriage license was issued today to Ernest E. Tucker of Bandon and Alice Dutton of Langlois.

#### Not Much Money, but Lots of Fun

Pretty Ethel Jackson has earned only \$750 in the last two years as a movie actress, but she keeps on trying. She is the only daughter of Herbert R. Jackson, wealthy Hollywood stock broker. A few months ago she was graduated from the high ranks into small parts and seems on the main highway to stardom.

#### CONTROLLING MOTHS

Complete elimination of clothes moths from dwellings and other buildings is difficult, according to the United States Department of Agriculture, but they can be kept in control by methods outlined in Farmers' Bulletin 1353-F, "Clothes Moths and Their Control," which is available for distribution on application to the department.

The remedial methods explained include thorough cleaning and storage in paper and cold storage, control with chemicals such as naphthalene, paradichlorobenzene, camphor and others, several forms of fumigation, and proper precautions for control through use of properly made cedar chests.

Dr. E. A. Back of the Bureau of Entomology, author of the bulletin, suggests that "women's clubs and neighborhood organizations can greatly reduce expenses in ant moth work by pooling their needs and purchasing in quantity from local dealers or manufacturing chemists the insecticides required. Applications for the bulletin should be made to the United States Department of Agriculture, Washington, D. C."

#### MERMAID VARIETY

"I had such a funny shoking feeling when Jack tried to kiss me."  
"Hadden't you ever been kissed before?"  
"Not by a submarine sailor."
