KELLOGG'S PEACE PLAN APPROVED BY GERMANY

(Associated Press Leased Wire)

WASHINGTON, July 14.—Secretary Kellogg's revised treaty for outlawing war is entirely acceptable to Germany and a favorable reply from France is expected within a few days.

Germany's acceptance was sweeping and unqualified, and the note on the subject declared that the Berlin government was ready to sign the treaty at once in the form in which it was submitted.

A draft of the proposed pact was sent simultaneously to fourteen na-

tions, including in addition to France and Germany, Great Britain, Japan and Italy. Germany was the first to reply.

Under the proposed treaty, the signatory nations would "condemn recourse to war" and "renounce it as an instrument of national policy." Further, they would agree to use only pacific means in seeking a settlement of whatever disputes or conflicts might arise between them, regardless of their nature or origin.

Neck yokes, singletrees and lead bars in good hickory stock are sold at Wharton Bros.

STATE-BY-STATE CANVASS INITIAL DEMOCRATIC PLAN

(Associated Press Leased Wire)

NEW YORK, July 14.—A state-by-state canvass to determine the political lay of the land is to be made before the democratic presidential campaign gets into full swing.

Conditions locally are to be sized up by members of the democratic national committee, who were on their way home today after a series of conferences here which brought about a national campaign organization with John J. Raskob, financial chairman of General Motors, at its head.

The committee, keyed by words of encouragement from Gov. Smith, the standard bearer, are to report as soon as possible to Senator Gerry of Rhode Island, chairman of the campaign advisory committee. Until they have done so, the full scope of the democratic national campaign will not be determined.

Gov. Smith told the party workers that he was ready to press his campaign for the presidency to the limit, but that he doubted the wisdom of undertaking too many speeches once he starts out on a stump tour around Labor Day. In some quarters it was reported that he intended to hold himself to ten addresses, all to be broadcast by radio, at strategic points, but his political advisers said he undoubtedly would be more tactful than that.

While campaign plans of the democrats were being shaped up here without any open show of dissension, a rift appeared elsewhere, as Mrs. Frank Mann, former national committeewoman for West Virginia, announced that she would not support Smith because of his stand on prohibition.

From the south came the word that Joseph Daniels, secretary of the navy under Wilson, had taken issue with Raskob on his emphasis of the prohibition question as a campaign issue.

Daniels, through his newspaper at Raleigh, North Carolina, praised the new national committee chairman but denied his right to stress issues "not settled in the platform of the party."

From the republican sector came the declaration of William Allen White, Emporia, Kan., editor, that while he admired Smith's personal courage "his election would mean the end of the nation."

CLINIC AT ELKTON

(Associated Press Leased Wire)

NEW YORK, June 14.—Courtney pays, J. F. Thompson, retired banker, had to go to court for speeding 32 miles an hour in his car. He told the judge he was glad to pay the \$25 fine because the motorcycle policeman had been so polite. Then he sent a letter of praise to the police commissioner, with a check for \$25 for the pension fund.

REEDSPORT MAN ARRESTED

MAGNET ON TRUCK COLLECTS 303 LBS. METAL FROM ROAD

In its initial trip from Salem to Roseburg, a distance of 147 miles, the new state highway motor truck with its road-sweeping electro-magnet device, gathered 303 pounds of metal from one side of the Pacific highway, thereby collecting many thousand potential puncture makers. This truck was put into service only a few days ago and is now making its first trip over the Pacific highway.

The machine has a six-foot magnet hung underneath the truck so that it rides within 6 inches of the surface of the highway. Power is furnished from a generator mounted on the body of the truck and driven by a gasoline motor. So powerful is the pulling power of the magnet that it will draw a nail through 10 inches of loose gravel and will remove objects that have been rather heavily imbedded in the hard surface of the pavement.

The truck was advocated by Judge Sawyer of Bend and was first used on The Dalles-California highway where several thousand pounds of scrap metal were recovered.

This week the truck is being operated along the Pacific highway. Going down the right side of the highway between Salem and Roseburg, the magnet gathered 303 pounds of metal, consisting of wire, nails, screws, bolts, washers, nuts, tools, bottle caps, pieces of broken iron and steel and hundreds of other objects of like classification. A portion of the metal collected has been used in a window display at the Chamber of Commerce office.

The machine is working on the Coos Bay highway today and next week will go south on the highway from Roseburg, and will then return back to Portland traveling the left side of the pavement. It is difficult to realize that so much rubbish could be collected from the roadway, and motorists will doubtless be extremely thankful for the removal of so many objects that could destroy tires.

BUCHANAN TELLS HISTORY OF LIFE

An interesting article concerning the life of J. A. Buchanan, a former resident of Roseburg, now located in Astoria, was recently published in the Oregon Journal, having been written by Fred Lockley, Journal feature writer. The article is as follows:

"My father, Rev. Amos Buchanan, was a minister in the Christian church," said Judge J. A. Buchanan, when I interviewed him in his office in Astoria recently. "Father received a salary of \$500 a year, and as there were 13 children in our family, we were not over-indulged in luxuries. I was born October 3, 1863, in Iowa. In 1879, when I was 12 years old, we came to San Francisco and from there on the steamer Ajax to Portland. In those days Monmouth was headquarters for Oregon of the Christian denomination. I went to school to the Christian college, of which Rev. T. F. Campbell was president. His son, Dr. Prince L. Campbell, was later president of the college at Monmouth. After still later was president of the University of Oregon. My father did evangelistic work here in Oregon, and also in Idaho. I graduated from the Monmouth Normal school in 1887. In 1888 I taught school at Amity, three years at Yamhill, three years at McMinnville and two years at Dalles.

"While teaching at McMinnville I read law with O. H. Irvine. I was admitted to the bar in 1892. In 1893 I began the practice of law in Roseburg. I practiced my profession at Roseburg 19 years. I represented Douglas county in the state legislature and for 17 years served as school director of the Roseburg public schools. I was captain of the Fourth company of coast artillery and when I was sworn into federal service. During the war I was stationed at Fort Stevens most of the time. I was commanding officer at Fort Columbia during the last three months of the war. After being mustered out of the service I began the practice of law here in Astoria. For the past five years I have been municipal judge of Astoria.

"I was married in 1906 at Roseburg to Madge Bond Riggsdale. We have two children, both daughters. My first wife died in 1915. I have another book ready for publication. I am intensely interested in the early history of Oregon. In fact, the study of Oregon history is my hobby. I would like to see more attention paid to it and more records of the pioneers recorded and preserved for the coming generations."

BALL SCORES IN MAJOR LEAGUES

CHICAGO—Les Marriner, Chicago, knocked out Hagan, Houston, Turkey, 2. Billy Showers, St. Paul, outed Johnny Sherrill, Chicago, 6. K. O. White, New Orleans, defeated Benjie "Kid" Stanley, Kansas City, 6. Eddie Ballantine, Chicago, shaded Santos Red, Omaha, 8. Chuck Bennett, Hollywood, III, knocked out Juan Alvarez, Mexico, 1.

ERIE, Pa.—Dick O'Leary, Wilkesbarre, won from Howard Mayberry, Detroit, 10. John Carry, Erie, defeated John Osborne, Cleveland, 6.

the only reason they weren't in the National league cellar was because the Phils and Boston Braves were still able to give them lessons in how ball games can be kicked away.

The Giants bowled over the first game and felt confident that the league lead would be in their possession before long. Here the worm turned. The Pirates played heads-up baseball for a change and took the next three battles of the series.

Not so confident, McGraw's men took the long train trip to St. Louis where the four-game series which ended yesterday saw them register only one victory.

As a consequence the Giants fell into third place in the standing, six and a half games back of the crushing Cardinals and one behind the Cincinnati Reds.

The Cards won the last battle of the "crucial series" by getting the jump on their eastern rivals. Vic Aldridge was pounded for three runs in the first inning, five more crossed the platter in the second and the end of the game saw the leaders on the long end of an 11-to-6 score.

Vic didn't stay around to see the end of the second inning, Dutch Henry relieving him in time to let George Harper, former Giant, hoist a home run with one on in that frame.

JAPAN ANXIOUS ABOUT OLD TREATY WITH CHINA

SHANGHAI, July 13.—The Nationalist foreign ministry is stated in reliable quarters to be delivering notes to the representatives of twenty-four countries proposing immediate revision of all treaties with the Chinese government whether they have expired or not. The Japanese government is reported particularly disturbed by the uncertainty of its position as the Nationalist government may refuse to be bound by the extension of time granted by the late Chang Tso-Lin, former dictator of North China.
