EAST-WEST OREGON RAIL LINE HEARING FORMALLY OPENED

(Associated Press Leased Wire)

PORTLAND, Ore., Aug. 2.—Augmented development for eastern Oregon and the Oregon coast as a result of construction of another cross-state railroad was pictured today by H. H. Cory, chairman of the public service commission, the first witness called in the east-west railroad hearing. Interstate Commerce Commissioner Frank McManamy and Examiner John L. Rogers are conducting the hearing which was called on the state public service commission's petition for construction of a line from Crane to connect with Southern Pacific's Eugene-Klamath Falls line.

The country both east and west of the Cascades would be developed by construction of the line, Mr. Cory said. Growers whose products now have to follow a circuitous route to the market might ship direct, cutting down freight costs and getting quicker service.

Western Oregon would share in the development by receiving the shipments from the interior. The railroad would also be a factor in building other Oregon harbors on which the government had already spent millions of dollars, he said.

The state now has only one east-west road, whereas most other states have four or five. Much time and money is lost in shipping products the long way around to export or consumer points, he declared.

BALL SCORES IN MAJOR LEAGUES

(Associated Press Leased Wire)

It's a funny game—baseball. A month ago, every one including Cornelius McGillicuddy, contended the 1928 American league pennant to the New York Yankees and fans turned to the National league to watch what seemed certain to be a din-din battle until the final bell.

Today the St. Louis Cardinals lead the older circuit by six and a half games. The Yanks, on the other hand, have won a thirteen-game lead over the Yankees by day until the galloping white elephants of Philadelphia led by none other than "the tall Mr. McGillicuddy," are but four and a half games to the rear of the champions.

George Earnshaw was a puzzle to the Cleveland Indians yesterday and the A's had no difficulty registering their tenth straight win, 6 to 0.

After pitching great ball for 14 innings, Herb Pennock weakened in the 15th and the St. Louis Browns trimmed the Yanks, 4 to 3. Stewart's single with the bases filled and none out in the 15th, sent the champions down to defeat.

Taking Washington down the line, 5 to 4 in 12 innings, the Detroit Tigers clinched up their ninth win in 11 games and moved past the Senators into sixth place. Tony Lyons shook the line that has pursued him for two weeks and pitched the Chicago White Sox to an easy 6 to 3 win over Boston.

While the Cards continued their winning ways at the expense of the Boston Braves, 6 to 1, the rest of the National league standing suffered a shakeup, the New York Giants taking second place and the Pittsburgh Pirates moving up to fifth place a step ahead of the Brooklyn Dodgers.

Cincinnati's Reds dropped to third place when they were nosed out by the Giants, 7 to 5, in a free hitting game.

Hal Carlson, making his first start of the season, pitched the Chicago Cubs to a close decision over the Dodgers, 2 to 2.

The Pirates pounded out 20 hits to sink the Phillies, 18 to 4. Wright and Grantham hit homers, each when two men were on the bases.

treased their lead to four runs by Wally Hood's homer that chased in Schumacher. But the San Francisco club came back and Kid Crockett followed Roy Johnson's double with a homer. Then in rapid order two singles, a walk and another pair of singles piled up three more runs and the game ended at 10 to 9 in the Seals' favor.

TELEPHONE COMPANY FIGHTS RATE SLASH

(Associated Press Leased Wire)

PORTLAND, Ore., Aug. 2.—Proposed rate reduction would wipe out net earnings and paralyze growth, said the Pacific Telephone & Telegraph company in a formal objection filed with the city auditor today in answer to the telephone franchise proposed by the city council. The council will meet Saturday to receive objections and set a date for public hearing.

Through its attorneys, the company declared that it cannot accept the proposed franchise, because "to do so would be to violate the law of the state of Oregon. This we will not do."

COOPERATIVES TO LEAD INDUSTRY OF FARMS, FORECAST

HOOD RIVER, Ore., Aug. 2.—The day when leadership in agriculture in a national way will devolve upon responsible heads of cooperative marketing organizations, was forecast here by Charles W. Holman, secretary of the American Institute of Cooperation, members of which body completed a four day tour of Oregon here today.

With every business and national interest strongly represented in national affairs, Holman said, it will be a bright day for rural America when the cooperatives attain such strength as to make them natural leaders and spokesmen for agriculture. With the present rate of growth such time may come within five years, he predicted.

Holman also is secretary of the national milk producers federation of 43 units. The party was entertained last night at Columbia Gorge hotel, following a highway trip. After viewing plants of the Hood River Apple Growers' association and orchards of the valley this morning the caravan left via the Mount Hood loop for Portland. Some of the visitors will continue on a trip through Washington visiting cooperative plants.

CRISCO

Really, should you use a shortening you are unwilling to taste, any more than you would a doubtful egg?

To discover what a vast difference there can be in the taste of cooking fats, place a bit of Crisco on the tip of a spoon; on another spoon, a little of any other shortening. Taste Crisco first, then the other fat.

Imagine how Crisco's sweet purity will improve the flavor of your pie crust.
