party's nominees. Texas county (San Antonio) voted to drop Love's name, while other counties indicated opposition of candidates affiliated with the "bolit".

Travis county (Austin) dropped the name of two delegates who asserted they would not vote for the presidential nominee.

Stanford University, Cal.
Aug. 6.—Herbert Hoover gave his attention today to the larger questions of policy which will come up for discussion and decision at conferences he is to hold at his home here with party leaders immediately before and after the dedication ceremonies at Stanford University stadium next Saturday. Those who are in the confidence of the republican presidential candidate are authority for the prediction that so far as Hoover himself is concerned his speeches will be devoted to an exposition of his own policies and the relationship of government to the many economic and commercial problems now present or soon to arise. To put it in another form, they assert that his firm conviction is that the sort of campaign in which the people are interested is an affirmative one with the presentation of constructive plans for the future rather than one devoted largely to attacks upon the opposition.

No Extensive Tour
Plans for trying on such a tight in the time intervening before the general election on November 6 already have been the subject of conferences the nominee has had with leaders. These will be further outlined at his meetings here with Chairman Hubert Work of the republican national committee and others who are controlling the integral parts of the vast organization being built for the battle ahead.

Hoover has in mind now to make no extended journeys over the country during the campaign and if he has his way he will leave Washington only three or four times for short trips to the east and some of the border states. He will make a visit to the turbulent corn belt and his way back to the national capital on August 21, speaking at his birthplace at West Branch, Iowa.

He will deal largely with the agricultural problem, a fitting means of indirect aid to the farmer which he holds is almost as important as the direct aid.

Secretary of Chamber of Commerce Only 16.

6 Foot Texas Boy Fills Man's Job After Scholastic and Athletic Triumphs.

RAYMONDVILLE, Texas, Aug. 6.—Secretary of a chamber of commerce at 16 is the distinction of Hubert Wright, recently out of high school.

Both mentally and physically he ranks as an adult and there is nothing infantile about him when he takes his seat with Raymondville business men at the bi-weekly luncheons of directors of the chamber of commerce. He stands six feet one inch and weighs 160 pounds. He was graduated from the Raymondville high school last spring with academic and athletic honors.

The youth excelled in mathematics and typing, won first place in the district spelling contest with a score of 100, won first places in the shot put and discus throw and ran second in the 100 and 220-yard dashes.

Every day the young secretary receives inquiries from all parts of the country. Some of the letters might try the mettle of a man much older, but Wright is never stumped.

Prior to his appointment as secretary, young Wright attracted attention with his facility in making abstracts of titles to property and his knowledge of the status of public works.

He is the son of Judge and Mrs. B. S. Wright.

ful bid of the big Dutch girl. Arne Borg, the "Swedish hurricane," won the Olympic 1500-meter free style swimming championship today.

Thomas Blankenburg of California today qualified for the semifinals in the 200-meter breast stroke swimming. He was the only United States entrant.

Rowing Prelims.
SLOVEN, Holland, Aug. 6.—The American double sculls crew of Charles M. Rivaline and Paul V. Costello defeated the Austrian crew of Losert and Flesser in the second elimination round of the Olympic rowing events today.

The American time, which set a new course record, was 6 minutes 45 3/5 seconds.

In a second elimination double sculls event the German crew defeated Canada by two lengths. The Argentine eight was eliminated from the regatta by the Polish eight which won by two lengths in 6 minutes 24 3/5 seconds.

The American pair which consisted of John Schmitt and Paul McDowell of the Penn Barge club, Philadelphia, disposed of one of their strongest rivals by trimming the English representatives, O'Brien and Nibet, and advanced a step nearer the final for the championship in their class thereby.

MURDER PROOF GROWS AGAINST B. S. BEITZEL

(Continued from page 1.)

the murdered woman will be in this bundle. Beitzel is said to have mailed this package to a fictitious address in Phoenix, giving a fictitious return address in Seattle. Beitzel's apartment shared by Beitzel and Miss Mauger according to his own testimony, a handkerchief with what police say are blood stains was found in the girl's laundry bag. The handkerchief was that of a man.

Even Auto Accused
An automobile has been found, which Beitzel admits he rented and in which he took the girl on their last ride to the Hollywood hills where, he says, they quarreled and where Miss Mauger got out of the machine, never to be seen again in life by him. The 44 miles registered on the speedometer of the rented car is the distance from Beitzel's garage to the scene of the murder and return.

Beitzel remains calm and maintains his story of "perfect footing" on the day before the murder, the quarrel and subsequent parting in the hills and of his complete innocence. Against him, in addition to the charge of murder, are the new charges of desertion, embezzlement and violation of the Mann act.

Infant Born in Murder?
LOS ANGELES, Aug. 6.—A dead physician's record today revealed that Barbara Mauger, 19, may have become a mother between the time that a bullet struck her down and the hour, possibly several days later, that death overtook her in isolated stone canyon north of Hollywood where her nude body was found Thursday.

Russell St. Clair Beitzel of Philadelphia, police believe, not only was the father of the child believed born of the tragedy in the mountain fastness but also sent the bullet crashing laterally through the young woman's eyes. Death, the coroner has said, would not have resulted immediately from the bullet but after blinding and stunning her may have occurred as much as three days later.

The latest and probably most gruesome touch to the slaying of Miss Mauger was added in a statement to police by Mrs. J. Frank Griffin, widow of a physician whom the young woman had consulted because of her expectant motherhood. Dr. Griffin died two weeks ago.

He informed her, according to his record brought to police station by Mrs. Griffin, that her baby would be born about June 27. It was on June 23, officers believe, that Miss Mauger was shot, fell unconscious on a hill brink, was tossed down into a thickets where her body was found. Wild animals had torn it apart before it was discovered by two boys last Thursday. Several feet away from the remains was found the skull of an infant.
