BALL SCORES IN MAJOR LEAGUES

(Associated Press Leased Wire)

Without swinging a bat, the Giants shaved another half game off the St. Louis Cardinals' slim lead yesterday. Or rather the Chicago Cubs performed that service for the clan McGraw.

The Cubs pounded Flint Rhem for three runs in the first inning of their game with St. Louis and eventually emerged with a 4 to 2 decision over the league leaders who now have lost five of their last eight games.

The Cincinnati Reds clouted three pitchers for 15 hits and romped off with an easy 6 to 3 victory over the Phillies.

Jess Petty slightly outpitched Johnny Cooney and Brooklyn defeated Boston, 3 to 1.

Taking advantage of the fact the Philadelphia Athletics were washed out at Washington, the New York Yankees added half a game to their American League lead by trimming the Boston Red Sox for the fourth time, 8 to 0. Herb Pennock granted only three hits.

Three runs in the ninth gave Cleveland a 3 to 2 decision over the Detroit Tigers.

Alvin Crowder granted the Chicago White Sox only four hits and the St. Louis Browns won by the shutout route, 7 to 0.

McCormick - Deering tractors have removable cylinders that can be replaced for $5.15 each. The ball bearing crankshaft is fully guaranteed for the life of the tractor. They are sold at Wharton Bros.

PACIFIC COAST LEAGUE GAMES

(By the Associated Press)

The Senators took the series 6 to 4 from the Beavers yesterday after dividing a double header. Jack Knight, Portland twirler, won 4-2 in the opener. He held the Senators to eight hits and collected three hits himself. Four Portland moundsmen were used in the nightcap. Batteries: Knight, Tomlin and Whitney; Kallio, Gould and Severeid. Second game: Bonelli, Kunz, Crandall and Koehler; Fullerton, Orfman, Tomlin, Ponder and Whitney.

After taking the count in five straight games from Los Angeles, the Hollywood Stars came back to win 13 to 2 and 7 to 2 Sunday. Six runs in the fifth gave the sheiks the second tilt after the Angels had led for several innings. Gordon Rhodes and Regh picked up homers. Batteries: Kinney and Bassler; Cunningham, Chesley and Sandberg for first game; Rhodes and Agnew; Weathersby, Wright, Cunningham and Warren.

Seals divided a double header with the Missions, which took the series 4 to 3. The Bells led the afternoon game to the eighth when the Seals chased over three runs and the eventful tenth proved the Bells' downfall for Gussie Suhr, Seal first baseman, got a circuit clout with the bases full. The morning game was close, the Seals scoring in the sixth. The game ended 9-4 for the Missions. Batteries: Krause and Brenzel; Thurston and Vargas; second game: Jacobs and Sprinz; Holling, Pillett and Baldwin.

The Indians divided the Sunday entertainment with the Acorns. The morning game was close and not decided until Seattle ran over the winning tally in the last inning for a 5 to 4 score. The Oaks piled up five runs in the eighth inning of the afternoon slugfest, 11 to 2. Batteries: Graham and Borreani; Shea and Lombardi; second game: Boehler and Read; Edwards, Cole, Teachout and Cox.

FOREST FIRE NEAR TILLER BURNS 9 ACRES

(Continued from page 1.)

same time a call was made to the South Umpqua road crew to leave immediately for the fire.

The crew constructed a trench to keep the fire within the burned area; however, in many places the trench was not enough to hold the blaze, the sparks and embers being blown across the line, lighting grass and needles. At these points heavy patrol was necessary and a new line was built in order to keep the small back fires from assuming danger.

The splendid work of the fire fighters brought the blaze into control at about 5 p. m. with approximately 9 acres burned over. A heavy patrol was organized for emergency and was left in charge.

BORN

RAND—To Mr. and Mrs. E. O. Rand at their home in North Roseburg, Monday, August 13, 1928, a daughter.

Dry plowing requires a heavy plow and power to pull it. The McCormick-Deering tractor and disc plow will do excellent work. They are sold at Wharton Bros.

NATIONAL CAPITAL HIT BY HEAVIEST RAIN IN HISTORY

Water Sweeps Streets and Cellars and Outlying Acreages of Corn Are Ruined.

(Associated Press Leased Wire)

WASHINGTON, Aug. 13.—The national capital welcomed clear weather gratefully today after the worst 24-hour downpour of rain it has witnessed in its history.

Hundreds of motorists went after their automobiles stranded throughout the city and in the neighboring countryside which they were forced to abandon over the week-end when a terrific, steady precipitation caused motors to fail to respond.

In some sections of the city, particularly the southeast, streets were flooded so that their use was nigh impossible, cellars were filled with water and residents were forced to use boats to enter and leave their homes.

The Potomac river had risen considerably and new high levels were predicted but Major Brehon Somervell of the U. S. Engineers corps said he expected no serious flood situation.

In this surrounding countryside especially in Virginia to the northwest of Washington rain accompanied by almost gale force winds Saturday night laid low hundreds of acres of corn.

The amount of rain which fell in Washington between Saturday night and last night was the greatest ever recorded here. During that period the weather bureau said 6.31 inches came down.

Tugman Missing

PHILADELPHIA, Aug. 13.—One man is missing and nearly 100 other persons were rescued during the northeast storm which abated early today after lashing the coast from Virginia Capes to Sandy Hook.

The missing man is Otto Godfrey, a member of the crew of the tug Radiant, who was swept away when the tug sank in Delaware Bay.

The British tramp steamer Athlebach, which was blown aground off ship John Light at the Delaware capes, was floated today with the high tide and the assistance of two tugs.

The coal laden barge Irwin, which was being towed from Norfolk to New York with two other barges, sank off Sea Isle City, New Jersey. Her crew was saved. The tug abandoned the barge Horace Alyn with twelve feet of water in her hold after taking off her crew but safely brought to port a third barge.

The tug T. J. Hooper abandoned two of her tow of three barges off Hereford Inlet, New Jersey, and sought shelter at the Delaware breakwater. Today the tug went out to pick them up. The barges were in ballast.

Three Planes Wrecked

WASHINGTON, Aug. 13.—The navy department was advised today that three navy airplanes, one each from the battleships Utah, Arkansas and Florida, anchored in Guantanamo Bay, Cuba, were wrecked by a hurricane Saturday. The planes were being used in connection with the annual cruise of the Annapolis midshipmen and were staked at Hicacal beach.

STRATON WON'T ARGUE WITH AL INSIDE CHURCH

(Continued from page 1.)

publisher of the "Missouri Farmer," Doctor Tait Butler, publisher of the Minnesota Progressive Former; W. H. Settle, president of the Indiana Farm Bureau federation; and Mrs. Vernie Hatch, in charge of the women's department of the Indiana Farm Bureau federation; X. Caverno, president of the Missouri Cotton Growers' association; J. N. Kehoe, of the Burley Tobacco Growers' asaociation; and Chester C. Davis, former commissioner of agriculture in Montana.

B. W. Gilgore, president of the American Cotton Growers' exchange, and one of the publishers of the Progressive Farmer, also was to have been present, but it was explained he had failed to make train connections.

The group, some of whose members have been active in republican politics in the past, were taken in tow on their arrival here by George B. Graves, Governor Smith's secretary. Just before noon they were escorted to the executive mansion for their conference with the democratic nominee.

Love May Go on Ballot

SAN ANTONIO, Tex., Aug. 13.—Lieutenant-Governor Barry Miller of Dallas today requested the state democratic executive committee in session here to certify the name of Thomas B. Love of Dallas, as Miller's opponent in the coming run-off primary. Both men are candidates for the nomination as lieutenant governor.

In the first primary Love's name had been barred from the ballot in several counties on the grounds that his announced intention to vote against the party presidential nominee, Governor Alfred E. Smith of New York, disqualified him as a democrat. This stand was upheld by the fourth court of civil appeals in San Antonio when Love took the action of the Cameron county committee in leaving his name ff of the ballot to court.

Love's name was already on the ballot in most of the counties of the state, however, and he polled more than 150,000 votes, running second and thus apparently winning a place in the run-off election. Because of the ruling of the fourth of civil appeals, however, there was considerable speculation as to whether the state executive committee would certify Love's name for the run-off primary.

The committee took no immediate action on Miller's request, turning its attention to canvassing the primary vote.

Bourbon Papers Switch

OKLAHOMA CITY, Aug. 13.—E. K. Gaylord, publisher of the Daily Oklahoman and the Oklahoma City Times, two of the largest democratic newspapers in the state, announced today that the papers would support Herbert Hoover, the republican presidential nominee.

The publisher said the newspapers "will not join the republican party but neither are they going to join a liquor movement."

Hoover would "waste no useless efforts on prohibition," if elected, Gaylord said. He said Gov. Alfred E. Smith, the democratic candidate, would "concentrate his efforts on the modification of the Volstead Act," and added that the Oklahoman and Times "will not assist in building up a purely liquor party nor undertake a campaign to overthrow the 18th amendment."

The Tulsa Tribune, another of the larger democratic newspapers of Oklahoma, declared for Hoover almost immediately after his nomination.

HOOVER TO TALK FURTHER ON DRY LAW, IS BELIEF

(Continued from page 1.)

tion of his home state.

Congratulations Pour in

Additional messages regarding his acceptance address continued to pour into his home today, supplementing the 200 or more he received Saturday night and yesterday. He has been gratified by the purport of the telegrams, which came from democrats as well as republicans, which have indicated to him that the speech of acceptance was well received over the country generally.

Thomas B. Love, a democrtic leader of Texas, who already has announced that he would vote for Hoover, said: "I shall vote for you in November, and only blunders can prevent you from carrying Texas, whose voice you have uttered tonight."

W. N. Doak, vice president and legislative representative of the Brotherhood of Railroad Trainmen, hailed the speech as "the political masterpiece of the ages," while Alexander Moore, American ambassador to Peru, cabled congratulations on "a masterful address."

Senator James E. Watson, of Indiana, who bitterly fought Hoover in the pre-convention campaign, sent a telegram saying in part: "I heartily congratulate you upon this lucid declaration of your personal views and of party purpose."

E. S. Kinsley, nation committeeman for Vermont, sent congratulations on the prohibition statement, with particular emphasis on that part declaring the republican party denied the right of anyone to defeat the purpose of the constitution by indirection.

Others sending congratulatory messages included: William Wrigley, Jr., and Julius Rosenwald, of Chicago, Thomas O. Marvin, chairman of the tariff commission, Ed H. Clements national committeeman for Missouri, and D. D. Robertson, president of the Brotherhood of Railway Firemen.

As much as he appreciated these expressions, those which appealed especially to the nominee were those coming from persons he does not even know, and whose names generally are unknown. Among these were democrats as well as republicans.

WOMAN ROUTS INTRUDER

PORTLAND, Ore., Aug. 13.—When a man attempted to force his way into her home late last night, Mrs. Mamie Burke fired four shots and the man fled into Sullivan's Gulch nearby, she reported to police.

CAMP FIRE GIRLS RETURN FROM ENCAMPMENT

The annual summering of the Camp Fire Girls organization at the Boy Scout camp on Wolf creek came to a close Sunday night, the groups of girls and their guardians and Mrs. H. E. Cully, supervisor, returning to Roseburg this morning. Transportation to town was furnished by the Rotary club members, who took the younger boys, who will attend the camp with A. E. Britton, scoutmaster, to Wolf Creek on the trip. Between 25 and 30 boys will be at the camp.

A fine camp was reported this year by the Camp Fire Girls, this ending the four weeks session of two weeks each. Approximately 42 attended the first camp and 23 the second session. The ceremonial for the second encampment was held Sunday morning before the Sunday service and yesterday afternoon was given over to water sports, mainly relays, other races and diving exhibitions, showing the progress made by each girl.

LOS ANGELES FOLK PRAISE COUNTRY

"Tell your people that if they would advertise their country and tell the tourists about its beauties and wonders they wouldn't have hotels enough to hold the people who would come to visit it," was the statement made by Fred Darling, Los Angeles man, who with his family visited in Roseburg today. The party has been enjoying a two months' vacation trip and they went as far north as Campos River in British Columbia.

Although he has visited Oregon, Washington and British Columbia before, Mr. Darling stated today that the trip had been a revelation to him. "In fact," he said, "although we have planned a trip to Europe for next season, I am tempted to give it up and return to this country for my vacation again." Mr. Darling and his family intend to visit Klamath country and Diamond Lake before they return home.

HOPELESS CAUSE LEADER

SAN FRANCISCO, Aug. 13.—Anita Whitney, Oakland social worker sentenced in 1920 to from one to 14 years in prison for violation of the criminal syndicalist law, has been nominated for the U. S. senate by the Workers' Communist party. She accepted the nomination. Miss Whitney escaped the prison sentence through a pardon.

FAMILY HAS NARROW ESCAPE FROM FLAMES

(Associated Press Leased Wire)

PORTLAND, Ore., Aug. 13.—Warned of a fire in their two-story garage building, Frank Ballagile, his wife and small child narrowly escaped from the flames early today. The fire destroyed the building, at East 82nd street and King road, east of Milwaukee. The fire department was handicapped by lack of water supply.

MINIATURE WORLD SEEN UNDER THE BIG TENT FRIDAY

A miniature world, picturesque, bizarre, colorful, as foreign to humdrum every day life, as existence in the jungle is to the hectic life of the crowded mart, will settle among us for a brief space, when the Christy Circus pauses here Friday, August 17, on its annual hegira. The white city of the performers and menagerie exhibits will rise with the dawn, like a huge mirage on the eastern horizon, and with the dusk it will blazon and sparkle far into the night. And then with the coming of another dawn it will fold its tents and silently steal away.

When the Christy Circus village is established and the seventeen canopied white tops are erected, seven acres of ground are covered, and almost every trade and profession is represented. There are barbers, restauranteurs, lawyers, doctors, blacksmiths, wagon makers, detectives and so on down the line of village life, and there is everything that goes with a well regulated village except a charter.

Nearly every language is spoken in this strange colony, and all religions are represented. Most circus performers have strong religious leanings, for every time they enter the circus arena death stares them in the face, and they want to be prepared to meet their Maker. And rarely a Sunday goes by that the majority of them may not be found in the churches of their choice.

Everybody with the show is fed under two tremendous dining tents. A chef and seven cooks prepare the food and thirty-seven waiters serve it.

It would seem that after taking first place among all the circuses that ever existed, the Christy Circus would be content with that great distinction. But such is not the case. Not content to let well enough alone, they have contrived to still further enlarge their wonderful organization and today it stands as a sort of world's eighth wonder.

The two mile long parade will leave the show grounds promptly at noon, and performances are scheduled for two for the afternoon and eight for the night show. Doors will open an hour earlier so that all may have an opportunity to visit the menagerie.

Dr. E. E. Briley Says:

"In my practice in Spokane I have found Tru-Blu Honey-Sweetened Graham Crackers a very beneficial addition to the diet in digestive cases for undernourished children and for convalescents generally."
E. E. BRILEY, M.D., Spokane, Wash.

WOODEN BUILDINGS AT WALLA WALLA BURNED

WALLA WALLA, Wash., Aug. 13.—Fire yesterday destroyed several buildings which once had been used as pickle factory and dehydrating plant, but which were deserted, just west of the city. The buildings, old wooden structures, burned like tinder.

Two refrigerator cars standing near the plant caught fire and firemen were forced to play heavy streams of water on them for several minutes before they could be hauled away.

Considerable damage was done to power and light poles near the plant.

Eat barbecue sandwiches and live forever. Brand's Road Stand.

$4,000 FIRE LOSS

LA GRANDE, Ore., Aug. 13.—Fire in the business section of North Powder early today caused estimated loss of $4,000. It partly destroyed a brick building occupied by a restaurant and shoe shop. Most of the loss was covered by insurance.
