HEALTH INSTITUTE TO BE HELD HERE ON SEPTEMBER 18

Nurses and Seal Sale Workers to Meet Here for Conference—Officials Coming.

Mrs. Glendora Blakely, state advisory nurse, is spending a couple of days in Roseburg conferring with the members of the Douglas Health Unit with regard to the details for the health institute and seal sale conference to be held in Roseburg September 18. Mrs. Blakely states that it has been decided to call a meeting of the nurses in connection with the seal sale conference, and it is expected that there will be 25 or more health workers from various parts of the state present. Nurses from Lane, Douglas, Coos, Jackson, Klamath, Deschutes, Josephine and Curry counties will participate in the institute, which will be held on the afternoon of the 18th. The morning of that date will be given over to a general public health program, at which time prominent workers will make short talks concerning the Christmas Seal Sale, money from which is used annually for health work. Dr. Phillip Jacobs, of New York City, publicity director for the National Tuberculosis association, will be the chief speaker at the health program and the institute. Sadie Orr Dunbar, executive secretary of the Oregon State Tuberculosis association; Jean Besley, health education director; Lloyd Wilcox, publicity director; Gertrude Deutsch, instructor of health education at Monmouth Normal; Mary Blumeyer, field supervisor of the bureau of nursing, and Mrs. Blakely will be among the prominent health workers who will be present for the meeting. In addition to these persons regularly engaged in this work, there will be the various chairmen and heads of the county seal sale committees from each of the counties previously named, making a large group that will gather for this important conference.

BOYS BACK FROM CAMP

The group of younger boys, ranging in age from 9 to 12 years, who have been camping at Wolf Creek on Little river, returned home Sunday. There were 24 boys in the group, and all had a most enjoyable time. The water was too cold to give much time to swimming so that the boys were kept busy largely in learning knot tying, and woodcraft, with several hikes interspersed for additional diversion. E. A. Britton, scout executive, who was in charge of the camp is leaving Tuesday for Coos county to prepare for the Elk river camp which opens on Thursday. The Elk river camp is for Coos county Scouts who were unable to take in the Wolf creek camp this year. It will last for six days.

LOS ANGELES MAN OPENS A POULTRY PLANT IN THIS CITY

Believing that Roseburg is destined in a few years to become the center of a more prosperous poultry section, and that the industry will supply constantly increasing shipments of dressed poultry for outside markets, Mr. Sam Baker, of Los Angeles, decided to open a local plant and engage in buying and selling of all classes of poultry and poultry products. The building at the railroad spur in North Roseburg, 643 Winchester street, formerly occupied by the Farm Bureau, has been leased and is being put in order for the work. A big lot of equipment is being installed this week and in a few days the plant will be opened for business. Mr. Baker has had fifteen years of experience in this line, and also will extend expert advice to poultry raisers regarding their flocks, including work of culling. Mr. F. Leslie, who is quite well known here is assisting Mr. Baker in the work of installing fixtures at the plant. It is the intention of Mr. Baker to send out price quotations regularly, keeping farmers informed as to the markets, and to encourage poultry raising on a large scale.

THE PURETEST CASTOR OIL

made from freshly harvested beans. It has a sweet, nutty taste, not unlike a good salad oil. Can be taken easily. Safe for children. Soothing in action. Cheaper because it's better.

14 SEAMEN PERISH

(Associated Press Leased Wire)

PANAMA, Aug. 21.—The Myrtle line steamer, W. S. McKenney, arriving here today from Seattle, reports the loss of fourteen of her crew on the night of August 8. They were washed overboard by a mountainous wave while trying to cross the hatchway. The wind attained a velocity estimated at 120 to 150 miles an hour.

"POOCH" DONOVAN DEAD

(Associated Press Leased Wire)

NATIC, Mass., Aug. 21.—William F. "Pooch" Donovan, noted Harvard athletic trainer, a sprint star in his youth, and internationally known as an authority in many sports, died at his home here early today. He was 42 years old. Donovan was stricken at the Olympic games at Amsterdam and on the advice of physicians returned in advance of the team.

LOCAL INSTRUCTOR SECURES POSITION STATE SUPERVISOR

Miss Frances Wright, who for the past two years has been at the head of the home economics department and cafeteria at the senior high school, has been appointed state supervisor of home economics and will be connected with the vocational education department maintained by the Smith-Hughes fund, and will work in cooperation with the state department of education. Miss Wright will have supervision over the three Smith-Hughes home economics courses in the state and will also act as supervisor and advisor for other schools of the state maintaining a home economics course in the state and will also act as supervisor and advisor for other schools of the state maintaining home economics courses. She is perfectly qualified through training and experience for this work, being extremely efficient in her work. The home economics department of the local high school has been a strong feature of its work during the time she has been in this city. She has had previous training in schools in Kansas, Arizona and Idaho. The new position is a decided promotion and puts her in line for still further advancement in the future. Her place here will be taken by Miss Elizabeth Bourhill, who is coming here from Portland.

COQUILLE COUPLE HURT IN ACCIDENT YESTERDAY

Mr. and Mrs. C. H. Bunch, elderly people from Coquille, were in Roseburg this morning enroute home after visiting at Forest Grove and Gaston. They had their car knocked into the ditch at a point about four miles south of Corvallis, yesterday, and both were considerably bruised and hurt. Mrs. Bunch is suffering from a badly wrenched back, with bruises about the face and hands. The car was thrown over on one side in the accident. These people had expected to make Roseburg last night to visit with friends here, but after damage to the car had been made they were compelled to stop over at Junction. They drove to Coquille today.

OLD FINE IS PAID

Justice of the Peace Hopkins this morning received \$10, representing the last installment of a \$50 fine imposed upon Ike Allen of Marshfield, early in January. Allen was arrested on January 6 of this year by Ed Walker, deputy game warden, charged with possession of venison during closed season. He was fined \$50 and agreed that he would pay the amount if allowed to go back to work. He paid \$25 later in the month and a few weeks after that made another payment of \$15, but after that time he failed to pay. Judge Hopkins allowed the case to hang on until last week, when he ordered Allen committed to jail, unless the remainder of the fine should be paid. This action brought quick results and the final payment was received this morning.

SUKSDORF ORCHARD YIELDS FINE PEACHES

Mrs. A. F. Saksdorf, of Coos Junction, called at the News-Review sanctum this morning and presented a box of delicious peaches, grown at the Saksdorf orchard at the junction. Mrs. Saksdorf says they have 20 acres of peaches and the trees are loaded down with the fruit. The peaches are selling at 80 cents per box or from \$1 to \$1.75 per bushel. The peaches from their place were well colored and of excellent quality. In addition to 20 acres of peaches they have a quantity of prunes, apples and pears.

PORTLAND SAVINGS AND LOAN CONCERNS UNITE

(Associated Press Leased Wire)

PORTLAND, Ore., Aug. 20.—Plans for merger of the Union Savings & Loan association with the Federal Savings & Loan association, have been announced. Combined assets will approximate \$3,300,000, with nearly 11,000 members.

Grant Phelley, president, and J. R. Callahan, secretary-manager of the Federal Savings & Loan, will be president and vice president-manager of the Union Savings & Loan.

Ben W. O'Boyle, president of the Union Savings & Loan since the first of the year, will be on the board of directors.

Medford Visitors—Mr. and Mrs. B. L. Barry of Medford were arrivals in this city yesterday for a brief business visit.

Everything the Name Implies

COLUMBUS KNIGHTS WILL NOT ENDORSE GOVERNOR SMITH

(Associated Press Leased Wire)

CLEVELAND, Aug. 21.—With more than 50,000 members of Cleveland Catholic orders parading through town, and celebration of a pontifical high mass, the supreme council of the Knights of Columbus reached its busiest and most eventful day of its convention today.

Two questions—the situation in Mexico and alleged circulation of a spurious Knights of Columbus "oath"—were expected to cause the most discussion at the convention. Martin H. Carmody, supreme knight, said the expulsion of priests and nuns from Mexico constituted a problem in which the Knights of Columbus feel very deeply. He announced the convention would reaffirm the stand taken at the 1925 convention in Philadelphia, protesting to the United States government the expulsion of Catholics from Mexico. "We have never urged intervention, but we have voiced our protest emphatically," he said.

Carmody also announced that the Knights, who number 700,000 members in the country, would not participate in the forthcoming presidential election.

"The Knights of Columbus positively will not endorse Governor Alfred E. Smith or any other candidate for any other office," Carmody said. "Ours is a strictly non-partisan organization. Our membership is recruited from men with every political faith."

KIWANIANS LISTEN TO INTERESTING HEALTH TALK

An interesting health talk was presented at the Kiwanis club luncheon program today noon by Dr. DeWalt Payne, county health officer. Dr. Payne gave a general discussion of the economical importance of public health work, and then took up some of the issues of the local pasteurization campaign now being conducted in connection with the local milk supply, showing the reasons why safeguards should be placed about the city's milk supply as a matter of economy.

TORNADOES DEAL RUIN AND DEATH

(Continued from page 1.)

American Legion aided company H, Minnesota national guard, in patrolling the streets of Austin today as a check of the damage was started after a night of darkness, due to failure of power lines.

"Fifteen of the persons injured at Austin required hospital treatment, and three are not expected to recover.

Tornado's Path.

The Minnesota tornado apparently started in the vicinity of Emmons, in Freeborn county, near the Iowa line. It swung northeastward, missing Glenville, and working its way into Austin and then turned to enter Iowa.

As the tornado swept on toward Austin, farm buildings and crops were crushed. A heavy rain followed and roads were flooded and some pavement washed away. More than fifty automobiles were wrecked. In Austin by the storm which seemed to pick out and follow Main street, the principal thoroughfare through the city. Starting at 4:55 p. m., the tornado in less than eight minutes had covered a path two miles wide and about two miles long in Austin, where the damage was estimated at \$500,000.

All the buildings at the county fair grounds, where the fair was to have opened today, were wrecked. Doctors at the hospital worked over the injured under severe handicaps, because of lack of lights and electric power.

DR. HOOVER SEES NEED FOR WORK ON N. UMPQUA ROAD

Most Important Project for Roseburg and Douglas County, Physician Says.

"I can't understand why Roseburg and Douglas county continue to sit idly by and let our neighboring counties exploit our resources and secure all the advantages that rightly belong to us," Dr. E. V. Hoover declared today, following his return from a trip to various parts of Oregon, including Diamond and Crater Lakes.

"Last Sunday," he said, "there were 3,000 persons checked into Crater Lake national park. A large portion of these visitors went on to Diamond Lake to visit that wonderful place. Medford, Klamath Falls and Eugene have all built roads tapping Diamond Lake and are therefore benefitting from this heavy tourist travel, but here we sit by with a 22-mile gap on the best road of all and are doing nothing.

"Certainly if Medford and Jackson county and Eugene and Lane county can build roads to Diamond Lake we can do so if we will put forth an equal effort. If we are not going to wake up and do something, we better nail shutters over our windows and quit business.

"The North Umpqua road means more to Roseburg and Douglas county than any other project, and yet we are doing practically nothing to get it. Eugene is building in by Oakridge and Odell lake and is now beginning to exploit the trip to Diamond Lake. Medford has secured a most wonderful road to Crater and Diamond lakes, and we have nothing, although our route is superior to any of them."

Dr. Hoover, accompanied by his wife and daughter, Ruth, made a motor trip to Portland, then out the Columbia highway, and also over the Mt. Hood loop. They spent considerable time in Sherman county, where Dr. Hoover was greatly impressed with the wheat outlook. There have been no farms sold in Sherman county for the last three years, Dr. Hoover said, as the wheat growing has been so profitable. They came over The Dalles-California highway to Bend, and then took the skyline route to Diamond and Crater lakes, and back by way of Medford.
