FILLED or FED

In both cases the stomachs of the animals are usually loaded to capacity, but just the same there is a big difference in the results the animal or fowl produces.

You can fill a cow on millrun, or a hen on wheat but neither will produce as well as if fed on a balanced ration, designed to promote production and to keep the animal or fowl in perfect health.

Umpqua Poultry and Dairy feeds are formulated with the idea of repeat business, we are not trying to make the cheapest feed on the market, but to make the best feed money can build for a minimum of cost.

We can use more millrun, or more ground oats and lower the cost, but what about RESULTS. That's what brings us new customers and keeps the old ones coming back.

You cannot buy better feeds than Umpqua Brand. They are made and sold Direct to the man who uses them. Always Fresh. Always Uniform. and Always Clean Feeds.

LIQUOR PARTY FATAL TO WOMAN; GUEST IS SOUGHT

PORTLAND, Ore., Aug. 28.—A man known only as "Joe" was being sought here today for questioning by police as the result of a liquor party last night that ended in the death of Mrs. Hilda Johnson.

Police were called in when Gust Johnson, husband of the woman, failed to revive her. Johnson told

officers that he and his wife, with "Joe" had been drinking. He left the place for a few minutes, he said, and when he returned, found the woman unconscious and Joe missing.

Physicians said the woman had probably died from acute alcoholism. Johnson is being held for a coroner's examination.
