

LOCAL NEWS

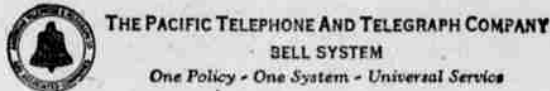

What is due the public

THE BELL System recognizes the public requirement for a constantly extending and improving telephone service.

During the last five years the Bell System spent \$1,800,000,000 on additions and improvements of its plant.

There is equally a public requirement for safety of principal and earnings of the stock of the American Telephone and Telegraph Company.

The very nature of the telephone business necessitates a single interconnected system.

Violation Charged—

David Francis of Ustine, Nevada, was charged in the justice court yesterday afternoon with violation of the motor vehicle laws, causing an accident south of the city by driving on the wrong side of the road and colliding with the machine driven by Constable P. S. Dillard. The defendant entered a plea of guilty before Judge Hopkins and was fined \$15.

DOUGLAS COUNTY TO HAVE FINE SHOWING AT THE STATE FAIR

Douglas county will have another fine exhibit at the state fair again this year, according to C. O. Garrett, of Glendale, who is in charge of the task of gathering the material for the display. Mr. Garrett was in town today looking after business matters and incidentally arranging for the loading of the exhibit, which will be shipped the last of next week.

He states that he has obtained some fine pears from Ewens Bros. and Mark Tiedale at Sutherland, some excellent pears and apples from Garden Valley, Looking Glass and Riddle, corn from the South Umpqua district and Garden Valley, and a great deal of grain from the south portion of the county. Additional exhibits will be obtained from the community fairs at Glide and Yoncalla.

Mr. Garrett is being assisted by County Agent J. C. Leedy, and J. Roland Parker, county club leader.

14 SLAIN IN TRAIN-AUTO COLLISIONS (Continued from page 1)

13—Six children of Mr. and Mrs. Peyeur were burned to death today when the children's cousin, Muria Peyeur, tried to revive a smouldering fire in the kitchen stove with kerosene. The woman suffered burns from which she may die. The parents, with a baby and a 13-year-old daughter, escaped.

THREE PERSONS KILLED WHEN TRUCKS COLLIDE

CASTLE ROCK, Colo., Sept. 12.—Three persons were killed last night in an accident on the highway a mile and a half north of here when a truck loaded with three tons of apples crashed into another truck carrying four horses which was parked at the roadside. The dead: William Anderson, 60, of Denver; Carl Self, 25, Greeley, and Self's niece, Mary, 2 years old.

Eliminate valve-grinding with this oil of "endurance beyond belief." Stops carbon trouble, too

Stability The new Cycol will stand the hardest kind of usage. It is refined to meet the severest conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest. Less Carbon As to carbon, Cychol like all oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement. No Acids The new Cychol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value. Prove it yourself Cychol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon troubles.
