

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION

FOR THE COUGH FROM COLDS THAT HANG ON

4 PRISONERS

BREAK OUT OF WOODEN JAIL

(Continued from page 1.)

then waited for darkness to come. The note was made during the afternoon while the workmen at the new courthouse a few feet away were creating a great deal of noise. The prisoners could have made a far greater amount of noise and not have been heard because of the disturbance caused by the work of clearing out scrap lumber and supports on the new structure.

This is the first jail break since Sheriff Percy A. Webb took over the administration, as special effort has been devoted to watching the makeshift jail. The escape yesterday could have been the result of careful timing and close watch on the officers. The men at large are not dangerous except for Jesse E. Brown, the firebug, as they are "hoboes" who were serving time for larceny. Brown was brought back to this city yesterday from Portland, where he was taken for an examination into the state of his mentality, having pleaded insanity when charged with setting fires at Yoncalla.

Average seasonal precip. Sept. to May, inclusive 51.16

Forecast for interior southwest Oregon: Unsettled with rain to night and Friday; moderate temperature.

DRIVE FOR COIN FOR CHEST PARTY HALF WAY MARK

(Continued from page 1.)

While the total thus received is not large it nevertheless plays a big part when it comes to build up the total fund.

Help Chest Survive

The Community Chest recognizes no race, religion or creed. It has a plan which is simple and virtually every citizen would contribute to any one of the beneficiary organizations named on the list which was published. According to information available those beneficiary organizations each took more out of Roseburg before the Chest started, but the cost of getting the money was greater, too, so their net returns were about the same. These organizations, however, cannot survive if the same contribution to them are reduced. They would be forced back to the old plan, it is said, where each one would have to help.

"Roseburg people must rally to the aid of the Community Chest if sufficient funds are obtained to provide a workable budget," said Frank Matthews, the chairman of the Chest. "Ask yourself how much you would give in the period of a year if your town were not protected by the Chest. Would you say 'no' to repeated requests to support the boys' band, the Boy Scouts, the municipal band or the Campfire girls? Or would you contribute according to your frame of mind when you were struck up to 'help some poor fellow' buy his family something to eat? And later find the man had 'toughed' merchants up and down the street. Do you know of a more economical way in which to support the Chest charitable institutions? The cause is worthy. Can you make your dollar do more good for charity than the experienced committee who assume the responsibility of investigating cases?"

"Ask yourself these questions, but don't turn down the solicitor on the spur of the moment. The plan is the most just yet devised for equitable distribution of the public dollar. Give thought to your contribution now and be ready to meet the canvasser when he comes, or better, send in your subscription. Help Roseburg, the Community Chest. Who knows—you, yourself, may be the very one to appear for aid. An ounce of prevention is worth a pound of cure."

Following is the list of subscribers who turned in their money and pledges up to 10 o'clock today: Churchill Hardware Co., \$40; Douglas National Bank, \$60; First State and Savings Bank, \$60; Commercial Bank, \$60; Douglas County Creamery, \$50; Pacific Telephone Co., \$50; J. C. Penney Co., \$10; Dr. E. B. Stewart, \$35; Douglas Ice and Storage, \$35; August Heck, Oregon Bakery, \$30; F. J. The strong light of team spirit is forcing back the shadows from the \$4500 goal post. Victory is in sight. Everything depends on endurance now.

H. O. Durg with the early handling of a small team started determinedly to overcome the obstacle and sprinted to an early lead. His team now holds third place in dollars turned in but he is still first in percentage of goals.

Noble Goettel, youngest Roseburgite of the captain group, has bought a valiant fight, loyally supported by his team, and has continued steadily to bring in subscriptions. At the first report his team was in third position. At the second report he had gained on second place and at the third report he had climbed into second position with his team. His team has not been favored by plums in the form of extra large subscriptions.

W. F. Harris' team holds the honors for number of dollars brought in, but in percentage it is in third position. Harris made a good start and has kept it up, but the superhuman efforts of Berg with his small team kept Harris' team in second place for number of dollars until the second report.

Beautiful Tans, Greys, and Browns.

Reasonable price? You can depend on that for we have them from \$25 to \$40.

(SHOWER PROOFED)

was brought in Wednesday morning. Harris came back with a vengeance, however, and has held the lead for the total amount ever since.

A. J. Hochradel started in with a team so large that he ranks broke at the very outset and kept him busy reorganizing until yesterday when it finally got under way and showed the largest percentage in dollars and the largest percentage increase of all the teams. Even though Hochradel's group is in fourth position, reports indicate that it is after the goal of the other teams. The delayed finish of the drive is all in Hochradel's favor.

Medal is Needed. Needed—a medal. Since there is no prize offered the team which brings in the biggest percentage of its quota in the Community Chest drive, this public appeal has been made.

The medal may be of wood, leather, cloth or metal. It must be lettered with the following words: "Award for the captain of winning team in Roseburg Community Chest drive for 1928." It should be so contrived that it may be most easily worn in public by the winner. It may bear the name of the donor.

It is hoped by the committee in charge of the drive that some public spirited citizen will rise to the occasion and donate this medal to be bestowed upon the captain of the most successful team. In order that the Community Chest headquarters not be flooded with offered medals, it is requested that the donor telephone 282 before making his offer.

HALLOWEEN IS QUIET

The usual Halloween property damage and disturbance failed to materialize last night, although Chief of Police Vaughn had placed four extra men on the streets to forestall any window soaping, shrub pulling, etc. The chief reported that Roseburg people were "very good" last night.

CAUSE AND EFFECT

ANNE: You know, I think Sally has finally married Jack after all. JANE: Why?

ANNE: Well, she is running around with Bob all the time now.—Life.

STAGE MONEY

FIRST ACTOR: My dear fellow, I'd lend you the money if I thought you'd pay it back.

SECOND ACTOR: Pay it back? Why, man, in my new play I make \$5,000 in the first act.—Bulletin-Sydney.

STATEMENT OF PERCY A. WEBB

Republican Candidate for SHERIFF

TO THE VOTERS OF DOUGLAS COUNTY:

During this fall there has been a number of cases of stealing of domestic livestock, particularly sheep and turkeys, in the county. Due to the use of automobiles by the criminals, no time can be lost in investigating these cases and running down the thieves. For that reason I have been unable to give much time to my candidacy for election as sheriff. I have felt that the duties of the office must come first and have stayed on the job. I take this moment of respite from those of you whom I have been unable to see personally in regard to my candidacy for sheriff on the Republican ticket.

Protection of the lives, moral welfare, and property of the citizens of Douglas county, both old and young, rests with the sheriff's office. The sheriff is also entrusted with the collection of taxes and with the service of all civil papers pertaining to the circuit court.

These various duties of the sheriff's office require special training and experience. My present office force is selected and trained for that work. If this force be replaced, it would necessarily result in poorer service until the new force had gained the necessary experience.

The Pacific highway brings into our county the hardened, experienced criminal as well as the amateur. The ability to detect and apprehend the criminal can be gained only by experience in that work. In my one year in the sheriff's office I have handled over 250 cases of law violations that were followed by arrest, with ninety-five per cent of convictions resulting. These cases included larceny, burglary, arson, moral offenses against children, prohibition violations, and practically every other type of criminal offense.

An officer must know what evidence is necessary in criminal cases and must know how to secure and preserve such evidence. This knowledge can come only from doing that work.

Finally, I believe that training gained by experience alone can guarantee protection from the criminal. No man no matter how willing, can successfully enforce the law until he has learned that work.

When you hire a man to work on your farm or in your place of business, you want one with experience in that particular line of work. How much more necessary is it to have a trained man in the office of sheriff who has the responsibility of protecting not only your property but your lives and the moral welfare of your children?

During the year since I was appointed to succeed Sheriff Sam Starmer I have had the actual experience which is absolutely necessary to efficient work in the sheriff's office. Prior to that time I had served as deputy sheriff and on the police force. Because of my training in this line of work, and on the strength of my record as sheriff for the last year, I can confidently pledge that, if elected sheriff on November 6th, I can and will give Douglas county an efficient and economical administration of the sheriff's office and honest and thorough protection from the law violator.

Respectfully submitted, PERCY A. WEBB.

Vote SIX Percy A. Webb. (Paid Advt.)

OUR PRACTICAL KNOWLEDGE

YES EXPERT LAUNDRY WORK'S AN ART AND WE HAVE LEARNED TO DO OUR PART!

Our practical knowledge of the laundry business enables us to turn out work of surprising excellence. Whenever you see a well laundered, delicate shirtwaist and fresh, attractive table napery you should think of this laundry.
