ERNEST ARUNDEL DIES IN CALIFORNIA

Ernest Ivan Arundel, son of C. H. Arundel of this city, passed away at his home in Inglewood, California, as the result of septic poisoning, according to word received in Roseburg yesterday morning. The news of his death came as a severe shock to the friends and relatives for they did not know that he had been ill.

He was born November 12, 1898 at Omaha, Neb., and was educated at Omaha and Roseburg, attending high school here. He was a member of the 4th company, Oregon coast artillery, and was mustered in at Roseburg when the national guard was called out during the World War. He served from July 1917 to March, 1919, during which time he was with the 102d, 103d, 104th and 105th regiments, as corporal in Battery B 43rd artillery C. A. C.

He was an accomplished violinist and pianist and after going to California played several times for radio programs. For the past five years he was employed in the office of the Shell Oil company serving in offices at Long Beach, Los Angeles and Inglewood, where he received various promotions.

Five years ago he married Miss Verona Franklin of Los Angeles and leaves his widow, a three-year-old daughter, his father, C. H. Arundel, two sisters, and two half-brothers, as well as a great host of friends.

While residing in this city, the deceased was a member of the American Legion, the local chapter of the I. O. O. F. and of the Elks, of which he was a member at the time of his death. He was baptized and reared in the Episcopal church.

RICHFIELD CHAIN OF AIR BEACONS IS NOW STARTED

The Richfield Oil company's "great white way" of air beacons, which will eventually blaze a sky and highway path of light along every air route between Mexico and the Canadian border has already been partially made a reality.

The company recently announced a plan for a long chain of beacon stations, and Roseburg is included among the places where the beacons will be installed. Three of the beacon towers already have been completed in southern California—at Palm City, Beaumont, and Capistrano Beach—and arrangements are now being made for an official function, probably at Capistrano, marking the turning on of the electricity.

Other towers, on sites which have been selected all the way to the Canadian line, will rise at the rate of one a month, or even faster, till the great chain of glowing Neon Richfield signs will stain the sky with a ruddy message of cheer for night flyers or motorists all the way up the "Three-Flag Trail." The program of the Richfield company calls for the establishment of unique service stations, each in Spanish-American architecture, at the foot of the gigantic electrical beacons. These, it is anticipated, will form the nucleus for ideal villages at the site of each light tower—villages consisting of hotel, cafe, garages, stores and dwellings in addition to the filling stations.

The first of the towers to be completed was that at Capistrano Beach, adjacent to the picturesque town of San Juan Capistrano, home of the mission of the same name, on the highway between Los Angeles and San Diego. The second was the beacon tower at Palm City, within a very short distance of the international line at Tia Juana, Mexico. The third tower is at Beaumont, interesting town of the desert on the colorful highway which traverses Los Angeles and El Centro in Imperial Valley via Indio and the Salton Sea.

Work is now being done on the tower and station at Santa Rosa and, with its completion some time later this month, a formal opening of that station is also planned.

SOUTH METHODISTS FELICITATE UPON SMITH'S DEFEAT

COLUMBIUS, Ga., Nov. 11.—A resolution of the youth Georgia conference of the Methodist Episcopal Church, South, hails the defeat of a "friend and advocate of the liquor traffic" in the presidential election thereby "attribution the hands of missionaries in foreign fields."

Terminating the outcome of the presidential campaign a moral victory because the "enemies of prohibition and the eighteenth amendment" were overwhelmingly defeated. "The who merchants of France and the brewers of Great Britain were hoping for the defeat of prohibition in America as an evidence of its failure. The Mohammedan world expected a collapse of the moral reforms of the infidel (Christians). In the Far East the opponents of temperance reforms accused the inability of the movement on the ground that it would not be applied or sustained in Christian America. The overwhelming defeat of the friend and advocate of the liquor traffic is a great moral victory, and for the effect upon the moral forces in non-Christian lands. We give God grateful thanks."

"Chesterfield—there's a cigarette!"

Mild enough for anybody... and yet they Satisfy\*

\*If your taste demands something more than mildness, ask yourself this question: "Where can I get mildness without flatness; where can I get mildness with taste?"

Where indeed—except in Chesterfield? Of what other cigarette, in all your experience, can this truthfully be said: "They're mild—and yet they satisfy!"

NEGRO IS ELECTED TO KANSAS LEGISLATURE

Associated Press Special Wire TOPEKA, Kans., Nov. 11.—For the second time in the history of Kansas, a negro has been elected to the state legislature. Dr. William M. Blount of Kansas City, Kan., a republican, was elected representative from the eighth legislative district, defeating James M. Maske, democratic nominee, by a margin of 625 votes. The district is populated by many negroes. The late Rev. Alfred Falstaff, negro Baptist minister, was elected to the state legislature in 1888 as representative from Chautauqua county.

TRAIN CREWS BLAMED FOR COTENA COLLISION

(Associated Press Special Wire) WASHINGTON, Nov. 11.—Responsibility for a Southern Pacific train collision at Cortena, Calif., last July 29, resulting in the injury of 124 persons, was blamed on the train crews by the bureau of safety of the interstate commerce commerce commission yesterday. Inadequate flag protection, and excessive speed, were declared causes of the crash in which 67 passengers, three mail clerks and 54 Pullman and railroad employees were injured. The bureau of safety filed a report with the commission today after an investigation made in conjunction with representatives of the railroad commission in California.

OREGON BOOSTER TALK

(Associated Press Special Wire) CORVALLIS, Ore., Nov. 10.—Cooperation of educational institutions and chambers of commerce in spreading knowledge of advantages of Oregon and the north-west was advocated last night by President W. J. Kerr of Oregon State college in an address to the association of chamber of commerce secretaries in semi-annual meeting here. President Kerr said the state in the past has not fully appreciated the value of advertising. President C. T. Baker, Medford, head of the association, and other visiting secretaries praised business initiatives started last year and asked their continuance.
