

PORTLAND STILL WANTS TO ENFORCE TRAFFIC STATUTE

(Associated Press Local Wire) PORTLAND, Ore., Dec. 12.—Traffic police hammering away at their drive against reckless motorists added 272 arrests in the past 24 hours.

Offenses ranged from running through traffic signals to reckless driving. That was the largest number of arrests made on any one single day of the drive, which started Saturday night.

To date, 950 motorists have been arrested for minor infractions—163 Saturday and Sunday, 255 Monday, 242 Tuesday and 272 Wednesday.

A large percentage of those arrested appeared in court where they paid fines ranging from \$2.50 for improper lights to \$25 for reckless driving and speeding.

The city has collected fines of about \$2000 as a result of the drive, about one-seventh of the total fines collected all last year.

Despite repeated warnings by police, many bench warrants have been issued because drivers failed to show up in court.

PEACH LEAF CURL Peach curl leaf did considerable damage to the peach orchards of Douglas county during the past year in reducing yields and in de-vitalizing trees.

Portland Banker and Baseball Backer Dead—(Associated Press Local Wire) PORTLAND, Ore., Dec. 12.—John T. Marshall, 76, for many years prominent in banking and civic affairs in Portland, died here today. He organized the first baseball club Portland had in the coast league. After coming to Portland in 1882 he was for years cashier of the Almswain National bank.

Illinois Boy, 10 Is Six Feet Six—Robert Wadlow of Alton, Ill., is only ten years old but he's full size. The youth weighs 211 pounds and is six feet six inches tall. He is shown here, left, with his father, who is six feet tall. Physicians say the boy's growth is caused by an over-active pituitary gland and believe Robert's height will reach nine feet.

Nerves were all unstrung—head pained continually. A woman of sixty complained of continual headaches and nerves badly unstrung. "After taking Agmet" she writes, "my headaches disappeared and my nerves quieted." Here is another letter among thousands from Agmet users: "My blood pressure is now normal and my restless, irritable feeling is gone." A son writes: "I persuaded my mother to try Agmet for stomach indigestion. She is delighted with her improvement."

What is Agmet? A great natural health tonic. The sap of milk of the Milkweed plant combined with the most powerful vegetable water. Nothing added. Especially rich in important minerals and other vital elements necessary for the proper adjustment and functioning of the body. A cold tonic. Not a medicine. It is a natural health tonic. Thousands are being cured of the following symptoms: Nervousness, Agitation, Headache, Stomach Indigestion, Diarrhea.

High Blood Pressure, Kidney Inflammation, Stomach Indigestion, Diarrhea.

DETECTIVE RAID NETS BEER GANG, HEAVY ARSENAL

(Associated Press Local Wire) NEW YORK, Dec. 13.—Raiding a Bronx speakeasy early today, city detectives seized a large quantity of pistols and ammunition and believe they frustrated an attempt to avenge the death of Joseph Noe, reputed beer runner, slain recently in a Broadway gun duel.

Eight men were arrested, and the police seized six loaded pistols, 500 pounds of shotgun ammunition, 1500 pounds of revolver ammunition, three bullet proof vests and a loaded sub-machine gun magazine.

The police said the resort had been Noe's headquarters and they expressed the belief that his gang was preparing an attack upon a rival beer running gang thought responsible for Noe's slaying.

The duel had taken place on October 16 at Broadway and 54th street. Noe's opponent, Louis Weisberg, a former convict, was found dead in an automobile in an east side garage where the police had traced it after the shooting.

Of the eight men arrested, police were chiefly interested in Joseph Pito, who said he was out on \$5,000 bail for the attempted murder of Eddie Diamond in Denver, Colo., several months ago. Eddie Diamond is a brother of Jack Diamond, gunman whose name has been mentioned in the Arnold Rothstein murder investigation.

Several shots were fired at Eddie Diamond, who is in Colorado for his health and Pito and Gene Moran were arrested. Moran is now in Chicago under bail. Pito said he told Denver police his name was James Joseph Nolan.

Discharged State Employee is Short in Accounts \$600 (Associated Press Local Wire) SALEM, Ore., Dec. 13.—The surety company that furnished the bond for R. D. Parrish, bookkeeper at the state tuberculosis hospital, is attempting to locate Parrish in Portland following Parrish's discharge from the institution when a shortage in his accounts was discovered. Parrish, according to Dr. G. C. Bellinger, hospital superintendent, admitted a shortage of about \$600. An audit of the books is being made by Otto Kubin of the state department to get an accurate check on the shortages.

Parrish had been employed by the institution about a year. About a week ago the overdrawal of the hospital's bank account came to the notice of Dr. Bellinger. Parrish, it is said, admitted the shortage when Bellinger asked him for an explanation, and he was immediately discharged.

Parrish, according to Dr. Bellinger, said he would make good the shortage. He was about Salem until Monday and by telephone informed Bellinger that he had succeeded in raising about half the amount. He then left for Portland, to raise the remainder, he said. He did not turn any money over to the hospital.

LEAGUE'S APPEAL MAY PREVENT WAR IN SOUTH AMERICA

Paraguay Will Fulfill Its Obligations, Is Promise—Bolivia's Reply Is Being Prepared. (Associated Press Local Wire) LUGANO, Switzerland, Dec. 13.—The council of the League of Nations today had under advisement communications from Paraguay and Bolivia and was waiting for a further promised message from Bolivia regarding the League's appeal for pacific settlement of the boundary dispute.

Declaring that Paraguay would accept and faithfully fulfill her international obligations, the Paraguayan foreign minister cabled President Briand that the council's appeal "framed proof of the lofty spirit of peace" governing that body.

He charged that Bolivia had refused to participate in the plan of submission of a commission whose purpose was to avoid conflicts between American states, basing her refusal on what he called a mere statement of alleged grievances.

The message from Bolivia came from Foreign Minister Palacios and announced that he had admitted the council's appeal to the president and would reply shortly.

Washington Advised WASHINGTON, Dec. 13.—The Paraguayan charge d'affaires, Berterio, identical notes today to the state department and to Dr. Victor Maurtua of Peru, chairman of the Pan American conference committee, looking into the Paraguayan-Bolivian boundary dispute, in which he described the situation as giving rise to the danger of imminent war.

The note transmitted information received from Paraguay to the effect that Bolivia was massing troops and war materials in the neighborhood of the border in violation of the League of Nations pact which gave rise to the present difficulties. In explanation of the situation the note added that in view of the proximity of permanent Paraguayan garrisons in that region, the danger of an armed clash was great.

The Bolivian minister said today that he had no information from his government as to war like preparations, and that he understood no mobilization measures had been taken such as the recall to the colors of reserves. The minister, however, said that he saw nothing extraordinary in the fact that his country might be sending troops to the border as a prudent move.

Parrish, according to Dr. Bellinger, said he would make good the shortage. He was about Salem until Monday and by telephone informed Bellinger that he had succeeded in raising about half the amount. He then left for Portland, to raise the remainder, he said. He did not turn any money over to the hospital.
