Coated Tongue Means Poisoned System

Your tongue tells your health! If tongue is coated in the morning and you have a bad taste in your mouth, it usually means your system is filling with poisons from waste matter retained in the body. This state of self-poisoning, or auto-intoxication, causes chronic constipation, sick headaches, sour stomach, and often high blood pressure and hardening arteries. You need to stimulate your liver so it can remove the poisons from the blood and clean the waste out of the colon. Pure ox gall is the best thing for the purpose. It is a natural liver stimulant, as any doctor will tell you.

You get the genuine, pure ox gall in dainty, tasteless form in Dioxol tablets. Each tablet represents 10 drops of the precious ox gall and costs less than 2c. Try a few for three or four days. The amount of old waste matter expelled from your body will amaze you! Note the new feeling of health, strength and energy that is yours. You'll feel like a new person. All good druggists sell Dioxol tablets. Special Agent:

KILAUEA'S FIERY WHOOPEE TO LAST FOR SEVERAL DAYS

(Associated Press Leased Wire)

HILO, Hawaii, Feb. 21.—The gigantic fire pit of the Kilauea volcano, which began erupting yesterday, continued its pyrotechnic display today. Fiery fountains played and myriads of splashes of broken slag tossed flame as the lava rose.

Professor Thomas A. Jagger, for many years observer of the volcano, said there were no indications to change his statement of yesterday that the eruption probably would continue for two or three weeks at least. Tremors of the earth within the pit were increasing, he said, which meant that gas constraint was greater. Rumblings were intensified, as the sides of the crater caved in and pillars of old lava were toppled into the pool of molten rock.

The pool rose steadily from the pit floor, but its approach toward the rim became slower as its area increased.

Thousands spent all of last night gazing upon the spectacle.

FEDERAL AID FOR WAR VETS GREATER

(Associated Press Leased Wire)

WASHINGTON, Feb. 21.—The ten million dollar veterans' bureau hospitalization bill was increased to $11,800,000 and favorably reported today by the house World war veterans' committee.

The measure is to provide particularly for the hospitalization of the increasing number of mentally afflicted World war veterans, and to enable the veterans' bureau to care directly for its beneficiaries.

CHRISTNER FACES UZCUDUN TONIGHT

(Associated Press Leased Wire)

NEW YORK, Feb. 22.—The boys have quoted Meyer (K. O.) Christner, the big rubber tire man from Akron, as saying that he loved to have his fistic rivals "come to him." The chances are Meyer will get his fill of that tonight when he battles the rugged and rough Spaniard, Paulino Uzcudun, in a 10-round match in Madison Square Garden.

Paulino's idea of an evening of great fun is to start wading into his opponent at the opening gong and quit only when the battle's all over. Christner insists that this style is made to order for him because it gives him a chance to shoot over that powerful right hand, the 23-year-old Akron heavyweight's best weapon and the one that stopped Knute Hansen in eight rounds.

Christner's only chance seems to lie in a knockout, and there are few who believe even so potent a slugger as Christner can succeed where others of greater reputation have failed.

AMBASSADOR JUDAH TO BE CHANGED TO FRANCE, IS RUMOR

(Associated Press Leased Wire)

HAVANA, Feb. 21.—Noble Brandon Judah, United States ambassador to Cuba, left Havana today enroute to Washington, following receipt of a cable from Washington Tuesday asking him to proceed to Washington immediately.

Insistent reports in Cuban political circles say that Mr. Judah will not return to Havana but instead will go to Paris as United States ambassador to France.

LAUREL HEIGHTS BEACON TO BE INSTALLED SOON

C. W. Hartley received additional papers from the government this week concerning lease of sixty square feet of his Laurel Heights property for the erection of an airway beacon. The location previously selected has been changed to a higher point a short distance west, and information received is to the effect that the tower will be installed within a few weeks, as it is desired for the regular airway service starting in June. The tower will be of steel construction and eighty feet in heighth. The top will be illuminated with powerful electric lights.—Sutherlin Sun.

STOPS COUGHS QUICKLY

Now, as during the past 50 years, Foley's Honey and Tar Compound stops coughs quickly, heals inflamed tissues, clears the throat of irritating mucus and phlegm, stops nervous hacking, and troublesome night coughs. Make Your Feed Crop Last All the Winter

YOU can make your feed crops go one-third further—last all through the winter—by grinding them with a W-W Grinder.

The W-W grinds and mixes everything from the ground up with lightning speed—separately or together. Turns alfalfa, ear or snapped corn, maize heads, oats, barley, and all other grains and roughage into nutritious mixed feed that has a third more feeding value.

Powerful hammers do the work on your W-W. They do a quicker, better job of grinding—and you have no burrs, gears or knives to break or work loose. Fourteen years of successful service on thousands of farms everywhere have proved the W-W to be the world's greatest feed grinder.

There is a W-W to fit every purpose and every purse. Six sizes—blower, elevator, or self-feeder. All have Timken Tapered Bearings—Alemite-Zerk lubrication—Rockwood pulleys.

New Self-Feeder

Come in and let us show you this money-making grinder. Or let us demonstrate on your farm with your own feed and your own power.
