THE TINYMITES

READ THE STORY, THEN COLOR THE PICTURE

The Tinies and the wee coal men were on their merry way again. "Let's lie up over the hill," said one, "and see what we can find. I'd like a chance to milk a cow. Don't laugh at me, 'cause I know how. A drink of cooling milk is something I would far from mind." Then, as they reached the high hilltop, brave Scouty said, "Here's where we stop." He pointed to a pasture that was not so far away. "A dandy cow's down there," said he. "Just leave the milking task to me." And, as they scampered down the hill, the whole bunch cried, "Hurrah!"

As soon as bossy saw the crowd, she wished her tail and mood aloud. "Don't worry," shouted Clowny. "We'll not bring you any harm. One pall with milk we wish to fill. All you need do is stand real still. Now you can see that there's no cause for any great alarm." The next thing that the Tinies knew, they found a pall, and small stool too. So Scouty sat right down to milk.

Not what you do, but how you do it, that counts

EVERYONE knows the story of Gene Tunney. How he fought his way up, until at 30 he has retired, undisputed heavy weight champion of the world. From the very beginning of his career Tunney never once let himself get out of condition.

"I started taking Nujol internally seven years ago. The first month Nujol brought remarkable changes in my physical condition. My elimination became active and normal. Since that time I have taken Nujol about five nights a week. If I discover that I have taken an excess I stop its use for a couple of days, when I renew my daily practice of taking a swallow from the bottle before retiring. I have found during my seven years' experience with Nujol that it is not habit-forming, or in any way unpleasant or harmful."

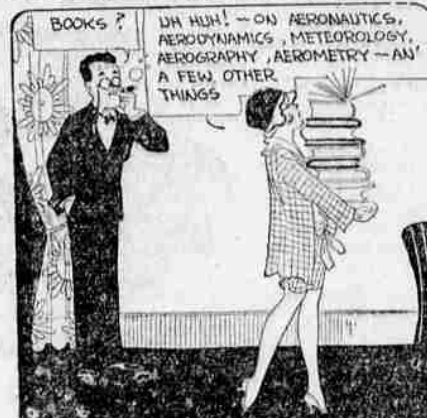

Nujol contains no medicine or drugs. It is simply a pure natural substance (perfected by the Nujol Laboratories 26 Broadway, New York.) It not only keeps an excess of body poisons from forming (we all have them) but aids in their removal.

Buy a bottle of Nujol today. Sold only in sealed packages.
