 To Assail Veracity
 Back through startling testimony the defense next Monday plans to take Mrs. Wiseman-Sielaff in an effort to prove that she is an unreliable witness and that her statements cannot be depended on in any phase of the senate's consideration of evidence presented to prove the board of managers' contention that Judge Hardy is guilty of misdemeanors in office, obstruction of justice, accepting a \$2500 "love offering" check from Mrs. McPherson for "legal services" or of practicing law while in office in violation of the state constitution.

MEXICAN REVOLT THREATENED WITH ENTIRE COLLAPSE

(Associated Press Special Wire)
NOGALLES, Ariz., April 13.—An atmosphere of depression descended upon rebel headquarters across the border early today and rumors were being heard on all sides portending a complete collapse of the rebel movement in Mexico.
 Reports of sweeping federal victories on all battle fronts appeared to have had their effect on the morale of rebel leaders, and a distinct note of pessimism was manifest at rebel headquarters in Nogales, Sonora. However, a feverish activity was noted on the Mexican side of the line.
 The rebel morale suffered a tremendous blow last night with the surrender of General Francisco Manzo, commander of rebel troops on the west coast, General Benito Bernal, his chief of staff, and 13 other rebel staff officers to United States immigration officials here.
 Manzo and Bernal were released with orders to report to the U. S. immigration inspectors today, when a decision will be made as to their right to remain on United States soil.
 Unofficial reports stated that Manzo had been court-martialed and removed from his command by General Escobar, the rebel commander in chief. Manzo, who retired at his home here, after crossing into United States territory neither would deny or affirm the reports. All he would say was that he was in imminent danger of facing a firing squad if he remained on the Mexican side of the line.
 The whereabouts of General Escobar were unknown. He was reported to be in Hermosillo and also in Nogales, Sonora, but efforts to catch him were unavailing, as were efforts to locate General Faustino Topete, General Benito Valencuela, Mexican presidential candidate and a leader in the rebel movement, was reported early today to be on Mexican soil, but he had not reported to U. S. immigration authorities.

CALIFORNIA BOAT CREW WINS EASILY OVER WASHINGTON

OAKLAND ESTUARY, Calif., April 12.—Jumping into the lead at the start and continuing to increase their advantage with each beat of their oars, California's varsity crew, champions of the world, overwhelmingly defeated the Washington eight by a margin of seven lengths here today in their annual regatta.
 The unofficial time of 14:15 is six seconds slower than the record for the course, set by the Washington eight in 1923.

BEAR FRESHMEN WIN

OAKLAND ESTUARY, Calif., April 12.—By a scant margin of ten feet the University of California freshmen crew defeated the Washington yearlings in their annual race here today. The unofficial time of the Bears for the two mile course was ten minutes and 20 seconds.
 With the exception of Jergens of Washington, who collapsed in his seat, both crews crossed the finish line in good shape.
 California took the lead at the start of the race but lost it at the half way point. Washington kept about half a length ahead of the Bears until about 200 yards from the finish line when California with a great spurt, forced ahead to win.

If the unofficial time was correct, the California freshmen bettered the yearling record for the course by two seconds. The old record was 10:22. The Bears' unofficial time today was 10:20. The eight was given a tremendous ovation as they swept across the finish and as they drew up alongside of one another, the Washington yearlings took off their jerseys and gave them to the victorious Bears.

Miss L. Smith of Portland arrived here yesterday afternoon from the north and is spending the week-end visiting and on business.
