The justice court calling a jury for 2 o'clock this afternoon. Attorney I. B. Riddle represents the defendants.

**Markets**  
(Associated Press League Wire)  
PORTLAND, Ore., June 14.—A decline of half a cent in butter extras to 43 and an advance of one cent in medium first eggs to 37c were the only changes in prices today.

The egg storage movement was reported far below what it was at this time last year. Many of the receipts were going to take up this slack.

Poultry, dressed meats, fruits and vegetables were unchanged. Strawberry prices held at Thursday's level. Large supplies recently were readily cleaned up. It was not the general belief that prices will go below those prevailing at present.

## NUNS SEE CIVILIZATION AFTER YEARS IN WILDS

EDMONTON, Alta., June 14.—After years spent in the primitive mission stations of the far north, three members of the Sisters of Charity today were on their way to Montreal, to attend the golden jubilee of the mother general of the Grey nuns in Canada.

Sister Bouchard, with a record of 45 years service at the lonely missions of Port Providence and Port Smith, is returning to Montreal for the first time in 27 years, and after the jubilee celebration in Montreal plans to return north. She is accompanied by Sister St. Cyr, who went to Port Providence 16 years ago, and Sister Garceau, who has been in the north country two years.

Short skirts worn in civilization amazed the sisters. When they saw a woman tourist dressed in knickers they were horrified. Said Sister St. Cyr, "The Indians would not like what we have seen in Edmonton."

## Healthful vegetables need not be unappetizing

Little water and small amounts of sugar work wonder flavors in these beneficial foods

A FAMOUS cooking specialist, on the staff of two large magazines, has announced a discovery of importance to everyone interested in healthful, delicious foods.

This woman announces her discovery to all interested in better tasting foods. "We have discovered," she says, "that sugar in correct amounts added to the vegetables while cooking intensifies the natural flavor in fresh vegetables, restores in large measure the flavor of freshness to slightly wilted vegetables, and enhances the flavor of canned vegetables." In all instances she emphasizes that sugar increases the food value of the vegetables. She gives the following delicious recipe:

**PEAS COUNTRY STYLE**—To 2 cups of shelled peas, allow 4 young tender carrots, and a small onion. Scrape and slice the carrots, and cook them and the peas in just enough water to cover, adding 1 level tablespoon of granulated sugar. When nearly tender add a chopped onion and 1 generous tablespoon of butter. Add salt and pepper to taste and 1 level teaspoon of sugar. Simmer until the onion is cooked.

The wonderful thing about sugar as a flavorer,
