INTERNATIONAL HORSE RACE FOR \$100,000 PLANNED

(Associated Press Leased Wire) CHICAGO, June 21.—The American National Jockey club has offered a \$100,000 purse and a sold cup for a race between champion thoroughbreds of England, France and America at its racing plant here, Arlington Park, next summer. John D. Hertz, whose Reich Count finished second in the famous Ascot gold cup race in England yesterday, has carried the offer abroad and reported a favorable reception among English and French turf owners.

If the foreign turf owners consent to run their horses in the race, Hertz said he would probably keep Reich Count in training for another year. Otherwise he expects to retire him to the stud.

UNKNOWN BATTLER SENDS PLADNER TO FRENCH HOSPITAL

(Associated Press Leased Wire) PARIS, June 21.—What looked like a soft spot for Spider Pladner turned out to be a very hard one and as a result the little French fighter is in the hospital today instead of preparing for a trip to the rings of the United States.

Pladner entered the ring last night against Gene Hunt, an almost unknown Gene bantam-weight, with little preparation but with plenty of confidence that the skill and punch that carried him to victories over such fighters as Izzy Schwartz and Frankie Genaro would carry him through against Hunt. He came with the worst beating of his career, being knocked down eighteen times before the referee stopped in to halt the slaughter. Pladner managed to keep the affair on fairly even terms until the fifteenth round when most of the damage was done.

MARKETS

(Associated Press Leased Wire) KLAMATH FALLS, Ore., June 21.—W. R. Gober, "motorized" cattle rustler, today awaited removal to state prison in Salem where he will spend the next ten years. Yesterday he pleaded guilty to the theft of two calves on the open range. Gober said he killed the calves with a small rifle, butchered them on the range and brought them to Klamath Falls, where he sold them to a local butcher. Stockmen here have met severe losses at the hands of the motorized rustlers. The thieves operate automobile trucks.

(Associated Press Leased Wire) BOSTON, June 21.—The Commercial Bulletin tomorrow will say: "More inquiry is reported for wool this week, but sales are far from satisfactory, especially on the finer qualities, which favor the buyer in price. Medium wools are fairly firm."

"Operations in the new clip have lessened in consequence of reduced limits. Some wool, however, is being bought in the clean range of 85-88 cents, as against 88-92 cents formerly for fine and fine medium wools."

"The manufacturing position is not unhealthy but it continues slow so far as new business is concerned. New prices better stabilized in wool it is possible business might be better in tops, yarns and piece goods."

Foreign markets are dull in favor of the buyer. Mohair is rather quiet but prices keep fairly firm.

The Commercial Bulletin will publish the following wool quotations tomorrow: Scoured basis: Oregon—Fine and F. M. staple 94-95; fine and F. M. Fr. clothing 92-93; fine and F. M. clothing 90; Valley No. 1, 90-92. Mohair: Original bar average 12 months Oregon 53-60. Graded stock: First combing 65-70; good carding 45-50.
