HOWARD CARTER, FORMER RESIDENT, DIES MARSHFIELD

Howard Franklin Carter, one of Douglas County's best known residents, died at Marshfield last night following a paralytic stroke. He had been in poor health for several years, and his brother, Jack Carter, former chief of police at Marshfield, recently resigned his position in order that he might devote his time to caring for the sick man.

He was born near Roseburg in 1862, and in early life was a stage driver, later engaging in farming. Most of his life was spent as a resident of the Missouri Bottom district near Myrtle Point. His illness started three years ago when he fell from a wagon, suffering a compound fracture of the leg. His health failed rapidly from that time, and he had several strokes, so that it became necessary to take him to Myrtle Point last March. He improved slightly and was taken to his brother's home at Marshfield, where his death occurred.

Funeral services will be held at Marshfield Thursday afternoon at 2 o'clock. The Roseburg chapter of the Moose lodge, of which Mr. Carter was a member, will conduct the services.

U. S. FARM BODY SETTLES DOWN TO HUGE TASKS

(Continued from page 1)

chief of the cooperative marketing division of the agricultural department.

Major Tasks Ahead

Much of the board's work is to be directed toward the strengthening and building up of cooperative and other agricultural organizations already in existence. One of the first major tasks looming to that end will be the selection of advisory councils for different commodities. These agencies are to provide over stabilization, corporations to be set up by producers through their cooperative marketing organizations and financed out of the board's \$500,000,000 revolving fund.

Another big task which the members confronted within the first 24 hours of the board's existence was the beginning of a study to acquaint themselves with the full extent of their authority under the farm relief law which gives them their authority. Described by President Hoover as "the representatives of organized agriculture itself," they were invested by him with responsibility, authority and resources such as have never before been conferred by our government in assistance to any industry, and they saw in the very breadth of that grant of power a requirement to study its extent and limitations.

AT BRAND'S GARDENS

This is the time of year to eat out doors. We are serving meals in the garden every day and evening. Among other things we are serving very fine, sweet Klondike watermelon, feed, for fifteen cents, the same as at the height of the season. Fountain lunches and cold drinks.

LOTS OF FIGHTING

CUMBERLAND, Md. — When Mrs. Margaret Love died last year at the age of 99, she left an estate of \$150,000. Now 26 of her grandchildren are contesting her will which left most of her estate to her three living sons and cut them off entirely.

PORTLAND, Ore., July 16. — Cattle and calves: Active, steady; 50 cents higher for calves and weaners. Calves (500 lbs. down) medium to choice \$10.00 to \$12.00; cull to common \$7.00 to \$9.50; cull to common \$3.00 to \$11.00.

Hogs: Fairly steady to weak. Sheep and lambs: Fairly active.

PORTLAND, Ore., July 16. — Influenced partly by a decline at Seattle and partly by larger supplies locally, the butter market was easier Tuesday. Extras were half

a cent lower at 43½c, standards a cent at 42½c, prime firsts and firsts half a cent each at 42c. Butterfat was quoted a cent lower at country points.

Eggs were holding steady despite the seasonal increase in receipts, which so far has not been sufficient to overbalance supply and demand. Cantaloupes were higher at \$2.25 and \$4 per crate of 45. The Imperial valley shipments are about at a standstill, and no recession in quotations is expected until the Wasco and Delano fruit begins to arrive next week.

Danube watermelons, regarded as the best, were quoted at 2½ to 3 cents a pound. This price was expected to continue until northern California melons arrive. The Hermit melons are due between August 10 and 20.

Celery was plentiful and cheap from 60 cents to \$1 a dozen bunches. Bananas were abundant at 6½ to 7 cents a pound.
