Mr. and Mrs. Frederick Arpke of Kent, Wash., left yesterday morning for their home after visiting here for a short time with friends. They were enroute home from a trip in California. Mr. Arpke is an instructor in the Kent schools.

Tire and Rubber Company to Send Fleet of Eight Cabin Planes on Six Months' Voyage Through United States

NATION'S AVIATION LEADERS BID SKY FLEET GOD-SPEED
Above are shown some of the officials who participated in the christening of the "Sky Fleet" of the General Tire and Rubber Company at Bolling Field, Washington, D. C., just before it started on its 50,000 mile air voyage to the principal cities of the United States, Cuba, Canada and Mexico to last more than six months.

Left to right, they are: Major General James E. Fechet, chief of the U. S. army air force; Congressman W. Frank James, of Michigan; Miss Mary Fechet, daughter of Major General Fechet and sponsor of the "Sky Fleet"; Senator David L. Walsh, of Massachusetts; W. O'Neill, of Akron, president of the General Tire and Rubber company; and C. S. Riemen, of Buffalo, N. Y., president of the General Airplanes Corporation.

"The day is coming when air-planes can be made to bounce instead of crack-up when they have to land."

"This prediction was made by W. O'Neill, president of the General Tire and Rubber Co., of Akron, in connection with the recent dedication at Washington, D. C., of the "Sky Fleet" of eight Aristocrat cabin monoplane which the General Tire company is sending on a 50,000-mile air tour of North America in the interest of the development of commercial aviation.

"The rubber industry is working hard in hand with the aviation world in developing the safe airplane," President O'Neill said.

"We believe that, within a short time, the rubber industry will have developed safe-guards which will protect planes in forced landings with pneumatic shields."

Major General James E. Fechet, chief of the U. S. army air force; Major Clarence Young, head of the division of aeronautics of the department of commerce; Senator David L. Walsh, of Massachusetts; Congressman W. Frank James, of Michigan; Frank Tichenor, publisher of Aero Digest, and C. S. Riemen, of Buffalo, N. Y., president of the General Airplane Corp., were among the guests at the luncheon of the Mayflower hotel

in Washington when Mr. O'Neill made these predictions.

Miss Mary Fechet, daughter of Major General and Mrs. Fechet, formally christened the "Sky Fleet" following the luncheon at Bolling field, Washington. She christened the flagship of the air fleet, "General Jim" in honor of her father.

Following short flights to important airports in Ohio and adjoining states in the next few weeks, using Akron as a base, five "Sky Fleet" will start on its six months' air voyage through the United States, Cuba, Canada and Mexico.

Ex-Kaiser Is Said to Be Wealthiest German Today

Still Owns 250,000 Acres of Good Land in Germany.

Ex-Kaiser Wilhelm lost very little by his exile in a financial way, for it is reckoned that he is today not only the wealthiest of deposed or exiled monarchs, but is perhaps the richest German, largely because of the terms exacted by him from the state in settling his claims against it.

In 1926 the head of the house of Hohenzollern received a state indemnity of \$2,750,000 for certain property claims surrendered in Prussia. At the same time there passed into the irrevocable possession of the family six castles, 20 villas and 250,000 acres of land.

His maintenance of a sort of mack royal court at Doorn takes toll of between \$50,000 and \$100,000 of his money annually, it is estimated, but the Dutch, on the other hand, complain that he does not pay an adequate income tax.

Wilhelm's entourage is a very substantial one and includes a number of satellites who loyally

subscribe to the idea that what has happened has not changed the estate of their royal master; that he is emperor in fact as he once was in name. For their loyalty they are paid handsome salaries, live on the fat of the land and hope with the deposed monarch for his eventual restoration.

Likewise, the Princess Hermine, his wife, whom he married at Doorn in 1925, though not recognized by the Prussian aristocracy as empress, certainly is regarded as such in her husband's Dutch place of exile.

The deposed monarch has had to contend with many domestic difficulties during his stay at Doorn. One calculated in the marriage of a sister to a Russian who had formerly been a dishwasher and more recently a poet and a cabaret dancer. Three of his six sons have been involved in divorces. Prince Joachim, the youngest, was deserted by his wife, Princess Marie von Anhalt, and committed suicide.

His own marriage so soon after the death of the late Empress occasioned serious criticism even among the stoutest advocates of the claims of the House of Hohenzollern.

Return to Corvallis—Miss Velma Merchant and Miss Ella Stoolfire attending summer school in Corvallis spent the week end at the home of Mr. and Mrs. T. L. Board here. Miss Merchant is a graduate of Linfield college taught mathematics in the high school at Jordan valley this year and Miss Stoolfire was an instructor in the grades at Jordan valley. The teachers have returned to Corvallis.

Officers Look for Dope Cargo

John Toland of U. S. appraiser's staff searching trunk of Mrs. Ying Kao, wife of Chinese vice consul at San Francisco. In Mrs. Ying Kao's baggage was found half a million dollars' worth of opium which, it is claimed, she tried to smuggle into this port from China.

SMOKE BEFORE THE DINNER! HORRORS!

MILWAUKEE—The art of eating has suffered through the practice of smoking before each course. In the opinion of Isadore Kraus, chef at the Schroeder hotel.

Kraus, whose passion is the preparation of succulent dishes, wrings his hands as he recites the evils of smoking before dinner.

"It does not suit me," he says dejectedly. "When I prepare a fine dinner, a lovely dinner—composed like a poem—and then before each course people must puff at a cigarette and ruin the taste of it. It spoils the appetite completely."

"He who has a fine taste will not smoke before eating. After dinner, yes, a cigarette or a good cigar—but before, no. It used to smoke only the gentlemen, but now it smokes the ladies, too."

FOODS GOOD FOR CLEAR SKIN

Physician Recommends Three Vegetables to Improve Complexion

It may seem strange to hear a professor of medicine recommend the eating of cabbage as a means of beauty, as was done in an address in St. Louis recently. He stressed cabbage, carrots and spinach as diet aids to a good skin.

We believe that most medical authorities will agree that the clear and beautiful complexion is one of the results of good health. If that is so, the words of a food scientist have a bearing on the subject of beauty. This authority says that we should eat at least one raw fruit and one raw vegetable each day, also a fruit and a vegetable well cooked. The vitamins and minerals found in fruits and vegetables tone up the whole system. They give many of the healthful elements the body requires in the diet.

A dash of sugar is recommended for adding to the pleasure of eating fruits and vegetables. Nature developed this supreme flavor for relieving our diet of blandness and monotony. Use a dash of sugar on cereals, on berries, in stewed fruits. Remember an old secret: Use a dash of sugar in nearly every vegetable while it is cooking (preferably in little water). This small amount of sugar does not make the vegetables taste sweet. But it is surprising how it develops the natural flavors of the foods. Foods tastefully prepared encourage healthful eating. The sugar way is the happy way. The Sugar Institute

Eating Houses of Roseburg Oppose Public Church Dinners Where Charge Is Imposed

There are at least six first class restaurants in Roseburg, which for the United States Spanish War Veterans Convention, in order that the Roseburg might maintain its reputation for hospitality, ordered additional food and particularly hired additional help in order that our guests might be promptly and adequately served. These various restaurants all well established business places, patronizing nearly all of the lines of Roseburg's business and all paying taxes for the maintenance of City, County and State government, who put themselves out and incurred extra expense to accommodate Roseburg's visitors. Hiring extra help for a limited period of time was not with the view to making extra profit but solely with the view to accommodating our visitors and maintaining the good reputation of our city.

Notwithstanding this accommodation service which they were prepared to render, one of the churches, serving food largely donated, without expense for the hiring of help, for a profit, has, during this convention, put on meals, taking from the regular business places the extra crowd expected and making a convention a matter of cost to Roseburg business men. This church pays no taxes upon its beautiful property and it is suggested that the serving of meals at a convention where the crowd can easily be handled by regular business places is grossly unfair. Probably the unfairness of this has never been drawn to the attention of the church authorities.

Probably, also, they have not considered the fact that if they use their basement or other part of their building for the serving of meals at a profit, it will be the duty of the assessor to place their church property upon the tax rolls. If they are to engage in business in their church property no one can blame the restaurant men if they insist upon the assessor collecting full taxes upon the entire church property as is provided by law.

SOCIETY

BY MILDRED RYMON
A card party given by the Catholic ladies will be an interesting event of this evening. The affair will be held at the Parish hall and arrangements are in charge of Mrs. Thomas Ness and Mrs. Loren Miller.

Miss Pauline Hubar and Miss Shirley Knight entertained last night at one of the most enjoyable parties of the summer for the younger set. Miss Vera McClintock was the guest of honor and a number of her friends were invited for the evening to bid her adieu on her approaching departure for New York City. The affair was held at Hubar lodge, one of the attractive summer homes on the river.

Small popovers will bake much better than great big ones

Your oven heat penetrates the smaller quantities of batter quicker and more evenly. And because Hills Bros. roast only a few pounds of coffee at a time—never in bulk—every berry is roasted evenly. This continuous process—Controlled Roasting—produces a flavor no other coffee has.
