**COMMUNIST GIRLS
JEER BOY SCOUTS
AT NEW YORK PIER**

NEW YORK, July 20.—Fifty boys and girls, carrying banners announcing themselves as members of the Young Pioneers of America, a communist organization, marched to the Cunard docks this morning and jeered 237 boy scouts who sailed on the liner Samaria to attend the scouts world jamboree in England.

The demonstration delayed the liner's sailing 20 minutes. Police who tried to disperse the young demonstrators were attacked by the girls in the parade. Police finally seized all the banners and threw them in the Hudson.

The Young Pioneers staged their demonstration just as the scouts were boarding the vessel from the dock. One banner denounced the scout movement as being "supported by the bosses to create cannon fodder."

The committee in charge of the Shrine-Masonic picnic to be held Sunday night and again today and tomorrow that every thing is in readiness for a real great big old-fashioned picnic. They express the hope that every Mason and member of the Eastern Star, and all their families, from far and near may be at Umpqua park bright and early in the morning, with lots in the grub basket, prepared to spend the day in the old-time picnic way.

The athletic events are scheduled to commence at 10 a. m. sharp. The first event is a 50-yard dash for boys under 10 years of age, with a prize donated by the Associated Truck Line. Next on the program is a three-legged race with prizes from the Pullman and Club cigar stores, following this the same kind of a race for the ladies with prizes given by Chapman and Marsters' drug stores. Then comes the sack race for men with prizes from F. W. Chase and J. O. Newland & son, and following this the same kind of a race for the ladies with the winners receiving prizes given by Fisher's Store and E. Abraham.

The next event is an attempt to pin the tail on the donkey, open to ladies only, with the winners receiving presents from the Roseburg Book store and Haynes Drug store, after which the ladies again are privileged to contest in a potato relay race with four ladies in each team. Each of the winning teams will go home with a prize from Fullerton's Rexall Drug store.

The next stunt, which is for men, is an old-timer calculated to produce lots of laughs—a cracker-eating-whistling contest—open to the men who think they can whistle. After the last man has whistled, and the winning team has walked off with their prizes from Hart's Quine's, Brewer's and Kurdy's men's furnishing stores, the fat men will get their innings, being privileged to race for some good prizes donated by King's Coo's Junction service station and the Western Auto Supply company.

The ladies then get their innings, first showing how far they can throw a baseball, for prizes from McKean, Davy and Baldwin and Churchill Hardware company, and the last event, also exclusively for the fair sex, in which those who can most rapidly drive nails will receive prizes from the Penney store, Parslow Furniture company and the Pioneer Drug store.

POOL OF DATE PRUNES SOLD TO ROSENBERG

(Continued from page 1)

ers who are holding out a part of their crop. Most of the smaller growers sold on contract or option, while a few of the growers having a large crop contracted only enough to pay their costs and are holding the rest in hope of a still higher price, as many of the members are doing. The bulk of the unsold prunes, however, are in the association, it is believed.

The market at the present time is stronger than present sale prices justify, according to information received by County Agent Leedy. The shortage of prunes, however, may result in an increased demand that will bring about an improvement, so that the present high prices are apparently based upon a belief that such a condition will come in the near future.

Option Price Good
In a communication received today by the association from the North Pacific Fruit Exchange, commenting upon the sale of the association's first pool, which was taken up under the option held by Rosenberg Bros., it was stated that 25-pound boxes of packed prunes are now selling, f. o. b. docks at Portland as follows:

20-40	92c
40-50	81c
50-60	71c
60-70	71c

In view of these prices, the communication stated, the exchange believes that the price being paid the Umpqua Valley growers is excellent.

The communication also stated that due to the shortage in California the price may be even further advanced but that there is nothing definite in that regard. The exchange announced that it is no longer buying futures.

New Pool is Planned
The directors at their meeting last night decided to form another pool of Italians and petites and will meet on Thursday, July 25 for that purpose.

Questionnaires are being prepared today and will be sent out to all growers in the association asking them to list any prunes that they desire to sell at that time at prices deemed satisfactory by the directors. Buyers will be asked to submit bids, and the directors will pass upon the proposals, reserving the right to reject any or all of the bids.

Each grower is being asked to list the number of pounds of prunes he is willing to include in this pool, and the buyers will be notified in advance of their bids on the estimated tonnage in the pool.
