### FOUR-DAY ROUNDUP IS PLANNED AT OAKLAND

The Umpqua Roundup, Oakland, Oregon, August 16, 17, 18, 19.

The last Wild West—the first frontier.

Four days of thrills—among the rolling hills.

Under the auspices of the Oakland unit of the American Legion and civic boosters, the Oakland Gobbler, a rodeo and racing program will be held August 16, 17, 18, 19. Contests for cowboys and cowgirls; some of the fastest horses on the Pacific coast will show their speed during this roundup. Among horses already in training at the Oakland track are Stansia Express, Missoula Boy, Bolen Ware, Blue Lanes, Warrier Buck, Tyee and others. Two Canadian racers are on their way by rail. New arena and corral are being built with the track being worked.

This roundup will feature Modoc Joanne with his famous string of wild bucking horses. These are big time buckers. The bucking horse contest will be for the Pacific coast championship under the American Rodeo association rules. Among the buckers to be exhibited are Modoc, Shooting Star, Veterinary, War Whopper, Ice Kitty, Chief and so on. Some of the wildest of all wild horses. Steer roping, calf riding, bull and buffalo roping.

A street carnival dance will be held. A boxing card showing some of the best fighters on the coast will be held one night. Roseburg day will feature the Umpqua derby.

One of the thrilling shows in connection with this program will be the Indians in war dances and at night a spectacular and thrilling Indian pageant reproducing an Indian war drama of the pioneer days when the trail blazers were not hindered by the Indians on the Old Oregon Trail. Relay races, stage coach races, trick riding and roping and a continuous performance each and every minute.

The best talent in Indian actors, cowboy and cowgirl riders together with those strings of fast horses should call for the support of our entire valley. Large prizes and purses will bring contestants from the entire west. Modoc Joanne Fairleigh will manage the arena and the wild west program. Modoc Joanne played his Indians, bucking horses and cowboys and cowgirls to the largest crowd ever attending a rodeo or celebration, July 2, 3, 4, at Kumath Falls. Joanne was initiated into the Yakima Indian tribe July 4 at Kiamath Falls and his Indian name is Bala Kage. See him in Indian costume with his wild riding Indians and cowboys.

No contestant barred for any race, riding and roping. See these four days of thrills. August 16, 17, 18, 19. Yip, yip, she's wild.—(Adv.)

### NO FIRE LOSS IN CITY DURING ALL OF JULY, REPORT

Providing no fires occur during today or tomorrow, July 30, has been an unusually quiet month in the matter of fire loss in the city, according to James Fletcher, fire chief. In checking over the records for the month today, Chief Fletcher found that no fire with loss of property during the month which is drawing to a close. The fires which did cause damage were the one Saturday night and the one yesterday afternoon which were outside of the city limits.

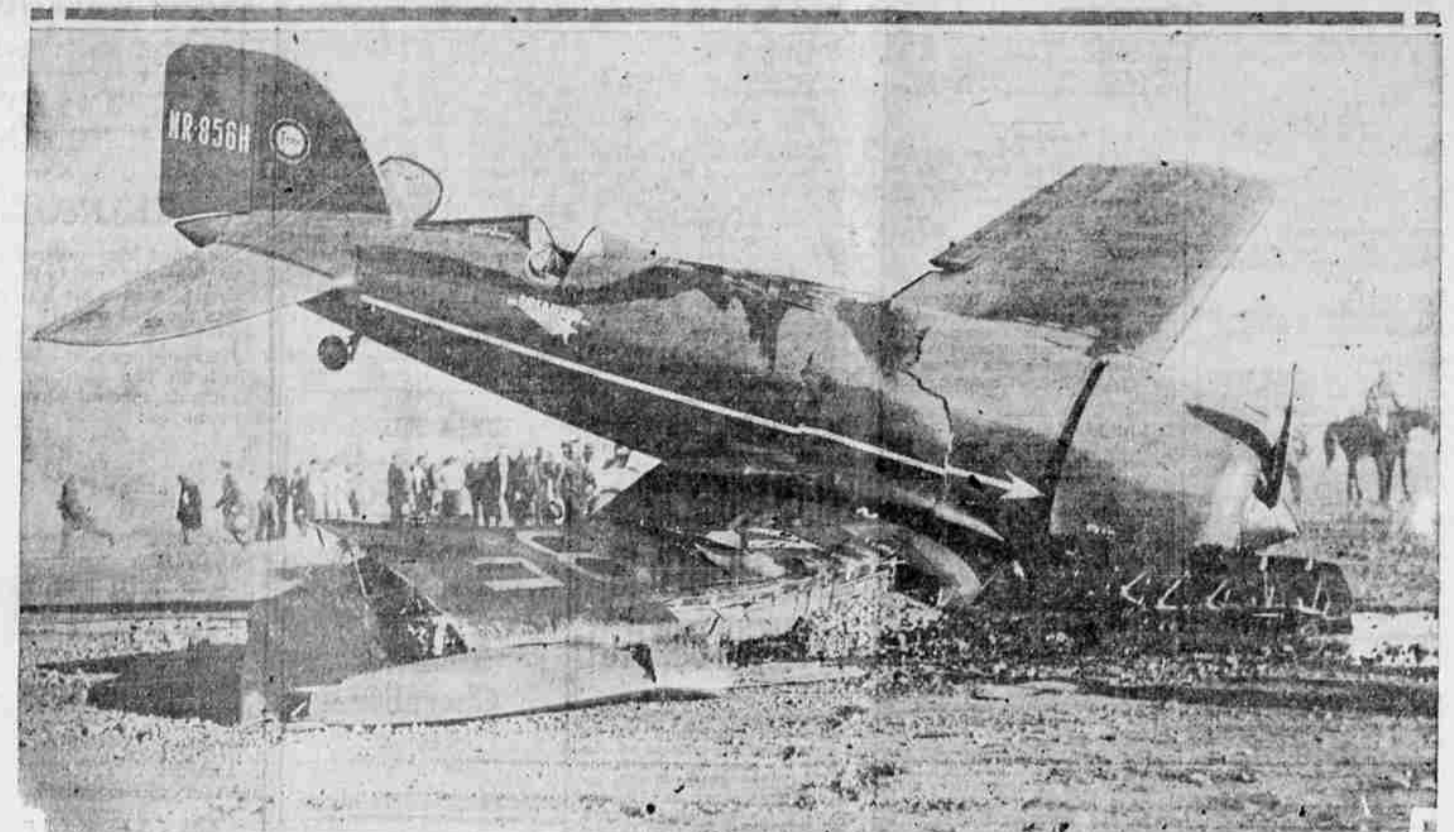

Five grass fires were reported during the month. Last year for the same month nine grass fires and one residence fire are on record. The damage for the latter blaze was only \$100.

### RAM SALE IS SET FOR NEXT SATURDAY

Upon request of sheep and goat owners of this county a ram sale has been called for Saturday, August 3, at the Koffman yard, on the Dixville road near Roseburg. Entries will be placed at auction at 11 o'clock. Only high grade and purebred animals will be listed.

Previously only probed stock was sold at the back and baby goats, but it was found that many good animals were eliminated. Because of this the Koffman yard has been established. Special care is made by the county agent, however, that no "scrub" stock will be placed on sale.

# Crash That Spoiled Plan to Hop Across Pacific

There is the proud queen of the air, "City of Tacoma," as she lay with her nose plowed into the Tacoma, Wash., airport runway at the end of what was to have been Harold A. Bromley's start on a non-stop flight over the Pacific ocean to Japan. The plane was not seriously damaged by the mishap.

As soon as the ship is repaired, Bromley will make another attempt at the oceanic hop, which is being sponsored by citizens of Tacoma. The "City of Tacoma" is valued at \$52,500. The crash of the attempted take-off is ascribed to a too-narrow runway, a blinding sun and gasoline spray.

## DOCTOR SNOOK'S CONDITION WORSE; TRIAL SLOWS UP

(Associated Press Leased Wire)

COLUMBUS, Ohio, July 30.—The physical condition of Dr. James H. Snook again today slowed up the already lagging process of selecting a jury in his trial for the murder of Thomas Hix, 24-year-old Ohio state cop who has confessed he killed.

Dr. Snook was suffering more severely today than yesterday as the result of a spinal test made yesterday to assist in the determination of his sanity.

One lone woman today held her place on the tentative jury as the process of shaping a jury acceptable to state and defense went into a fifth day.

She was Miss Edith Dyalinger, a retired nurse. Four others have been excused on peremptory challenges.

John F. Seldahl, of the defense, has indicated by his questions that he wants a jury that will have no hesitancy in discussing fully the details of the three-year love affair between the Ohio state professor and the girl he admitted beating to death.

Although Miss Dyalinger had weathered the defense campaign against women jurors up to the start of the fifth day there was no assurance that she would not finally be removed by one of the remaining six defense peremptory challenges in the drive for a jury composed only of men.

## ORIGIN OF BLAZE AT COUNTRY HOME NOT DETERMINED

No explanation had been arrived at today as to the cause of the fire which destroyed the country home of Mr. and Mrs. O. C. Baker, located some four miles northwest of this city. The house and part of the barn were burned when neighbors and townsmen were unable to put out the blaze which started on the top floor.

Mr. and Mrs. Baker had left the house just two hours before neighbors saw the smoke coming from the top floor. There had been no fire in any store in the house and Mr. Baker does not believe the fire was the cause. Fire Chief Fletcher, who sent a few firemen who observed to the cause of the fire, advised the militia this morning that spontaneous combustion may have been the cause of the fire. This hypothesis starts confabulations, he says. Hot sun rays shining through a window pane will sometimes cause a fire, he stated.

Because the house was outside the city limits and not in reach of the hydrants Mr. Baker stated that it was not fully covered by insurance. Although most of the furni-

Ray Moss, right-handed pitcher for the Brooklyn Nationals, finally has completed a major league apprenticeship begun in the spring of 1925.

Moss' 10 to 2 triumph over the Cincinnati Reds yesterday marked the first complete victory since he ever has pitched in the majors, and, incidentally, it was only the second game he ever started and finished.

Chief interest in the national league struggle centered in Chicago where the Cubs, by trouncing the Phillies, 12 to 10, increased their lead over Pittsburgh to three and a half games. Hack Wilson's 24th homer with one on base in the eighth was the decisive blow of the game.
