

ADVANCED SCOUT CAMP BEGINS IN MOUNTAINS TODAY

The mountain camp held each year for the advanced Boy Scouts of Douglas and Coos counties begins today. The camp is held in the Three Sisters mountains region 80 miles east of Eugene. The boys do not camp on one site during the two weeks but camp at convenient places along the mountain roads. From these road camps they hike without packs in the region each day and do not cover the same territory twice.

If not too heavily loaded, they plan to leave the Pacific highway at Goshen and go up the Willamette highway to a point above Rigdon ranch for the first night. On the second day they will climb Diamond peak and travel on to a camp on the Deschutes river or else at the Devil's Gardens. They will pass Crescent lake, Good and Davis lakes and several other small lakes. From the Devil's Gardens they will climb the Bachelor and South Sister mountains and then move on to Broken Top mountain pass and spend one day on Broken Top. The next camp will be made at Frog camp on the McKenzie highway from which point the scouts will climb the Middle Sister, spend a day on Collier Glacier and another day around the lakes nearby.

The scouts are meeting all the expenses themselves. In almost every case, if not everyone, the boys have made their own money with which to pay their shares.

Those making the trip are: Paul McGowan, Arthur Radur, Jim Durby, Robert Hellwell, Harold Lawe, Elmer Dent and Lester Russell of Roseburg; Tom Pennock, Joe Clark, Tel Olson, George Corry, Glen Griffin, Tho Maguinis of Marshfield; Harold Putnam of North Bend; Irwin Randelman, Bandon; Donald Farr and Fred Fuhrman, Coquille.

The last Wolf Creek camp closed Monday morning. This was the fourth camp of the season. Each camp was a success.

TRAGEDY HALTS PLANNED WEDDING

LOS ANGELES, Aug. 5.—A trip of three men to complete arrangements for the forthcoming marriage of one of them ended in tragedy near here early today when their automobile plunged over a cliff in San Francisco canyon, north of here, killing two of the car's occupants, including the bridegroom-to-be.

The dead men were Dean Keagy, 25, who was to have been married shortly, and Lewis Fleming, 22, Joe Roman, driver of the car, was hurt slightly.

Rosso, who said the party was enroute here for Keagy's marriage, attributed the wreck to a faulty steering wheel which caused the machine to veer from the road and drop over the 200-foot cliff.

TRADESMEN KEPT BUSY ON MEDICAL ARTS BUILDING

Building tradesmen were kept busy last week and will probably be just as busy this week by the decision of a number of physicians and dentists to move into the new Medical Arts corporation building on the first of August.

Although the main structure had been completed when the move was made, there was still much wiring, plumbing and finishing work to be done.

Some of the tenants who are listed on the directory in the foyer of the new structure have not yet moved, but will be in their new offices just as soon as work can be completed.

Formal opening of the building is being planned, although no definite date has been set for the event.

LOUISVILLE WILL SPEND \$100,000 TO WELCOME LEGION

LOUISVILLE, Ky., Aug. 5.—A corporation to spend money instead of making it has been organized by the Louisville Legionnaires making plans to entertain the 100,000 war veterans expected to attend the annual convention of the American Legion September 29.

And although Frank D. Rash, president, and Reed Kemp, director, are finding it difficult to get rid of a great deal of it, they claim their goal of \$100,000 or more hospitality expenditures will have been reached by the time Legionnaires gather for their annual reunion.

One of the biggest divisions of the convention corporation is charged with providing lodging for the war veterans. This, say its officers, already has been achieved with the cooperation of every Louisville hotel. The hotels have agreed not to raise rates.

The corporation has arranged for the visitors to attend horse races at Churchill Downs, excursions to Mammoth cave, Daniel Boone's grave and many other historical sites; and to see to Louisville's river pride called "the greatest collection of river steamboats in modern times."

The convention will open in Jefferson county armory, which has a seating capacity of 10,000. Later sessions will be held in the \$1,250,000 memorial auditorium, Louisville's tribute to her service men. For one feature event—the concert of a 1,000 piece band under the direction of Caesar La Monaca, himself a Legionnaire, the University of Louisville campus will be the setting.

AVIATOR AND HIS BRIDE OF JUNE 10 CLASHING, REPORT

PARIS, Aug. 5.—The brief romance of Pauline Parker, New York show girl, and Jean Assolant, French pilot of the trans-Atlantic plane Yellow Bird, is reported to have struck difficulties.

The young couple, Assolant being 23 and Miss Parker, 22, was married at Portland, Me., June 10, just three days before the French fliers took off from Old Orchard for Paris. The American girl followed her husband by steamer and rejoined him on June 25 when she met her parents for the first time. While neither party admits contemplating any court action it has been rumored that things were not going smoothly.

KLAMATH FAILS IN MOTION TO DISMISS ANTI-TAX ACTION

PORTLAND, Aug. 5.—Federal Judge Bean today overruled a motion of attorneys for Klamath county for dismissal of the suit brought against the county by several large timber companies. The case will be set for trial.

The timber companies seek relief from what they contend is an unreasonable taxation on their property. Many of the companies have refused to pay taxes now due. The complaint contends that the county budget committee in making up its report failed to take into consideration the surplus on land and revenues to be derived, with the result that the charge is made that the tax on the timber companies are twice what the companies believe they should legally be.

The timber companies identified with the suit included the Weyerhaeuser Timber company, the Shevlin-Hixon Lumber company, several others, the Long-Bell Lumber company and Attorneys for Klamath county argued today that the suit should be tried in the regular channels of appeal, but Judge Bean held that the plaintiffs had no objectives save the federal court.

The complaint alleges the Klamath tax budget for 1928 ignored a \$200,000 surplus on hand and did not consider an item of about \$175,000, revenues to be derived during the year.
