"Making Mirror-Worshippers"
NOWADAYS sun worship is fashionable. But mirror worship is an old, old cult. The new SMOOTHSEME Romilla draws you to your mirror for that pridelul, satisfying glance, and makes your stockings the mirror of admiration.
What is it? Ah, SMOOTHSEME is the final refinement. It delicly adorns the humble seam, and makes it artful and charming—a vaguely insinuating lattice-joining, extremely smart, that does away with the awkward machine-rolled stocking joining. Put it straight on your leg—and it stays elegantly straight. SMOOTHSEME can't roll because it's flat! Wear a pair and leave it to your mirror...
Crystal clear chiffon, picot-edged. All silk narrow French heel. The new ridgeless seam in preferred shades.
