NORTH UMPQUA
ROAD HEARING
TO BE SEPT. 25

Highway Commission Sends
Map Showing Boundaries
of the Proposed
District.

Arguments to Be Heard
Only With Regard to
Location of Lines—
Vote to Follow.

North Umpqua road enthusiasts are making preparations for the important super-district meeting to be held here September 25 at which time the highway commission will convene in this city to pass upon the matter of establishing the boundaries of the proposed district.

The association, which is made up of a group of the supporters of the project, recently filed with the highway commission an application for the creation of the super district and set forth the boundaries which it is desired to establish. These new boundaries take in the Umpqua watershed from Diamond lake west to a line north through Lookingglass, and taking in as far south as Dillard and as far north as Wilbur. The district is almost a complete rectangle, except for a slight jog south to Dillard, and a northward jog around the Rock creek watershed.

The highway commission has prepared a very complete map which shows these boundaries in detail, and a copy of the map has been furnished the county court, and may be examined by persons interested at the court house.

On the 25th of next month the commission will call a public meeting, where any arguments for or against the proposed boundaries will be heard. The commission will not be interested in the merits of the road itself, but only in the matter of fixing boundaries and will hear any proposition that may be presented with regard to the establishment of the district.

After the hearing is held the commission will leave the lines as suggested at present, or will make such changes as may be decided upon as a result of the meeting, and will then set a date upon which an election can be held and (Continued on page 5)

DRUNKEN DRIVER
GETS HEAVY JOLT

James Hyde and John C. Davis, residents of the Oregon Soldiers' Home, were arrested last night following an accident in which the car, driven by Davis, collided with a parked auto belonging to A. A. Bellows. Hyde was charged with being intoxicated in a public place and Davis with operating a motor vehicle while intoxicated. Both entered pleas of guilty this morning upon being arraigned before Judge C. F. Hopkins. Hyde was fined \$10 and costs and Davis was given a fine of \$100 and 60 days in jail and his license was revoked for one year.

Honor For Finding New Plant
Bestowed On Douglas Ingram at
Time Forest Fire Took His Life

While forest service officials and employees were engaging in a search for the body of Douglas Ingram, grazing examiner, who was burned to death on the Chelan national forest, the Biological Society of Washington, which met on the 17th of August, was conferring upon him the thanks and the honors of the society, as a result of his botanical activities.

In 1924, while in Roseburg, Mr. Ingram climbed Mt. Nebo, west of this city, and in his examination of the wild flowers discovered a specimen never before catalogued. The flower, which is of the Silene family, related to the wild pink, so common in the Umpqua valley, is of violet color and somewhat different in form from other known varieties of the same family. Mr. Ingram secured several specimens and presented them to the Biological Society of Washington for classification.

At the last meeting of this organization a report was given by Ivar Tidestrom and W. A. Dayton, who prepared a technical description of the flower, and who, in honor of the work of Mr. Ingram in collecting hundreds of varieties of plant life, including forty-one plants from the Umpqua national forest, gave to the new flower the official name of "Silene Ingramii," by which it will be catalogued with the wild flowers of the Pacific coast in the future.

Discoverer Praised
"It gives the authors a sense of satisfaction," the report states, "to name this handsome member of western Silenes after its discoverer, Mr. Douglas C. Ingram, who not only is a highly efficient forest officer and an authority on range management, but is also recognized as one of the best field naturalists of the Northwest."
"If seed of this flower that he has discovered becomes available it is a certainty that this native champion will become popular in cultivation. The type specimen will be deposited in the U. S. National Herbarium."
Mr. Ingram, whose death occurred while he was engaged with the fire fighters in the Chelan forest, was a son-in-law of W. S. Johnston of Brockway. He spent a good deal of time in this vicinity, not only on forest duties, but also visiting at the Johnston home. He was well known here and his death is keenly felt by many friends in this locality.

Death Strikes
Last Man Club,
Leaving But 2

(Associated Press Leased Wire)
ST. PAUL, Minn., Aug. 28.—Death has checked another name from the membership roll of the Last Man's club. Today only two members survive.

John Goff, 86, of St. Paul, youngest of the trio who for two years have kept the famous organization of Civil war veterans in existence, died yesterday at the Veterans' hospital at Fort Snelling.
It was at Stillwater, Minn., July 21, 1885, that 24 members of B company, first Minnesota regiment, which fought in the battle of Bull Run, pledged themselves to a comradeship which only death could dissolve. One by one the ranks have been emptied until today only Peter O. Hall, 91, of Atwater, Minn., and Charles Lockwood, 89, of Champlain, S. Dak., remain. They are expected to attend the funeral of their comrade at Stillwater Friday.

At the first meeting of the club in 1885 a bottle of wine was set aside. It was to be opened by the last man who was to drink a toast to those who had gone before. Two years ago, however, the three survivors opened the wine, the three of them drank the toast. They decided that it would be too great an ordeal for one man alone.

BOOK OF LEVITICUS
GUIDES COURT IN
MARRIAGE TANGLE

(Associated Press Leased Wire)
CHICAGO, Aug. 28.—From the book of Leviticus, 21st chapter, 14th verse, Judge Joseph B. Davis yesterday took authority to annul the marriage of Louis Leon, 61.
Leon told the court he was a descendant of Aaron, brother of Moses and the first high priest. Under Jewish orthodoxy he is a "Cohen," a title inherited by all male descendants of Aaron. As such, he told the court, he is governed by the special laws of his faith concerning priests, though by profession he is a tailor.

Through his marriage to Mrs. Rose Davis, 50, a widow and a divorced woman, he lost his title. He was barred from worship and forfeited the privilege of burial in hallowed ground—a crushing decree for an orthodox Jew, he explained.
It was not until after his marriage last February, he said, that he learned she had twice married before, her second having been divorced. Thus, he told Judge Davis, he had twice violated the Mosaic law, as laid down in Leviticus:

"A widow, or a divorced woman... these shall he not take; but he shall take a virgin of his own people to wife."

Seeking relief in Illinois statutes, Leon was beaten to court by his wife, who sought separate maintenance. Leon's attorney countered with suit for divorce, basing his petition solely on the ancient Hebrew law. He produced witnesses and records to substantiate Leon's claims.

Judge Davis delayed decision until he had time to consult several prominent rabbis. They agreed that under Jewish law Leon had forfeited his rights of worship.
"I will not bring shame on the (Continued on page 8)

LAND TRANSFER
PLAN OF HOOVER
GETS APPROVAL

Western Governors Also on
Record for More Roads
in Forests, Better
Protection.

Proposed U. S. Reservation
of Mineral Rights May
Bring Opposition
in Congress.

(Associated Press Leased Wire)
SALT LAKE CITY, Utah, Aug. 28.—Representatives of western states today stood committed to President Hoover's proposal for the appointment of a commission of nine or ten men to study public land and reclamation policies.

Aside from a suggestion to governors of the eleven states to submit names of three citizens each to the president, for appointment to the five places on the commission allotted to these states, the conference of their representatives in its closing session here yesterday failed to take a stand on the other issues presented to it in a letter from the chief executive.

The resolution was adopted expressing appreciation of President Hoover's proposal that the government should cede to the states surface rights to the public lands within their borders and should turn over the administration of reclamation projects to the states, but did not commit the conference on these matters.

More Funds Urged
Other resolutions urged increased federal appropriations for federal air highways and roads across government reservations and other public lands, increased funds for forest fire fighting and forestry investigations and more money for plant pest experimentation and control.

Just before adjournment the conference named an executive committee of three members to designate a time and place for the next annual meeting of the conference, arrange a program and provide for selection of delegates.
Governor H. C. Baldrige of Idaho is the chairman and his secretary, Victor Shattuck, named secretary of the committee. The other members are Governor Frank Emerson of Wyoming and Governor John C. Phillips of Arizona.

Enlistment of Hoover Plan
Briefly stated, the plans of President Hoover for transfer of federal lands to the states embrace the following proposals:
Appointment of a commission of nine or ten members to study present policies now being pursued in (Continued on page 2)

HOLDUP ALLEGED
FAKED BY EMPLOYEE
TO HIDE SHORTAGE

(Associated Press Leased Wire)
PHILADELPHIA, Aug. 28.—Director Emanuel B. Schofield of the department of public safety announced today that the "daring city hall holdup and payroll robbery" yesterday was a fake, staged partly to cover up alleged embezzlement of Alexander Hamilton, assistant paymaster of the department of public works, who told of being waylaid at pistol point. Hamilton was said to have confessed.
The director stated that the \$1,689 figured in the case had been recovered. He said that Hamilton and two other men had been arrested on charges of larceny, conspiracy, and receiving stolen goods.

Hamilton is 44, and has been employed in the public works department for 18 years. His salary is \$1,800 a year.

POLE AND PILING
RATES IN OREGON
WILL BE REVISED

(Associated Press Leased Wire)
WASHINGTON, Aug. 28.—Rates on fire poles and wooden piling, single and multiple car loads from Oregon points to California destinations, have not been unreasonable in the past, the interstate commerce commission declared today, but should be revised for the future. The commission said that charges on lumber for a number of years and that this had led to a complaint that rates were prejudicial and unjust.
The commission added that rates were from 5.5 cents to 8.5 cents in excess of corresponding fire lumber charges, and said that it would issue an order in the near future eliminating the differential between poles and piling rates and those on lumber.

L A W MIGHTIER
THAN UNIONISM.
PEDDLER FINDS

(Associated Press Leased Wire)
CHICAGO, Aug. 28.—The union forever, burrah, boys, hurrah, was James Cummings' argument to Magistrate James Feron in Oak Park.

Cummings had been peddling bills without a license, which is against Oak Park law. He told the magistrate he distributed the bills because "you gotta do what the union says."

"If the union told you to come out here and shoot me, would you do it," the court demanded.

"I gotta do what the union says," repeated Cummings.

"And I," said the magistrate, "gotta do what the law says. Two dollars and costs."

KIWANIS CHOOSES
SUSAN CREEK SITE
FOR IMPROVEMENT

Local Civic Body Joins in
Movement for Better
Camp Grounds on
North Umpqua.

Immediate improvement of the Susan creek campsite on the North Umpqua was given approval of the board of directors of the Roseburg Kiwanis club at a meeting held last night. A project has been undertaken for considerable time to improve several camps along the North Umpqua road for general public use, and the chamber of commerce recently appealed to the service clubs to assist in this proposition.

The membership of the Kiwanis club discussed the project in open meeting and recommended to the board of directors that the club sponsor one of these camps. The directors met last night and voted to participate, appointing a committee composed of Charles Heinline, O. C. Brown, Glen Wimberly, G. M. Kroll and J. R. Wharton to act on the matter. Carl Neel was named as technical adviser for the committee and John McClintock will represent the club before the chamber of commerce. Immediate steps will be taken by the committee to negotiate a lease on the land or to obtain the right to use the property for camp purposes.

The site selected is located at the mouth of Susan creek and is already one of the most popular camp spots on the river route, although unimproved. It is located 6 1/2 miles above Rock Creek on the North Umpqua road. All of the members of the committee have inspected the site and are familiar with its many advantages.

The tract is partly privately owned with a portion included in the O. and C. grant lands and a part under power withdrawal. Negotiations have already been started toward securing use of the site.
There are about 40 acres that can be made available for camping purposes, located on both sides of the creek and between the road and the river. When the ground is cleared, leveled and improved it will afford accommodations for at least 100 camping parties at one time.

Water will be piped from Susan creek to various parts of the tract. The committee will secure a survey of the proposed camp within the immediate future and will prepare detailed plans for improvement work. It is hoped to get action in time that brush can be (Continued on page 8)

OREGON UNIONISTS
SEEK PENSION LAW

(Associated Press Leased Wire)
TILLAMOOK, Ore., Aug. 28.—An old age pension law for Oregon will be sought by the Oregon State Federation of Labor at the next legislative session, according to the resolution adopted by the organization at the annual convention here today.

The resolution indicates that if the legislature refuses action, the initiative will be used.
The income tax in general was favored in the annual report of Ben T. Osborne, executive secretary-treasurer of the organization.

PLANE GOES THRU
CITY HALL; 2 DEAD

(Associated Press Leased Wire)
SALT LAKE CITY, Utah, Aug. 28.—Two men were reported killed today when an airplane crashed through the city hall at Eureka, a mining community, west of here. Their names were not learned.

C. A. LOCKWOOD
CHOSEN TO HEAD
BIG GAME BODY

Western Fish and Game
Association Elects
Local Man as
President.

Sportsmen From Eleven
States Will Probably
Meet in Roseburg
Next Year.

C. A. Lockwood, local Ford dealer, one of the Pacific coast's most ardent sportsmen, is home from San Francisco, where he attended the convention of the Western Fish and Game Protective association. He was given the great honor of being elected head of that organization, which directs the sportsmen's activities of the eleven western states, one of the largest and most active organizations of its kind in the United States.

Mr. Lockwood's election for this very responsible position is the result of his achievements as president of the Oregon Game Protective association during the past year, as he has, during his term of office, succeeded in building up the state organization to a powerful place, where it will be a decided influence in protection of the fish and game life of the state, arranging its method of operation so that it can control, to a large degree, the legislation that will be undertaken, thereby being in a position to eliminate many of the influences and acts tending to destroy the fish and game life of Oregon.

Because of his many other activities, outside of his local business, Mr. Lockwood objected strenuously to accepting the duties of president of the huge association, but was overruled and the work forced upon him. His reputation as an organizer and sportsman is widespread and the publicity that the Umpqua river has received, particularly in California, placed a large group of San Francisco and Los Angeles sportsmen behind the move for his nomination and election and they insisted that he accept the honor and the duties of the office.

Mr. Lockwood is an active member of the Douglas County Sportsmen's and Game Protective association, is president of the Roseburg Rotary club, an active member of the Chamber of Commerce and president of the state game association.

F. H. Ridley of San Francisco was elected first vice-president; Earl Frey of Seattle, second vice-president; M. N. Hogan, Medford, secretary.

Convention Coming Here
Mr. Lockwood is said to have a very ready response to his proposal to (Continued on page 8)

UMATILLA BOY, 14,
SLAYS FATHER TO
AID HIS MOTHER

(Associated Press Leased Wire)
PENDLETON, Ore., Aug. 28.—Glenn Moore, 14, was held in the city jail here today pending an investigation of the death of his father, Helstead Moore, prominent Oregon rancher, who, authorities said, was shot and wounded fatally by Glenn to aid his mother.

The shooting is said to have occurred on the Moore-Jordan ranch south of Hermiston late last night. Moore died in a Pendleton hospital from gunshot wounds in his arm and side.

Authorities said Glenn confessed to shooting his father when the elder Moore, said to have been intoxicated, beat Mrs. Moore severely.

CALL AND BULLETIN
OF SAN FRANCISCO
NOW ONE JOURNAL

SAN FRANCISCO, Aug. 28.—The San Francisco Bulletin today announced it had merged with the San Francisco Call, and starting tomorrow the two papers would be published as one newspaper, the Call-Bulletin. The two papers were established in 1855 and 1856, respectively.

Persistent but unconfirmed rumors that the Hearst interests had purchased the Bulletin have floated around San Francisco's newspaper fraternity for the past few days.
The ownership of the Bulletin was vested in C. H. Brochagen, who also published the Portland Telegram and the Sacramento Union. Reports also had it that the Union had been sold to William H. Dodge. These, however, were unconfirmed.

LIBRARY of Oregon
As
Pirates' Pilot
After Big Flop

(Associated Press Leased Wire)
PITTSBURGH, Aug. 28.—Donie Bush, manager of the Pittsburgh National League baseball club, today tendered his resignation to President Barney Dreyfuss. The owner of the club accepted the resignation without comment.

The resignation took effect immediately and Dreyfuss named Jewels Ems, a coach, as acting manager.

Asked if Bush gave any reason for resigning, Dreyfuss said: "He resigned. That's all I can tell you."

Rumors of an impending shakeup in the Pittsburgh team, following the recent disastrous eastern trip when the Pirates dropped 12 out of 17 games, have circulated in baseball circles here for several weeks.
Bush came to the Pirates three years ago from Indianapolis, where he piloted the American associated team. He replaced Bill McKechnie here. In 1927, Bush carried the Pirates to a national league pennant, but lost the world's title to the Yankees in four straight games. During his three seasons here, the Pirates finished in the money class in the national circuit.

ZEPPELIN GREET
KANSAS CITY, THEN
HEADS FOR CHICAGO

(Associated Press Leased Wire)
KANSAS CITY, Aug. 28.—Heading straight for Chicago after passing over Kansas City this morning, the German Zeppelin pursued a northeastward course across Missouri and was approaching the Mississippi river shortly before noon. Apparently intent on making up time lost in the rough passage through the southwest mountain country yesterday and last night, Capt. Hugo Eckener, commander of the Graf, decided a crossing of Missouri by way of Jefferson City and St. Louis as originally planned.

It appeared that the Graf Zeppelin would fly over the Mississippi river in the vicinity of Keokuk, Iowa, and possibly to the north of that city.
From the route being followed it was indicated the course across Illinois would be roughly towards Peoria and thence to Chicago.

Shuttle Still Going
OMAHA, Neb., Aug. 28.—The Hoofing air mail endurance plane, Shuttle, was racing eastward over its trans-continental course early today after having its tanks replenished with a capacity load of 350 gallons of gasoline in two refueling contacts here. Cleveland was to be the next refueling point.

Endurance Flights
CHICAGO, Aug. 28.—If "the first 100 hours are the hardest," the "Chicago-We Will" endurance plane has passed the most difficult stage of its attempt to establish a new record for sustained flight. At 4:31 o'clock this morning it had completed 113 hours in the air.

The fliers, C. E. Steele and Russell Mossman, made their twenty-sixth refueling contact last night.

SYRACUSE, N. Y., Aug. 28.—With continued fair weather the Empire State Standby circled over the New York state fair grounds here today piling up additional hours in the pursuit of a new endurance record. At 11:05:37 o'clock E. S. T., today, the fliers, Clyde E. Pangborn and Carl A. Dixon, will have completed two full days in the air. Contact with the refuel plane was made this morning.

Italian Ace Quits
ROME, Aug. 28.—Colonel Francesco de Pinedo, Italy's foremost ace, has resigned his post as chief of the general staff for aviation. It became known today that his (Continued on page 8)

England Granted Three-Fourths
Of Money Demand On War Debt;
Germany Insists She Can't Pay

(Associated Press Leased Wire)
THE HAGUE, Aug. 28.—Dr. Gustav Stresemann, German foreign minister, told the five creditor powers today that Germany could not make the sacrifice demanded of her in the agreement on the Young plan reached last night.

THE HAGUE, Aug. 28.—Philip Snowden, British chancellor of the exchequer, having obtained three quarters of what he asked for in increased reparations under the Young plan, is now making a strong effort to have the Bank of International settlements located in London.
He posed his question at last night's conference at which representatives of Great Britain, France, Italy, Japan, Germany and Belgium were present, but they refused to discuss the question in connection with the financial features of the plan.
Mr. Snowden declared he should have that concession for consenting to the reduction of his claim from 48,000,000 marks to 35,000,000 marks annually.
The line-up of the powers on location of the proposed international bank is expected to be about the same as on distribution of the reparations payments. Germany, Belgium and France want the bank in a neutral country. Italy's position is doubtful. Japan at the last moment seemed to have turned against Britain.

BRITISH POWER
FACING CRISIS
IN PALESTINE

Rioting Over Wailing Wall
Stirs Fires of Revolt
Among Moslems in
All Sections.

Syria and Trans-Jordan
Being Closely Watched
and Armies Still
Guard Hebrews.

(Associated Press Leased Wire)
JERUSALEM, Aug. 28.—British troops have occupied most of the Jewish colonies in southern Palestine, but there are said to be grave threats of danger in the north where the colonies are undefended against a rumored Bedouin advance from Trans-Jordan.

Up to British Arms
JERUSALEM, Aug. 28.—Moslem uprising throughout Palestine, Syria and Trans-Jordan, with attendant horrors of fire and sword, loomed today as a possibility unless British power in the middle east could crush quickly the rising spirit of unrest among fanatical tribesmen.

The situation already today seemed to have passed far beyond the original dispute between Arabs and Jews over use of the wailing wall, and observers generally here looked to them, Saudi, mighty king of the Hedjaz, whose ultimate attitude could turn the scales one way or the other. It was considered certain that facts rapidly being assembled did not bear out the optimistic tone of official communiques.
These faced the dead and wounded in the last five days' fighting between Jews and Moslem Arabs at 143, and 246, divided as follows: Killed—46 Moslems, 4 Christians, 93 Jews; wounded—118 Moslems, 39 Christians and 269 Jews. It was added an accurate check of casualties was impossible.

Uprising Spreading
Upheaval among the Trans-Jordanian Arabs growing out of the Palestine fighting has become so violent the government has found it necessary to close the eastern Jewish frontier against possible invasion by sympathetic nomads, but armed Bedouins crossed the (Continued on page 8)

CARNATION MILK,
ALBERS BROTHERS
NOW ONE CONCERN

(Associated Press Leased Wire)
SEATTLE, Aug. 28.—Merger of the Carnation Milk Products company and the Albers Brothers Milling company was announced here today by Philip G. Kinzer, vice-president of the Carnation company.

Headquarters of the \$6,000,000 Albers Brothers company, now located at San Francisco, Kinzer said, probably will be removed to Seattle and consolidated with those of the Carnation Milk products.
Under the consolidation, the \$30,000,000 Carnation company obtains the Albers brand name of the Albers brothers under which the latter had been marketing cereal products. The new company will be known as the Carnation Milk Products company, though it was believed the trade name of Albers would be continued.

The merger, Kinzer said, was brought about by direct negotiations of officers of the two companies and is on the basis of two and one-half shares of Carnation common for one Albers preferred and two Carnation common for one Albers common.
