GLENDALE HIGH
SCHOOL FOOTBALL
TEAM PRACTICING

(News-Review Douglas County Special)
GLENDALE, Sept. 17.—A meeting called by Coach Bagley of the football team at the Glendale high school last Tuesday, resulted in 17 students reporting for practice.

Seven lettermen reported, including Salvage and Barile of last year's backfield; Winder, C. Hill, Chama, Burke and Condray, former Lucena players, a star player on last year's team, Nelson and B. Hill, also former players, have not entered school yet but are expected to enroll soon and become members of the team. The football team this year, according to Coach Bagley, will be somewhat lighter than in former years, but he expects to have a fighting combination on the field that will make up in speed and stamina what they lack in weight.

A schedule of games is being arranged with some of the high schools north and south of here.

RICE CREEK

(News-Review Douglas County Special)
RICE CREEK, Sept. 17.—Miss Ethel Rice visited with her sister, Mrs. Margaret Smiley, of Astoria, the past week.

Mrs. Orpha Smith and daughter Alberta were in town Wednesday, shopping and visiting with friends.

Frank Clemens and parents spent Sunday at the home of Mrs. Leah Barrett.

Ernest Bradford, who has been working with the highway construction company at Hood River, is at home now.

Oliver Henry and Fred Henry were in town Saturday.

Mr. and Mrs. Ira White and children were in Roseburg Saturday, visiting and attending to business.

Mr. and Mrs. M. McCurdy of Oakland visited at the home of Mrs. Leah Barrett and Oliver Henry.

Mr. and Mrs. J. Thornton, who spent the summer in Klamath Falls, have returned to the home of Mrs. Thornton's mother, Mrs. Ward, Mr. Thornton has a home on Willis creek where they will reside this winter.

Mr. and Mrs. Wesley Hansen visited friends on Rice creek Sunday. Mr. Hansen has his property rented and is located in Eugene.

Mrs. Evelyn Thiele of Roseburg visited at the home of her parents, Mr. and Mrs. J. J. Meredith.

Mr. and Mrs. J. Culver of Roseburg visited at the Leah Barrett home last Sunday.

Miss Lorena Brown and Roy Davenport surprised their friends.

4 Of Her Family
Have Benefited
Through Sargon

Sargon was worth its weight in gold to me. It not only restored my health but it strengthened and invigorated every part of my body. Four members of our family are taking Sargon now and we all think it is a wonderful medicine.

MRS. EFFIE BAUS

"I suffered for two years with a severe case of stomach trouble and nearly everything I ate disagreed with me. I had severe headaches and my nerves were tense nearly all the time. I was badly disappointed and illious and dizzy at times. Then my health came and the pains in my neck and shoulders were awful.

"It's simply wonderful what Sargon did for me. I have a splendid appetite now and I digest everything perfectly. I haven't had a headache in weeks. My nerves have been wonderfully strengthened and I sleep soundly. I have not only gained five pounds but I feel better in every way.

"Sargon Pills rid me of constipation and ended my biliousness and dizzy spells, without upsetting me in the least. Those terrible nervous pains in my neck and shoulders don't worry me like they used to and I feel better than I have in years."

"The above statement was made by Mrs. Effie Baus, Box 158, R. F. No. 10, Milwaukee, Oregon. Sargon may be obtained in Roseburg at Nathan Fullerton's Retail Drug Store.—Adv.

New State Legion Commander

This is Sid S. George of Eugene, new state commander of the American Legion. Mr. George is well known here as he visits this city often in his tour around the state in behalf of the state industrial accident commission, by which body he is employed.

FORMER GLENDALE
MARKSMAN ON TEAM
AT CAMP PERRY

(News-Review Douglas County Special)
GLENDALE, Sept. 17.—Joseph A. Jacques, a former Glendale and Cow Creek boy, is a member of the Portland police pistol team who were consistent winners at Camp Perry, Ohio, last week, and which team won the field firing match, walking off with the coveted Harry Sobel trophy.

Jacques is a son of Andrew Jacques who resides on a ranch on the Pacific highway about three and one-half miles east of this city where he spent his boyhood days, attending the public school in this city. At the time he took his civil service examination, previous to joining the Portland police force, Jacques received the highest standing of some 5000 applicants, taking the examination, Jacques is also an ex-service man.

Health Bulletin

(State Board of Health)
Modern diphtheria prevention has acquired a weapon which has already proven powerful and effective in the battle against this disease. This is toxin-antitoxin, which enables us to immunize and to protect all susceptible persons. The control of this disease is in our hands. Let us not delay in adopting this method of proven value. It is simple, easily applied, and without danger. The greatest obstruction today to diphtheria elimination is the delay in using means of prevention.

Toxin-antitoxin is a mixture of diphtheria antitoxin. The combination is such that the toxin present produces no harmful effects on the body and yet is effective in producing immunity to disease. Toxin-antitoxin is a clear, transparent fluid. A good preparation is never cloudy. The mixture is stable for six months and during that time does not deteriorate if properly kept in a cool place. It has been found that the amount sufficient to produce immunity is usually three doses of one cubic centimeter each, given at intervals of not less than seven days. The technique of giving toxin-antitoxin consists of sterilizing an ordinary hypodermic and filling it with one cubic centimeter of toxin-antitoxin. The site of injection is prepared by painting with tincture of iodine.

It is given subcutaneously in the upper outer part of the arm. In most cases there is no reaction but in some cases there may be redness or swelling at the site of injection. The immunity begins to develop a few weeks after injection but requires from three to seven months to reach its height in all immunized persons. Hundreds of thousands of children have already been treated with toxin-antitoxin without any ill effects. It is very seldom that children under ten notice any after effects at all, while among those under five such effects are almost unheard of.

FORTUNE IN SHIP'S BOX

(Associated Press United Wire)
NEW YORK, Sept. 17.—Stacks of \$20 gold pieces totalling \$2,750,000 were transported from La Paz, Bolivia, to Arica, Chile, in a freight car with one man watching the treasure. It came to Brooklyn on the steamship Santa Maria. It was in the ship's strong box, under heavy guard. Armed men and armored trucks met it at the pier and transferred it a couple of miles to a bank.

BIGAMY CHARGE FAILS

(Associated Press United Wire)
EUREKA, Cal., Sept. 17.—A bigamy indictment against J. Logan Beamer, Eureka attorney, was dismissed on motion of District Attorney S. E. Metzger. Beamer was twice tried with the jury disagreeing each time. The prosecution held a Mexican divorce obtained by Beamer from his wife was invalid.

TRAPPER'S BODY FOUND

(Associated Press United Wire)
DENVER, Colo., Sept. 17.—Sixteen hundred feet from the shelter of a cabin, the body of Charlie Goutco, head trapper, missing since January, 1925, was found yesterday where he had died in the snow atop the Broken Top plateau while seeking shelter from a raging snowstorm.

FATAL AUTO MISHAP LEADS
TO MANSLAUGHTER CHARGE

(Associated Press United Wire)
OAKLAND, Cal., Sept. 17.—A warrant charging Ernest A. Hevon, wealthy chairman and son of the late former president of the Key System Traction company, with manslaughter was sworn out by Manuel Nunes, 20, son of Joseph Nunes, 50, killed in an automobile collision involving Hevon's machine.

MRS. GRANT WILCOX
BEST GUESSER ON
PIGEON'S FLIGHT

The hundreds of people who watched the release of four homing pigeons in front of the new Pigeon store last Saturday afternoon will be interested to learn about the flight of the birds and how long was required to make Portland. The first bird to reach Portland was exactly 5 hours, 17 minutes and 55 seconds making the flight. There were many guesses submitted as to the time the pigeons would be enroute, and Pigeon's management had offered substantial prizes to those who came nearest naming the actual time, and Mr. Jordan, manager of the store, has compiled a list of those who are "in on the money," so to speak. There were a number of guesses in the second and third class who tied, and in arranging for these to participate in the prizes he has arranged for those who tied to do so.

The first prize goes to Mrs. Grant Wilcox, who only missed the actual flight time by two seconds.

Winners in the second class, in order of accuracy, were Pats Schneider, Mrs. H. Worthington, Edith Stagg, Mrs. Frank Ellison, Maud McManey, Mrs. Lizzie Jones and Geo. Singleton tied, and the three losers in this tie will be the first three winners in the third class. In the third class, in order of accuracy, were Gilbert Wood, Leiland Russell, Ogal Hanson. The following four persons in class three tied: Mrs. Anna Lindsay, Mrs. E. H. Laird, James MacNab, W. A. Marion. Two losers in the tie of this class will participate in class four prizes. Other winners in class four are, in order of accuracy, Mrs. Elmer Metzger, Dick Eastman, Robert Middleburg and Mrs. J. H. Clark.

COLORED TURKISH TOWELS,
10c EACH—10x35 IN.

Solid color with border design in white stripes. Your choice of colors—red, blue, green or maize. A good heavy weight towel—just the right size for every day use. Get them now at Car's—where you save.

The Sophisticated Admission
(Bend Bulletin.)

Just because a man rents a garage it's no assurance he is going to use it to store his car. The average garage is not large enough for a car and the modern boot-legger's equipment, so the car is out in the rain.

As We Grow
Older

Proper kidney action is more than ever important.

GOOD health isn't possible unless your kidneys are properly removing the waste impurities from your blood.

For bladder irregularities and for the lameness, stiffness and constant backache due to sluggish kidneys, use Doan's Pills.

Doan's promote normal kidney action and assist the kidneys in cleansing the blood of poisonous wastes. Recommended the world over. Sold by dealers everywhere.

50,000 Users Endorse Doan's:

Mrs. William Hoiges, 200 Centennial Ave., Hanover, Pa., says: "I was tired, nervous and worn-out. My kidneys were not acting properly and I had backache. After using Doan's Pills a short while, the kidney secretions were again normal and I felt well."

RESERVE CORPS TO
OPEN FALL DUTIES
ON SEPTEMBER 24

Uniqua chapter of the officers' reserve corps will resume its fall activities with a big banquet and social meeting at the Uniqua hotel Tuesday, September 24. Invitations have been sent out to chapters all over the state to attend, and it is expected that there will be a large number of visiting officers and their wives present. The banquet will be in honor of Colonel and Mrs. McCammon of Portland. Col. McCammon is chief of staff. There will also be several other state officers present. Following the banquet the officers will go into a business session at which time addresses will be heard from the visiting officers. Tables will be provided in the lobby of the hotel for the ladies who desire to play cards. Mrs. Clair K. Allen is assisting the local chapter in planning entertainment for the visiting ladies.

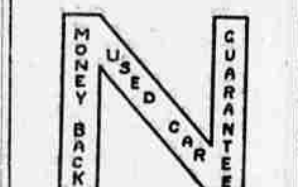

\$75,000 FIRE AT MODESTO

(Associated Press United Wire)
MODESTO, Cal., Sept. 17.—Two firemen were hurt while fighting a \$75,000 blaze which gutted three buildings here. The buildings were owned by the J. S. West and company, grain and fuel dealers.

CARD OF THANKS

We wish to express our sincere thanks for the comfort and assistance given during the illness and following the death of our loved one, Sara Ella Radabaugh, Mrs. Jone Radabaugh, Mrs. F. L. Wilson, Mrs. Azel Houston.
