

T-B HOSPITAL AT THE DALLES PROVES BENEFIT TO STATE

Every section of Oregon is beginning to feel the benefit of the Eastern Oregon tuberculosis hospital opened at The Dalles the ninth of last July, according to Dr. G. C. Bellinger. The overcrowded conditions at the Salena hospital are being relieved by the transfer of fifteen patients in the past two weeks to the eastern Oregon institution. This means that both the patients who remain at Salena and those who are transferred will benefit. The waiting list has been cut, too, the state official declared so that it is no longer necessary for a victim of the disease who is financially unable to go to a private sanatorium to wait three or four months at home, where he may be exposing three or four other citizens of the state to the disease. Under this condition, Dr. Bellinger points out, the actual sufferer from the disease was not only in a dangerous position but also those with whom he was living. "By having the hospital at The Dalles we have actually saved both the individuals in the state, and the state treasury thousands of dollars, and what is more important, provided for the comfort of our afflicted neighbors," he said, "by reducing the chances of new infections."

There are now seventy-five patients in The Dalles institution which was built by authorization of the voters on the referendum vote in November 1926 which carried with a majority of over 80,000, one of the largest majorities ever recorded in this state on a referendum measure.

Dr. DeWalt Payne, former health officer of Douglas county, is the superintendent of the hospital.

HOLLYWOOD CLIMBS TO TOP PLACE TIE WITH THE SEALS

(Associated Press Leased Wire)

Hollywood and San Francisco, placing their chief faith in battery and pitching strength, stood at the head of the coast league today, in a tie with 51 won and 25 lost as the record for each in the second half of the split season. The Mission Reds, a constant threat to the first place club, lurked in third rank.

The Stars went back into first place by splitting a double header with Los Angeles. They came from behind with a four run rally in the eighth to capture the opener 6 to 4, but were squelched thoroughly in the nightcap which turned up a 15 to 7 victory for the Angels.

Only the fact that the Seals had won three straight up to yesterday from the Mission Reds kept that club in the battle for first place against Hollywood. The Missions turned the tables by defeating the league leaders 3 to 2.

The Indians dropped another to the Oakland club in the northern camp, the battle ending 5 to 2, and giving the Oaks three victories to one for the redskins. Craighead was almost invincible.

Portland took both halves of a doubleheader from Sacramento in the north. The Ducks swam to an easy 10 to 4 victory in the first, and made it 4 to 3 in the afternoon, in both games, the Portlanders came from behind. Sacramento rolled up a four run advantage in the first contest only to lose it in the third inning, while in the night cap the visitors scored all their runs before the Ducks brought their first runner across the plate.

ROSEBURG HUNTERS BAG DEER IN CALIFORNIA

C. W. Parker of the Roseburg game and George Burnett returned this morning from a hunting trip in eastern California. The deer season opened there on the 16th of the month, and they were on hand for the first day. They brought back a big mule deer that dressed out about 350 pounds. They were hunting in the Modoc national forest, just across the state line from Malheur, Oregon. They state that they saw hundreds of does and fawns but that bucks were very scarce.

FOOTBALL MAKES SEASONAL DEBUT IN WEST CIRCUIT

(Associated Press Leased Wire)

SAN FRANCISCO, Sept. 21.—Opening football skirmishes in widely separated sections today will sound the season's call to far western followers of the great American college sport.

First games of 1929 will feature three coast conference elevenes against opponents of lesser rating. Stanford's gridiron strength will be tested by the west coast army service team. Oregon State tries out its play on Willamette while

Montana goes into action against the Anaconda Anodes, a club team. Stanford's Cardinals appear to have the toughest assignment of the day, despite the imposing array of gridiron splendor assembled by Coach "Pop" Warner. The service squad, experienced and weighty, includes in its personnel, Lieutenant Louis Hammack, guard on the West Point army team last season. The Cardinals have had but one week of practice.

Whitman college and Cheney normal clash at Walla Walla, Wash., in the only other game of any consequence along the coast.
