LADIES AID PARTY WAS BIG SUCCESS

GLENDALE, Ore., Nov. 7. (Special)—The birthday party given by Olivet Ladies' Aid society at the Presbyterian church Tuesday evening was a big success in every way. The ladies wish to thank the people of this community for the hearty support and patronage given them. The affair netted about $65. A cent for each year of one's age was the admission price and although the ladies are not divulging any age secrets they expressed themselves as being surprised as to the number of evident centenarians that reside in this community as evidenced by the admission fees tendered.

An excellent program was enjoyed during the evening and consisted of various musical numbers followed by a short, clever skit, entitled "The Bachelor's Reverie."

Miss Naomi Costello was the lucky witner of a fine large birthday cake.

WOMEN JURORS SWEAR VERDICT BASED ON FEAR

(Continued from page 1)

Fitts said, "that since the verdict was returned three jurors have had a sudden change of heart. The jury returned its verdict in open court, each member was polled and all stated that this was their verdict.

It is the law of California that a jury cannot impeach its verdict."

W. I. Gilbert and Joseph Ford, defense attorneys, in their affidavits said the trial was affected adversely for their client by radio comments made by Dr. Shuler "against the juror in the Mrs. Lois Pantages case whom Shuler claimed was in favor of acquittal."

Dr. Shuler subsequently was adjudged in contempt of court and fined $75 for the alleged statement.

Mrs. Pantages, the theatre man's wife, was found guilty of manslaughter in connection with the death of a Japanese gardener after a motor accident involving her automobile, and now is awaiting sentence.

Word has been received here that Mrs. J. R. N. Bell, a former resident of Roseburg, is seriously ill at the home of her daughter, Mrs. J. L. Rodgers, in Portland. She was stricken with paralysis several weeks ago and her condition is reported to be very critical.

Youth Has Found The Way!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE has cultivated the fertile field of opportunity and invites everyone to roam in search of desired pursuits. Nothing remains of that ancient prejudice which bound the apprentice, without choice, to his career.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S *extra* secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

"It's toasted"

No Throat Irritation—No Cough.
