TODAY'S MARKETS

(Associated Press Local Wire)

PORTLAND, Dec. 20.—Following sharp declines of the past week, the egg and butter markets appeared steadier today with demand and supply about balanced.

In country meats, veal was quoted one cent lower.

Reviewing the fruit and vegetable situation, the Portland bureau of the United States department of agriculture says:

Domestic extra Fancy apples, mostly Delicious and Spitzburgs, for the Christmas trade, is showing greater activity than has prevailed at season, prior to the current week. A moderate stock, active at cheap prices are also in good demand. Imported apples, such as fancy C grade and combination grades, are slow in moving, being much priced in comparison to the ungraded lots, and hardly five enough for Christmas gift purposes. The "apple" is a box of apples for Christmas.
