Fielding Average of Each .975 in 1929; Gehring, Kamm, Judge Best of League Basemen.

Boley Tops Shortstops and Simmons Is Tied With Schulte for High Outfield Mark.

By PAUL MICKELSON
Associated Press Sports Writer.
CHICAGO, Jan. 14.—The world's champion Philadelphia Athletics and the St. Louis Browns had the highest defenses of all American league clubs in 1929, official fielding averages disclosed today.

The Athletics accepted 5,681 chances and the Browns 5,971, each compiling a grand season's average of .975 or better. Points higher than the leading mark recorded by Washington in 1928 and two points less than the all-time major league record established by the New York Yankees in 1928.

Only one player, Willie Kamm of the Chicago White Sox, retained his fielding championship. Kamm defended his third base post at a .978 clip, accepting 491 chances and making but 11 errors in 145 games. In 1928, he fielded .977.

Joe Judge, Washington veteran, led the first basemen. He played in 142 games, made 1,428 put outs and 88 assists and only six errors for an average of .996. Lew Fonseca of Cleveland new American league batting champion, was second to Judge with a .995 average.

Charles Gehring, Detroit's youthful second baseman, was the best defensive player of the year around the keystone station. He had 401 putouts, 501 assists and but 23 errors in 154 games for a .975 mark. Gehring also participated in 93 double plays. John Hendon of Cleveland had an average of .977 but he completed in only 72 games.

Boley tops shortstops in 1929. Shortstops were unusually mediocre on defense in 1929, the averages revealed, with Joe Boley of the Athletics the best in the field with a .968 average, the same mark that with which Joe Sewell of Cleveland, led the field in 1928. Boley played in only 88 games but reached his best form late in the season and played brilliantly in two world series. The Philadelphia veteran's record was 161 putouts, 229 assists, and 15 errors. Leo Durocher was second with a .958 average.

At Simmons of the Athletics and Fred Schulte of the Browns tied for first place among the outfielders with .989 averages. In 142 games at centerfield, Schulte accepted 373 chances while Simmons had 268 in 142 games in left field.

Rheumatism Made Him Quit His Work

"I was so crippled up with rheumatism that I had to quit work as foreman of the English Lumber & Logging Co. I started Sargol and now I'm strong and well and sound as a silver dollar!"

WILLIAM HART

"My knees were sore and stiff and sharp, cutting pains in my shoulders and my circulation bothered me a lot. I lost weight and felt 'no amount' and ran down. I have taken three bottles of Sargol along with Sargol Pills and every pain in my body is gone! I have taken on five pounds weight and feel fine all the time. Sargol Pills ended my headaches and dizziness and gave me perfect circulation." William Hart, 85, 14th St., Seattle. Why Folks Stay Fat

Not always because of over-eating, but because a gland is weak. That gland largely controls nutrition. When it is weak one may nearly starve, yet stay fat. Modern physicians the world over now combat this great cause of obesity. And excess fat, in late years, has been disappearing fast.

Marmola prescription tablets contain the chief factors which they use. People have used them for 22 years—millions of boxes of them. And countless slender figures everywhere now show the amazing effects.

Go try this right method to reduce. Stop starving. Read the book in the box with the formula and reasons. Ask your druggist today for a \$1 box of Marmola and watch the change.

Bow and Arrow Experts Bag 200-Pound Bear

Frank Krum is an expert "trouble shooter" in the Graham-Palge service department at Portland, Ore. As the cars give little trouble, he had to hunt some, and the photo shows that he found it. Krum and his son, Carroll, age 14, met a 200-pound black bear, and Krum led by an arrow, which only enraged Bruin. Carroll shot two more arrows as the bear charged on his father, who had fallen backward over a log. Then the elder Krum's second arrow ended it all.

The shadow-children didn't know what to do. They were inside the Chinese Plate with their Chinese friend, Tinga-Ling, who had taken them to what he called the tea-time factory. Exactly what this was he didn't explain. It was clear though that it had something to do with tea (everything inside the Chinese Plate had something to do with that). From the outside it

Arthur Henderson, British foreign secretary said:

"We want to make these changes which are necessary to take out of the covenant the right of war. We have not lost faith in the covenant. We regard the covenant as the fundamental constitution of an organized international society of states. It is just because we regard the covenant as a fundamental

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Avoid the snags along the common-sense path to fitness and fashion. Don't let over-indulgence deprive you of the tantalizing contour of the modern figure. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately—when your eyes are bigger than your stomach, reach for a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence, if you would maintain the graceful, modern figure with its captivating curves.

"It's toasted"

*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quick "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
