10 YEARS OF DRY LAW CELEBRATED AT M. E. CHURCH
The Victory institute held yesterday by the Roseburg W. C. T. U. celebrating the 10th anniversary of national prohibition, was a very interesting and well attended meeting. The institute was held at the First M. E. church, with Mrs. E. Willis, president, in charge. The devotional service was conducted by Rev. J. B. Penhall, pastor of the Methodist Church south, with Mrs. W. W. Ashcraft in charge of the music. A tableau by Mrs. J. B. Bailey and Mrs. W. W. Ashcraft was a very effective number.
Mrs. Earl Agee, county president, spoke on the importance of regular reports from directors of county departments, dealing also with the subject of "Three Essential Gifts for Success," stressing knowledge, faith and service, as the essentials for effective work.
A very interesting luncheon meeting was enjoyed at noon. Members furnished a very bounteous repast, which was followed by short talks. Music was in charge of Miss Gladys Strong.
Mrs. A. C. Marsters presented a review of the ten years of prohibition. Rev. Perry Smith gave a fine talk on personal responsibility. J. E. McClintock spoke on the results of prohibition in improving home life and individual prosperity. Harriet Ellsworth discussed the effect of the present law, obscuring Carlos Page gave an interesting talk on the economic benefits of prohibition. Rev. C. A. Edwards read an article concerning the beginning of prohibition. B. W. Strong spoke on law observance. Mrs. J. A. Soules took the subject of law observance as a social factor. Law observance in the schools was discussed by W. M. Campbell, superintendent of the city schools.
The devotional service in the afternoon was led by Mrs. H. A. Canada, taking her lesson from the 22nd psalm. Mrs. W. M. Ashcraft and Mrs. Edith Acker, led the singing. Mrs. Mary Myers sang a group of soprano solos, accompanied at the piano by Miss Gladys Strong. Mr. and Mrs. Herbert Williams also entertained during the afternoon with violin and piano music.
Economic Benefits
The principal address of the afternoon was given by H. A. Canada, who spoke on the subject "Then and Now, the World Outlook for Prohibition."
Modern life, the speaker declared, demands clear minds and sober hands. Drunkenness has no place in the industrial, professional and business life of today, he stated.
During the ten years of prohibition, Mr. Canada said, the government has saved more than two billions of dollars, while working men have saved more than six millions. In the face of such facts, he said, it is not common sense to permit repeal of the act.
He also called attention to the work being done by the W. C. T. U. in other countries, particularly Mexico where 2,000 school children recently participated in a parade for prohibition. He presented facts showing why light wines and beers under government inspection would not work satisfactorily.
He also pointed out the corruption in political life caused by liquor in former days, speaking of the saloon as a gathering place where ward bosses controlled politics through the effects of liquor. Prohibition, he declared, has raised the tone of Americanism in this country. He voiced a plea for more strict enforcement of the prohibition law, showing that lax enforcement is responsible for much of the present violation of the 18th amendment because violators believe that it is easy to avoid penalty.

Fifty Years a Boat Captain
Mrs. Maude Leathers, sixty-six years old, for fifty years has been a Mississippi river steamboat captain. She was pictured with a bottle of "Maddira" which was presented to her by Jefferson Davis, former president of the Confederate States, when he made a trip many years ago on one of her boats. The bottle bears the inscription, "Blanche, I brought this to you. Don't open this until your first boy comes." The bottle has never been opened. Mrs. Leathers has never had a child.
Members of the Roseburg Women's club are looking forward to a very interesting program at the club rooms on South Jackson street Saturday, January 18. The program, which will follow a short business meeting, starting at 2:15 p. m., will be devoted to consideration of the scholarship loan, an important activity in which the federated clubs are engaged. Numerous letters of gratitude from girls who have been helped by this fund have been received and will be read. There will also be several other interesting numbers on the program, followed by a silver tea. A cordial invitation to attend is extended to all women of the county.
A total of 312 accounts is now marked up in the books of the scholarship loan committee of the state federation of women's clubs. This means that 312 girls have been assisted to secure an education to add them to their future life. The committee has provided financial aid for ambitious girls who were unable, because of their circumstances, to secure the higher education which they desired. Each case was carefully investigated before help was given, and in each case the loan has been fully justified.
Most of the girls to whom help was given had gone through two or more years of college and were juniors or seniors, but were on the point of giving up their further study, because of lack of finances. They have been given assistance that has made it possible for them to complete their education.
Girls needing money to go to college or normal school may make application to the committee, after which a questionnaire is sent to the applicant for confidential information. All reports are

kept strictly in confidence, for the girl must reveal much of her personal history. She must have suitable recommendations from teachers, or friends or else be sponsored by one of the federated clubs. Some of the girls borrow for a year and then repay the loan during the summer vacation, borrowing again in the fall for the next year. All of the girls are expected to repay the loans at the earliest possible moment, and so far the payments made to girls who have now completed school amount to 99 66-100 per cent. Many of the girls have sent in touching letters of gratitude, and nearly all have made some payment from the very first check they received for their work after completing school. Many state that they have been able to secure far better positions than would have been possible if it had not been for the help given them in completing their education.

Fat Comes At Forty
Sometimes in earlier years. It comes when a certain gland grows weak. That is what modern authorities find. And physicians the world over now combat that cause.
The method they use is embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. Now in every circle you can see what slender figures, what health and vigor that right method brings. And all without abnormal exercise or diet.
Every box of Marmola contains the formula and facts. Users know the reasons for all good effects. In fairness to yourself, try Marmola. Watch the results. All druggists supply it at \$1 a box.

Former Roseburg Boy Advanced
According to word received here, Warren Williams, manager of the Western Union at Raymond, Washington, won the Christmas messenger contest for Oregon and Washington. His messenger boy also won the Christmas contest and will receive a free trip to Seattle as a prize. Mr. Williams was given a generous advance in salary for winning this contest. He is well known in this city, having been Western Union messenger boy for several years before being made a manager in Washington. He is the son of Mrs. Cora B. Starmer and a brother of Mrs. Phil Harth of Roseburg.

CARNEGIE REPORT ON COLLEGE SPORT IS FORMALLY EYED
WASHINGTON, Jan. 16.—Already approved by its commission on athletics, the famous Carnegie report on college athletics today was before the association of American colleges in its final session.
The commission in its report to the association said that the Carnegie report dealt "only moderately" with the situation and gave a conservative view of the state of college athletics.
It also asserted that the Carnegie report had placed before the college three questions: whether college athletics should be on an amateur basis; whether they should represent wholesome sport between colleges, or whether they should be subsidized or semi-professional. Each college was urged to make a thorough survey in view of the findings in the "Carnegie exposé" on conditions in college athletics.
The Carnegie report, which caused a furor in educational circles, named many colleges as directly or indirectly subsidizing athletics.

SIDNEY G. NEFF DIES AT OAKLAND
Sidney George Neff, a resident of Oakland for the past 15 months, passed away yesterday evening after a long illness at the home of his brother-in-law, Wm. Morris. He was born in Indiana January 8, 1862, and had been living in Washington for several years, where he was engaged in mining. He is survived by two sons, Sidney G. Neff, Jr., and Morris N. Neff of Wichita, Kans., and also by two grandchildren. He was a member of the Masonic and I. O. O. F. orders. His body will be sent on train No. 12 this afternoon to Portland for cremation and remains will then be forwarded to Wichita, Kans. H. C. Stearns of the Douglas funeral home is in charge of arrangements.

For Heavy Figures A Warner's

The inner belt featured in this Corsette, is a continuation of the elastic hip sections—it supports and controls excess flesh at diaphragm and abdomen, and the long lines of the outer garment smooth the silhouette down to lovely lines. The garment is well boned, and made of an attractive rayon patterned novelty cloth. There are detachable shoulder straps. Note the opening, part way under the arm, to assure a smooth bust line.
