CINCINNATI GETS DUROCHER; LUQUE TRADED TO ROBINS
NEW YORK, Feb. 6.—The Cincinnati Reds have a new addition to their brilliant infield in Leo Durocher late of the New York Yankees.
The Reds acquired the flashy young shortstop yesterday for an unnamed player and an unannounced sum of money. It is expected that the Yankees will use the Cincinnati player to pay an obligation the club owes in the Pacific coast league.
But the question arises as to how it happened that the other American league clubs happened to waive on Durocher and just what use Cincinnati expects to make of him. Leo is a poor hitter, batting only .246 last season, but he is a brilliant fielder and an expert talker. To use him, Cincinnati probably will have to break up an already fine fielding combination of Ford and Critz, who made a record of 194 double plays while playing shortstop and second base for the Reds in 1928.
Cincinnati completed another deal yesterday, which brought Tommie McWeeny there from Brooklyn in exchange for Adolfo Luque. Neither of these right handed pitchers was particularly effective last season, but the managers of the two teams evidently believe they will be useful for the 1930 season. Luque, nearly 40 years old, is a crafty and resourceful pitcher. McWeeny, who has won a world of speed but has shown little control, has done his most effective pitching in Cincinnati.
ONE-MAN TRIAL OF DRY LAW VIOLATORS FAVORED BY POUND
WASHINGTON, Feb. 6.—Urging that United States commissioners be given power to try slight or casual violations of the dry laws, Roscoe Pound, of the National Law Enforcement commission, asserted today before the house judiciary committee that crime had increased enormously in recent years and that federal court congestion had been a result.
Pound, who appeared with Chief

man Wickersham of the commission, said a serious condition existed in the federal courts because of the congestion.
He testified that "bargain or cafeteria days," where prohibition law violators were tried wholesale to clear federal court dockets had impaired the dignity of the courts. He added that in consequence the people were losing respect for the courts and for the law.
Mr. Wickersham today invited Representative Dyer, republican, Missouri, to appear before the commission March 5 when hearings will be held on the 2.75 per cent beer bill.
