Here's the Beauty about Avon Spray Emulsion

THERE'S a wide margin of safety where severe scale infestation calls for an over-dosage of Avon Spray Emulsion.

Here is an added feature of this finer oil spray, refined by Associated from selected crudes. It gives more assurance to growers whose trees are more heavily infested than average. It's as near positive as a pest control can be.

The use of Avon Spray Emulsion is increasing in every section of the West — gallonage increased 383.7 per cent for 1929 over 1928. More than 30,000 acres in choice deciduous orchards are already under the control of Avon Spray Emulsion.

Get "Finer Fruit and More of It" with AVON SPRAY EMULSION. Call at the nearest Associated plant, or better yet, ask our Associated Spray Advisor to drive out to your orchard. No obligation.
