Attractions AT THE MOVIES

ANTLERS—Today, Thursday and Friday, "Hot for Paris," with Victor McLaglen, Fifi Dorsay, El Brendel, all talking; Saturday, "Seven Faces," all talking, with Paul Muni.

LIBERTY—Today and Thursday, "The Viking," entirely in technical color; Friday and Saturday, "Broadway Heffer," all talking.

"THE VIKING," a gorgeous, eye-filling spectacle, opens today at the Liberty theatre for a two-days engagement.

The picture is done entirely in color. The scenes are like a series of exquisite paintings.

The story is a vivid and vigorous one, robustly interpreted by a large cast of talented players.

Donald Crisp heads the cast in the title role, that of Leif Ericson, the daring and bold Norseman who discovered the American continent a thousand years before Christopher Columbus, and the story deals with that discovery. It teems with romance, thrills and adventure.

Pauline Starke and LeRoy Mason have the two romantic leads.

CAPTAIN FLAGG now strides a quarter-deck. But the character remains unchanged even though the puttees have given way to sea boots. Which is to say that Vic McLaglen's back again in a holsters, rowdy comedy, making a bigger hit than ever, if that's possible.

The picture, an all-talker, is "Hot for Paris." The show opens at the Antlers today for a three-day run. It's all in name implies and then some. Fifi Dorsay is the hot mama of the picture and she possesses not only a comely figure, a pretty wit but a devastating Gallic charm which proves to be irresistible. Then there's El Brendel, the Olsen of "The Cock Eyed World"—could more be asked for?

The story revolves about the exhilarating adventures of McLaglen and Brendel on shore leave. The former, having won the Calcutta sweepstakes spends most of his time eluding those whom he mistakes to be cops.

BORN—To Mr. and Mrs. Henry F. English, of Myrtle Creek, on Tuesday, February 25, a daughter.

Mr. Rice is Business Visitor—Roy Rice, of Dillard, was in Roseburg yesterday afternoon transacting business.

THE 1930 NASH "400"

NASH is the car with the OIL CUSHIONED CHASSIS SUPERIOR PERFORMANCE!

EVERY Nash "400" model, including those of lowest price, is now equipped with a modern system of centralized chassis lubrication. A Nash "400" chassis bearings ride on a cushion of oil. Not just once in a while, or for a day or so after you happen to put your car in a service station for greasing. But every day, and without the bother of service station atten-

tion, the "400" chassis gives you the riding smoothness and the longer chassis life that only perfect chassis lubrication can give. And every Twin-Ignition Eight and Six model is now built with lifetime lubricated springs—lubrication sealed inside flexible steel spring covers—permanent protection against rust, squeaks, wear and ineffectual spring action. The combination of centralized lubrication and lifetime lubricated springs creates an oil-cushioned chassis—another reason for the superior performance that distinguishes the 1930 Nash "400!"
