U. S. OFFICER NABS BRITISH FREIGHTER

(Associated Press Leased Wire)

SEATTLE, March 19. — The steamship Capilano, one of the largest British freighters on the Pacific ocean, was boarded and seized by Deputy United States Marshal A. B. McDonald in the strait of Juant de Fuca today, on an order growing out of the loss of the freighter Chief Maquilla, which foundered off the Aleutian islands December1, 1928.

The vessel was halted by a coast guard cutter after being forced across the international boundary into American waters by adverse currents as she steamed down the strait from Vancouver, B. C., laden with Canadian wheat.

The Chief Maquilla was owned by the Canadian-American Shipping company, which also owns the Chief Capilano. Dant and Russell, Inc., Portland, Oregon, shippers, have been attempting to collect $20,000 for loss of cargo on the Maquilla. The libel order of seizure resulted.

Possibilities of international complications between Canada and the United States loomed over the seizure, United States Marshal E. B. Benn, who directed the action, said.

The Capilano was being held in Port Townsend today. The owners probably will attempt to have her released on bond to continue her voyage while they fight the action in court, the marshal said.

Standing out as the better cigarette

THE SINGLE IDEA of superlative quality was the inspiration for Camel Cigarettes.

From the time when the first Camel Cigarette was made that one idea has set Camel apart.

A policy of better tobaccos, combined in an incomparable blend, manufactured with the most exacting care—all to assure the utmost pleasure in smoking.

That is the ideal and the practice back of every package of Camel Cigarettes.

It has made Camel the most popular cigarette ever known. More millions have chosen Camels for smoking pleasure than ever accorded their patronage to any other cigarette.
