Recital on Monday Night Greatly Enjoyed by Music Lovers of City

The recital in which Miss Gladys H. Strong presented Elizabeth Williams, pianist, last Monday evening at the South Methodist church, proved to be one of the most delightful musical events of the season. Miss Williams was assisted by Mrs. Williams, soprano, who is a pupil of Mr. Charles A. Brand, the Brand program was one of unusual interest and worthy of more experienced musicians. The numbers chosen both by Miss Williams and Mrs. Williams were varied in style and requiring well-rounded musicianship.

Miss Williams showed real pianistic talent. Her playing is clear with good tone quality and also shows a feeling for rhythm and form not always found in young musicians. Her interpretations are artistic and rather brilliant in style.

Miss Myers, who gave two groups of songs, was in fine voice. "Villanelle," by Dell Aquia, was brilliantly and gracefully done and "Do Not Go My Love," by Hagoman showed much feeling. Mrs. Myers' tones were sweet and clear and she showed the skill in handling her voice that only comes with years of study. The program was as follows:

Beethoven — Ecosse
Hopedick — Sarabande
Hopedick — Minuet
Sharpe — Pavane
By Elizabeth Williams
Edwards — Come, Love, the Long Day Closes
Hagoman — Do Not Go, My Love
Ward Stephens — The Nightingale
By Mrs. Willis Myers
MacDowell — To a Wild Rose, To a Water-lily, By a Meadow Brook, Grigie — The Lonely Traveler, Erothe, To Spring
By Elizabeth Williams
Edwards — Morning Serenade

W. C. T. U. Has Splendid Meeting in Club Rooms Wednesday Afternoon

The W. C. T. U. met in the Woman's club rooms on Wednesday afternoon of this week, with Mrs. E. Wills, president, in charge. After the devotion, Mrs. H. R. Ferguson read a letter from the National W. C. T. U., which presented a complete denial of the charge of the "wets," that school children have degenerated under prohibition. The statement is made by J. W. Crabtree, secretary of the National Education association, which outlines a condition which justifies the 18th amendment. It shows that the high schools are much better than in 1920, with respect to drinking and to general behavior. This in view of the fact that high school enrollment has grown since 1920 from two million to more than five million students. Many of the three million additional students have come from poorer homes, where in former times drinking was a heavy burden on the family income. Unquestionably, the 18th amendment has benefited the schools beyond measure.

It was decided to have a food sale in the near future to replenish the treasury. Each member present promised to try and win a new member for the union.
