ANTLERS—Today and Saturday Evelyn Brent in "Darkened Rooms," all-talking.

LIBERTY—Today, Saturday, Richard Barthelmess in his great all-talking picture, "Young Nerves," with Marion Nixon.

EVELYN BRENT, one of the best-known actresses on the talking screen, has been elevated to stardom by Paramount, and her first picture under her new glorification, "Darkened Rooms," will be seen and heard at the Antlers today and Saturday.

"Darkened Rooms" is based on the Cosmopolitan Magazine serial of the same name by Sir Philip Gibbs. It deals with the evils resulting from fake spiritualistic practices.

Miss Brent appears in the dramatic role of the medium for Neil Hamilton, practitioner in the occult. She sees the hypocrisy of his "game" and tries to persuade him to give up this false life. Hamilton is resolved to continue his "racket," with its choice revenues gained by fleecing wealthy clients. Miss Brent, however, by some neat trickery of her own, manages to bring him to his senses.

The picture is filled with gripping mystery and there are many tense and exciting moments.

Guess what ingredient is missing from this

Apple Sauce Recipe

Parse, core and quarter several juicy, sour apples. Put them in a saucepan and cook with just enough water to keep them from burning. Add a dash of cinnamon and a little lemon juice. Cool and serve.

You only need one guess. Sugar is missing. And if you add sugar "to taste" just before you take your apple sauce from the stove, you will have the utmost in flavorful goodness.

Very often you wonder how to improve foods which are lacking in flavor or appetite-appeal. In most cases a dash of sugar is all that is necessary. This is especially true in the preparation of vegetables. Just try a dash of sugar to a pinch of salt in cooking spinach, carrots, string beans, tomatoes and peas.

You'll be surprised at the way sugar improves the distinctive flavor of each vegetable.

When you consider that vegetables, cereals and fruit are essential in the diet for the vitamins, mineral salts and roughage they contain, you will realize the importance of making these foods appeal to the appetites of young and old. Most foods are more delicious and nourishing with sugar. The Sugar Institute.

NOBODY NEEDS TO HAVE GRAY HAIR AND LOOK OLD ANYMORE

This Man Aged Sixty-five, Once Old Looking and Gray, Looks Like Only Forty Now

GRAY HAIR DISAPPEARED AFTER USING REMARKABLE NEW TONIC

Has Made His Hair Look Well Groomed, Thick and Youthful

every day never noticed the change although people who hadn't seen me for sometime remarked right away how much younger and better I was looking. I'll admit it made me look more like forty than sixty-five, and so I've got no kick coming. Nearly every gray hair in my head changed back and so I've continued to use it now and then. Nobody can tell you are using anything—not even the barber, so to everybody I recommend Lea's Hair Tonic," continued Mr. Gabler. Lea's Hair Tonic is a clear, colorless, liquid one massaging into the scalp and seems to stimulate nature back on the job of giving you a healthy, vigorous growth of even colored youthful appearing hair in place of streaked or gray patches. It is amazing how one's appearance is improved. It takes years from your age and so harmless and simple to use no one should hesitate. It is sold on positive guarantee by druggists near-by everywhere now, or send \$1 in cash, check or stamps for bottle and directions, return mail; backed up by printed guarantee of money back without question if it fails. You are sole judge. Sent C. O. D. parcels post, 12c extra. Lea Tonic Co., Brentwood, Md.
