TELEPHONE LINE GLENDALE TO WOLF CREEK COMPLETED

(News-Review Douglas County Special) GLENDALE, May 3.—The new telephone line between Glendale and Wolf Creek were placed in operation yesterday when I. H. Smith, manager of the Glendale Telephone company, made the final connection near Wolf creek. The old line was difficult to patrol and maintain, especially during winter months. Considerable difficulty was also experienced at times with induction from the near-by high voltage power lines. A new line was built by the Glendale Telephone company following the Whitcomb road to the summit at Stage Gulch pass where connections were made with the new line of the Wolf Creek Telephone company which used the Pacific Telephone and Telegraph company's pole line along the Pacific highway from Wolf Creek to Stage Gulch pass.

The Wolf Creek Telephone company has 18 subscribers and is about to add several new subscribers. They are given long distance telephone service through the switchboards of the Glendale Telephone company. The present telephone line up Coyote creek from Wolf Creek is also being rebuilt.

Before you dare presume, sir, learn what wonders, upon frayed vocal cords, are worked by honey-smooth, queen-leaf tobacco. Relieve my tortured ears and your tortured throat with OLD GOLDS. Mellow your speaking voice, calm that cackling cough and soothe that squawk. OLD GOLD yourself, Sir Sidney. There's not a bark in a billion."
