POULTRY MEETING WILL BE HELD AT GLENDALE FRIDAY

(News-Review Douglas County Special)

GLENDALE, May 13.—Poultrymen will probably hear much to interest them at the meeting to be held in the city hall at Glendale next Friday evening, May 16, when H. E. Cosby, poultry expert with the Oregon State college extension service, and J. C. Leedy, county agent, will talk on the possibilities for profit in poultry in this valley. This meeting is another of a series sponsored by the Glendale chamber of commerce to encourage and promote local industries.

A record of 341 eggs is held by a Rhode Island Red hen. There are many hens in the United States with egg production records of 300 eggs per year or better. Poultry experts say that it is not necessary to have record breaking hens in order to make a profit in this business. With good stock and careful selection any poultryman can increase the efficiency of his flocks to a point where a flock average of 150 eggs per hen may be had. The poultry man whose flocks are averaging 150 eggs per hen or better has his business on a profitable basis according to poultry experts.

Anyone interested in poultry is urged to attend the meeting Friday evening. Both Mr. Cosby and Mr. Leedy will be glad to try and answer all questions that anyone attending the meeting may wish to ask regarding their poultry problems.

FEDERATED WOMEN HOLD BURLESQUE ON LEGISLATURE

SALEM, Ore., May 13.—Mock legislative sessions to be held by the state federation of women's clubs, now in convention here, are not to be wholly given over to comedy. Such momentous questions as free text-books, mothers' pensions, the bill board question and taxation are to be brought before the session and debated. Some admittedly frivolous subjects will be introduced for relaxation.

Governor Norblad and Mayor T. A. Livesley addressed the delegates last night, extending welcome on behalf of the state and the city. Mrs. G. J. Frankel of Portland, president of the state federation, responded.

Mrs. Charles N. Bilyeu of Dallas is an active candidate for the state presidency. She has the support of her district. Mrs. Walter M. Pierce of La Grande has been indorsed by her district, but there is some doubt as to her eligibility because of the short period of her membership. Another candidate is Mrs. G. L. Buland of Portland. Considerable opposition to the presidency again going to Portland this year has developed.

TODAY'S MARKETS

(Associated Press Leased Wire)

PORTLAND, May 12.—The Sperry Flour company has announced reductions in prices of flours and feedstuffs.

Egg and butter prices continue without change. Quotations on both products were barely steady. Supplies have increased considerably since the week-end.

Reviewing the fruit and vegetable situation, the Portland bureau of the U. S. department of agriculture says:

"California strawberries were scarce due to cool weather at shipping districts. Some California districts have stopped shipping. Oregon and Kennewick, Wash., strawberries met with a good demand, and moved readily to retailers at $5.00@5.50 per 24 pint crate. Receipts of northwestern berries will be liberal in a few days, weather permitting.

"Apples have met with active distribution during the last few days, and local storage stocks are rapidly decreasing. Prices remain steady. Present rate of movement of about 40 cars daily from Washington promise to reduce storage holdings in that state to a very light volume by the end of May.

"Oranges and lemons are unsettled with a generally advancing tendency. Hot weather in the east is resulting in active demand from that district; and California's summer citrus crop is short.

"First California tomatoes were received Monday. These are mature green stock, of good size and quality.

"Radishes are plentiful; but good stock is scarce at 30c per dozen bunches. Many radishes show worm damage and generally poor quality."

FOR OREGON AND ITS PEOPLE

In the gubernatorial campaign now drawing to a close, Senator George W. Joseph is battling,—as he has always battled,—for the welfare of the State and its people.

HIS FIRST APPEARANCE in the political arena years ago was as the champion of the Australian ballot system so that the people might cast their ballot in secret without coercion.

HE NEXT CHAMPIONED the direct primary law so that the people themselves might nominate candidates to office without dictation from corporate interests or political bosses.

HE NEXT ESPOUSED the *Initiative* so the people might enact their own laws; the *Referendum* so that they might nullify vicious legislation, and the *Recall* so that they might retire unfaithful officials from office.

IN THE 1911 SENATE he introduced a resolution recommending the adoption of the Equal Suffrage Amendment so that the women might enjoy the sacred right of the franchise on an equality with the men.

IN THIS SAME SESSION he introduced a bill creating a State Highway Board which was the forerunner of legislation resulting in our magnificent highway system and was instrumental in later sessions in releasing highway construction from the grip of the blacktop paving monopoly.

IN THE PRESENT CAMPAIGN Senator Joseph is making public development of our water power resources without cost to the taxpayers his major issue, to the end that Oregon may be liberated from the stifling and blighting control of the power monopoly and forge ahead industrially and agriculturally.

IN THE PRESENT CAMPAIGN Senator Joseph is also espousing the sacred constitutional right of free speech and justice to every citizen, the abolition of the Public Service Commission and a return to the home rule principle for the control and regulation of public utilities. All these principles are of vital importance to the State and its people.

GEORGE W. JOSEPH
The Leading Republican Candidate for Governor

Read What the State Press Says:

Just a few newspaper comments illustrative of the esteem in which Joseph the man is held even by those who differ from him politically:

"Not many men who have served in a public capacity in Oregon have so good a record for clean politics, clean government and clean citizenship."—*The Oregon Journal.*

"An eloquent and forceful orator and able floor leader, he repeatedly championed sound legislation that had been doomed to defeat, with the result that it emerged triumphant."—*The Portland Telegram.*

"Joseph has a long record of anti-power trust activity behind him."—*Portland News.*

"We hold an admiration for Mr. Joseph's splendid ability that we do not attempt to conceal. He has one of the keenest minds that we have ever observed.—*Klamath Falls Herald.*

"George W. Joseph is now far in the lead, sure, unless something extraordinary occurs, of the Republican nomination."—*Klamath Basin Progress.*

"More people are attending the Joseph meetings than there are attending those of any other two candidates combined."—*Umpqua Courier.*

"The times are peculiarly suited to Senator Joseph's candidacy."—*Portland Spectator.*

"He has personality, initiative and fearlessness."—*Salem Hollywood Press.*

"Joseph, it is recalled, has been prominently and favorably identified in the public mind with the battles against the Telephone Company and Electric Light and Street Car Corporation."—*Salem Capitol Journal.*

"In the Senate and in this campaign he has proved that he is the common man's friend."—*Woodburn Independent.*

Oregon needs Senator Joseph's wide experience in the business world, his rare executive ability and leadership in the executive chair to bring about the adoption of this comprehensive and constructive program.

It is time for a change of administration at the State capitol—time to relegate politics to oblivion and usher in a progressive business administration so that Oregon may expand and its people enjoy an era of prosperity.
